KEX—9, ABC chain.

KHJ—8, program; 9, San Dodgers; 10 to 12, dance music.

KOA—8:05, Kon Koons; 9, saxophone, banjo, piano school.

A girl named Brass is suing a real estate man for $75,000 for heart balm because the man kissed her. Quite an unusual name.

Then there was the delegate who came home and told his wife he looked like that because he slipped on a wet plank.

SAN FRANCISCO WINS PENNANT

Sure of Second and Seattle of Last

Pacific Coast League Standings

	W.	L.	Pct.
San Francisco	56	33	.629
Hollywood	52	37	.584
Sacramento	48	41	.539
Los Angeles	47	42	.528
Mission	47	42	.529
Oakland	39	50	.438
Portland	35	54	.393
Seattle	32	57	.360

By the Associated Press

The Oaks landed on Portland for an 8-2 victory in a tilt featured by heavy stick work on the part of Lynn Lary, flashy Acorn shortstop. In five times at bat, Lary got four hits, one a double that scored two runs. Batteries: Craghead and Read; Ortman, Baecht and Rego.

Nicking Bryan for 17 hits, Sacramento easily trimmed Seattle by a score of 9-6. Osborn, Ruber and McLaughlin hit three each for the solons, one of the formers going for the stick. Keating had little trouble with the Indians. Batteries: Keating and Severeid; Bryan and Boreani.

San Francisco's powerful Seal aggregation coasted into the championship in the first half of the Pacific coast league of an easy 5-1 victory over Los Angeles.

With Dutch Ruether in winning form, the Seal sluggers pounded a pair of Angel pitchers for ten hits, including homers by Crossetti and Jolly. Reuther southpawed the Angels to six scattered hits. Batteries: Reuther and Sprinz; Peters, Gardner and Sandberg.

While the Seals were waltzing in with the title, Hollywood clinched second place by defeating the Missions, 4-2. The Bells outhit the winners 9-8 but were unable to get to Shellenback in the pinches. Batteries: Shellenback and Bassler; Pillette, Davenport and Whitner.

Utilities Heavy Payer of Taxes

SALEM, Ore., June 30 (AP)—Fifteen of all the property taxes in Oregon are paid by public utilities, says a statement by Earl Fisher, state tax commissioner. In the last two years there has been an income of $2,000,000 in property taxes of utilities. State records show that at the end of 1927 the property valuation of utilities in this state was over $300,000,000, an amount nearly equal to the local assessed property valuations in Multnomah county. Fisher said that about 10 cents of every dollar paid for light bills go for property taxes. Fisher declared that he is against a fixed tax on the gross earnings of utilities, which is proposed by several Oregon legislators.

Big Bill Tilden Defeats Landry

WIMBLEDON, Eng., June 30, (AP)—Big Bill Tilden rallied desperately today to defeat Pierre Landry, young French star in a five-set duel in the Wimbledon championships. The scores were: 6-4, 2-6, 2-6, 6-1, 6-4.

Helen Wills, American holder of the Wimbledon women's championship, reached the semi-finals today by vanquishing Mrs. M. Holcroft Watson, veteran British tournament star in straight sets 6-3, 6-2.

RECOUNT WINS

BUTTE, Mont., June 30 (AP)—Recount, a rank outsider racing to victory in the hurdle race for greyhounds here last night, paid a price of $425.20 to each holder of a $2 ownership ticket on him. Officials said it was a record for the international racing greyhound association.

George Says--

It is time that you tore up that old board walk and replaced it with concrete. No better time to do this than now.

How about that driveway?

WHEN WYKOFF DEFEATED PADDOCK

Frank Wykoff, Glendale high school boy, pulled one of the big surprises of years and practically cinched a place on the American Olympic team when he defeated Charley Paddock, the "Fastest Human," in the 150 and 200-meter races at the southwest Olympic trials in Los Angeles. Wykoff beat Paddock by a yard in the 200-meter race in 10 3-5 seconds and his winning time of 20 4-5 in the 200-meter race equalled Paddock's world's record. In the picture above Paddock is shown congratulating the youngster.

Plant Quarantine Board To Convene

SALEM, Ore., June 30 (AP)—For the first time since its organization 10 years ago the western plant quarantine board will hold its annual session this year in Oregon, says an announcement by Charles A. Park, president of the state board of horticulture. The three-day session will be held in Salem July 12, 13 and 14.

Delegates from 11 western states and from Mexico, Hawaii and British Columbia will attend. Among the subjects discussed will be the protection of agriculture by Garcia Robledo of Mexico City and control of the European ear wig, by Professor M. H. McKay, of Oregon State college.

KILBANE IS REFEREE

CLEVELAND—Johnny Kilbane, featherweight champion of the world until Eugene Criqui of France knocked him out in 1921, is refereeing bouts here in the old rings in which he fought title battles.

Heard a preacher declare that he was in favor of revivals even if there were no converts. He said it was worth all the effort just to warm up the members.

PROVES A FIND

Here's Marty Callaghan, rookie outfielder with the Cincinnati Reds, who is considered one of the real finds of the year. He was hitting above the .400 mark early in June and that lusty swatting is enough to keep anybody on anybody's team.

Sonnenberg In Hospital After Wrestling Match

BOSTON, Mass., June 30 (AP)—Gus Sonnenberg, former Dartmouth football star and victor in 40 consecutive heavyweight wrestling matches, was unconscious in a hospital today with concussion of the brain as the aftermath of a sensational bout last night with Ed (Strangler) Lewis, in which the Strangler came within a fraction of forfeiting his title.

Sonnenberg won the first fall. Then the former collegian attempted to negotiate a second flying tackle hold on the champion. Lewis sidestepped and Sonnenberg literally flew through the ropes to land on his head beyond the row of newspapermen.

When in 15 minutes he was unable to continue Lewis was awarded the match.

Spectacular Climax

Nearly 10,000 persons saw the spectacular climax to the match. Lewis, a towering figure beside the comparatively title contender, repeatedly showed signs of faltering and his one time deadly body scissors proved ineffective against the younger man's headlocks.

Lewis resorted to his famous strangle holds without avail. Before the first fall Sonnenberg dived in but Lewis stood it. He lifted the champion from his feet with the flying tackle and stammered the Stangler's big hull to take the first fall in 37 minutes and 30 seconds. The champion was out for five minutes. The start of the second session saw Sonnenberg fresh and eager but the champion was weak. Twice Sonnenberg dived in and Lewis dodged but on the third attempt the Dartmouth boy hurled himself through the ropes and out onto the floor.

IRISHMEN FOR SMITH

CORK, Irish Free State, June 30 (AP)—The Cork Examiner today said:

"Irish folk in whatever corner of the globe they are located will be stirred by the news that Governor Smith has been nominated by the democratic party as candidate for the white house.

"The American Declaration of Independence began by declaring all men free and equal and entitled to equal rights before the law without regard to race or creed, yet for a century and a half Americans have upheld an unwritten law in regard to the president's faith.

"Every Irishman, no matter what his faith is, will wish him success."

America is a country where they lock up juries and let the defendants out.

TWO INITIATIVE MEASURES FILED

Period About to Expire and More Petitions Expected in Salem

SALEM, Ore., June 30 (AP)—With the period about to expire with which initiative measures may qualify for the November ballot by the filing of complete petitions, only two of the many measures started have qualified.

The period expires next Thursday, July 5. Before 5 o'clock on that date it is known that some other completed petitions will be filed. Some are in a state of uncertainty, as far as information reaching the offices of Secretary of State Kozer is concerned. Some others are obviously failing to get the required 12,228 verified signatures, while several were outright by their sponsors abandoned soon after they were started. There is a possibility that 10 or 12 measures may get on the ballot.

The two measures for which completed petitions have been filed and which are assured space on the November ballot are Senator Joe Dunne's bills affecting the state highway fund through automobile licenses and the gasoline tax.

The most important subject on which the voters will be asked to pass will be the income tax, for it is understood that the measure sponsored by the state grange, the state federation of labor, the farmers' union, and the Order of Railway Conductors will be petitioned for the required number of electors. Stallard and Rylander each had an income tax bill, but it is believed their petitions will fail.

TEST SATISFACTORY TO TWO POLISH BIRDMEN

PARIS, June 30 (AP)—Satisfied with their test flights, the Polish airmen Idzidokowsky and Kubala flew from Villa Coublay to Le Bourget today. They will take off from the latter place for a transatlantic flight to the United States as soon as conditions are favorable.

YACHTS START RACE

AROARD U. S. S. IUKA OFF AMBROSE LIGHTSHIP, New York Harbor, June 30 (AP)—Four trim little yachts, the smallest ever to race across the Atlantic sailed today for Santander, Spain, 3955 miles away, and the golden cup of Queen Victoria.

Yip! Raw Meat Back!

There will be raucus "yipping" on the sidelines when the Portland Beavers play hereafter for Bill Rodgers, he of the hustle and "raw meat" cries, has signed to manage that club. Bill was an infield star for Portland years ago and his last job in the Coast league was managing Sacramento in 1921, and losing a pennant by half a game.

Weyerhaeuser Deal Is Not Confirmed

MARSHFIELD, Ore., June 30 (AP)—While unconfirmed reports have circulated here that Weyerhaeuser interests had acquired control of the Stout timber and mill interests at North Bend, near here, Howard T. Bourns, local manager for the Stout company, said today he had not been informed of any negotiations.

Bourns added, however, that it was possible the deal could have been made without his knowledge.

Well, sir, an argument always tickles me, especially when they are arguing about Claude C. Pratt and the kind of paint and shingles and knot holes he handles. Out in the hay field this week one man said to another, "Claude C. Pratt doesn't have good paint." Well, there happened to be a painter on one end of the fork and he knew better. He told the farmer, "Of course, you can go to Claude Pratt and get cheap paint, but on the other hand he has what I consider one of the best paints on the market."

Any little school child 6 years old that ever heard their father or mother read my ad knows just what kind of paint this hay pitcher painter was talking about—Monarch 100 per cent; pure paint, of course. It is not a patent paint—it is made after the painters' own idea—white lead, zinc oxide and linseed oil. You take a gallon of it out or even take it to your chemist and if you can find one single drop of adulteration in it of any kind, bring your proof here and we will make you a present of $50 in pure gold. We might just as well make it $100 because you can't find adulteration in 100 per cent pure Monarch paint, except in a few of the extremely dark colors.

Then the next argument started over shingles. Everybody knows that we sell carload after carload of these No. 2 cedar shingles at about $1.95 per M. They are worth all you pay for them, but you can get a much better shingle for a much better price. We have some of the poorest material on earth, including knot holes, cull lumber, buttermilk paint. Then on the other hand we have a large and good supply of some of the finest materials on earth such as Red Strand fencing, Monarch 100 per cent pure paint, Champion builders' hardware, Royal coal and pretty wallpaper. Good lumber as good as your money wants to buy. We try to satisfy everyone but that's one of the impossibles. Any more arguments that come up let us know. We would be glad to make mention of them in our ad. Abraham Lincoln one time came along the road and he saw a big scandal about himself on a bulletin board. A large crowd was gathered around reading it and Abraham Lincoln at once ordered the board raised to a higher elevation so everybody could read it. The only difference between Abraham Lincoln and myself, Abraham Lincoln had good sense and—you can draw your own conclusions.

ENTERPRISE PERSONALS

ENTERPRISE (Special) — Barney Leibrich, local merchant, is a busy man these days. He was appointed by the Fourth of July committee to take charge of building the queen's float for the parade on the morning of the fourth and chose to make a float that is to be covered with ten thousand crepe paper roses. For the past two weeks he has had the Women's club, the card clubs, the church organizations as well as members of the commercial club working day and night making paper roses for the decoration of the queen's float and they are not finished yet. Each rose must have 14 petals each of which must be cut, cupped and rolled before being tied on to a wire stem ready for use. Two miles of fine wire will be used in making the stems alone and there are 140,000 petals that must go through the process of being cut, cupped and rolled and tied to the stem. Mr. Leibrich is kept busy running from one place to another carrying petals, stems or thread to the various organizations and gathering up the finished flowers. It is a big job, but he states that thanks to the cooperation of the townspeople he is going to have the float ready for the queen before the parade starts.

County Clerk D. B. Reavis is absent this week with his family on a vacation trip to Canada.

Much rain has fallen in the county during the past few days and farmers feel that a good crop is assured. Shearing of sheep which was nearing completion was halted but two or three days of clear weather will see them all shorn.

How Many Are 50 Billion Checks? Why should you care

FIFTY BILLION CHECKS are beyond human imagination but that is an approximation of the number written in the United States last year. The fact should interest you because it indicates that about 95% of all business is done by check. **Checks are safer, more convenient, give a legal receipt, simplify records and save time.** That is why they are so widely used. That is why you should have a personal checking account in this helpful bank. Come in soon.

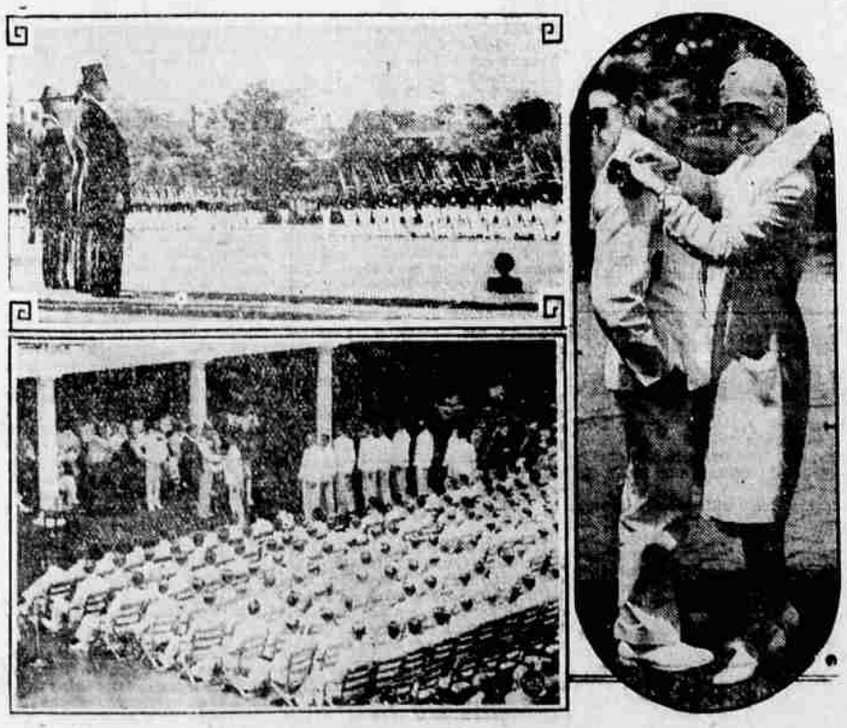
THE MAKING OF AMERICAN ENSIGNS



"Pass in review!" With Secretary of the Navy Wilbur and other high officials looking on, the midshipmen of the U. S. Naval Academy at Annapolis are pictured, upper left, as they paraded at the Commencement day exercises. Below is the graduating class, all in immaculate whites, receiving their diplomas from Mr. Wilbur. Then came the biggest thrill of all, scores of very private little ceremonies like this one caught by the camera. Miss Louise Clow, of Annapolis, pins on the brand new epaulettes that make H. F. Ransford of Iowa an ensign in the U. S. navy.
