ERICKSON BLANKS LA GRANDE CLUB

Baker Wins Fourth of July Game from the Pirates; Score 7-0

La Grande helped Baker celebrate the glorious Fourth of July yesterday — and returned home with the humble end of a 7 to 0 whitewash at the hands of Erickson and company.

The tall southpaw's [illegible] slants were almost unhittable, in fact it took the La Grande clubber to figure it out. He landed on one of Lefty's slow balls in the sixth inning for a pretty Texas leaguer back of second and that hit was the only safety the Pirates could gather in nine strenuous innings.

Harralson Gets Lone Hit

But not so for the opposition. They were in fine fettle with the willow and lambasted Harralson's offerings merrily during the first half of the game. After that, Harralson got stingy and allowed only one hit in the last four innings.

The Pirates acted a bit off in the first inning when three nicely placed hits, two scratchy singles and one error accounted for three runs. The game was on ice then but the [illegible] didn't know it, which accounts for additional scores in the second and fourth. A snappy double play broke into the Baker rally in the second and another one, by the same crew, messed up the Copper City lads' chance for more counters in the seventh.

It wasn't such a bad ball game, especially after the poor start in the first frame. Erickson only struck out nine men, the others getting the ball on the nose but usually smack into some infielder's glove. On the other hand, the Baker smashes were going where someone wasn't—and they developed into runs.

The contest yesterday was played in fast time, less than an hour and a half, and was preceded by a rock drilling contest—a feature of the Baker Independence day program.

Win Four, Lose Two

The game winds up the Baker-La Grande series for the year, with La Grande winning four out of six for a percentage of .667. The next game for the locals—at Walla Walla Sunday afternoon—officially ends the season with La Grande formally crowned Blue Mountain league champions for 1928. At the same time Pendleton will be at Baker, the winner to wind up in second place. [illegible] have won six and lost five games.

Wild pitch: Harralson. Time of game: 1 hour 24 minutes. Umpires: [illegible] and [illegible].

Protect your investment in your MODEL T FORD

THE Ford Motor Company is making a new car, but it is still proud of the Model T. It wants every owner of one of these cars to run it as long as possible at a minimum of expense.

Because of this policy and because of the investment that millions of motorists have in Model T cars, the Ford Motor Company is devoting a large part of its factories to making parts, in order that owners may enjoy uninterrupted service for many years to come.

More than eight million Model T Fords are still in active service, and many of them can be driven for two, three and five years and even longer at small cost.

New fenders, for instance, cost from $3.50 to $5 each, with a labor charge of $1 to $2.50. Tuning up the motor and replacing commutator case, brush and vibrator points costs only $1, with a small charge for material. Brake shoes can be installed and emergency brakes equalized for a labor charge of only $1.25. A labor charge of $4 to $5 will cover the overhauling of the front axle, rebushing springs and spring perches, and straightening, aligning and adjusting wheels.

The labor charge for overhauling the average rear axle runs from $5.75 to $7. Grinding valves and cleaning carbon can be done for $3 to $4.

A set of four new pistons costs only $7 and an installation charge of $6. For a labor charge of $20 to $25 you can have your motor and transmission completely overhauled. Parts are extra.

All of these prices are approximate, of course, because the cost of materials needed will depend on the condition of each car. They show, however, the low cost of putting the Model T Ford in shape for thousands of miles of additional service.

See the nearest Ford dealer, therefore, and have him estimate on the cost of reconditioning your Model T Ford. He will tell you, in advance, exactly how much the complete job will cost.
