Fireworks, Made At Home, Sends Two to Hospital

NEW YORK, July 2 (AP)—Because of a boy chemist's efforts to make his own Fourth of July explosives, the lad and a fireman were in a hospital today.

An explosion in the home laboratory of Philip Rosenblatt, 15, wrecked the apartment. Philip's skull was fractured and Robert Withers, inspector of the bureau of explosives for the fire department, was burned severely by the fire of the explosion when he was investigating.

Four other persons received minor injuries. A month ago Philip graduated from an evening trade school. He is a cripple. Barred from the play of fellows he became something of an expert in chemistry. "Wait until you see the fire works I'm making for the Fourth," he boasted to a friend.

A policeman heard an explosion yesterday and dashed up the stairs to the Rosenblatt flat. In the small front room the boy was prone from injuries. Philip's 16-year-old sister had been blown from her bed and was bruised. Windows were shattered. Five hours later an Inspector Withers was wrapping some torpedoes which had made one of them exploded and set off several others. Withers' hands were mangled. Louis Rosenblatt, Philip's 11-year-old brother, was severely burned by the second blast and a patrolman was struck in the eye by a piece of flying debris.

by the order of the publication of this summons.

And if you fail to appear and answer said complaint or otherwise plead, for want thereof, the above named plaintiff will apply to the court for the relief prayed for in her complaint, to-wit: a decree forever dissolving the bonds of matrimony now existing between plaintiff and defendant and forever divorcing plaintiff from defendant.

This summons is published by order of the Honorable J. W. Knowles, Circuit Judge of the State of Oregon, for Union County, made and entered in the above entitled court, on the 30th day of June, 1928, prescribing that this summons be served by publication thereof; that the same be published once a week for six consecutive weeks and in seven consecutive issues of the La Grande Evening Observer, a newspaper published daily in the City of La Grande, Union County, Oregon, and of general circulation in said county.

Date of first publication: July 2, 1928.
Date of last publication: August 13, 1928.

HUGH E. BRADY,
Attorney for Plaintiff.
Residing at La Grande, Ore.
July 2-9-16-23-30—Aug. 6-13.

STRAW THIMMED BAGS; ANKLE MONOGRAMS

PARIS (AP)—Bags with appliques of straw are a recent fad. The straw is of a fine weave and is durable. The idea originated to match straw motifs which appear as insets in felt hats. The natural colored straws are the smartest.
Ankle monograms on hose are a recent style eccentricity. If preferred the monogram may be at the calf or just below the knee. Vivid colored monograms are in the lead.

The Open Road

Suppose you came suddenly upon two roads. One straight, well-trodden . . . the other thin and twisting off into undergrowth. If you didn't want to arrive at any place in particular, you might choose the latter. But not otherwise.

Before you, as buyer, run two roads. One is the road of knowledge of an advertised product. Thousands use it. There's no mystery about it, no doubting, nothing hidden. It leads the way definitely to a fountain pen, a floor wax, a tooth-paste that will give satisfaction. When you use an advertisement, you use an open road.

When you don't use advertisements, you go the doubtful road. You have only hazy knowledge of the product ahead. No trade-mark or name to depend upon guides you. The result may or may not be worth the effort. You don't know.

Read the advertisements. Anything widely advertised — breakfast food, hammer, hair tonic — has proved itself by good advertising.

Advertisements put you on the open road to satisfaction
