McAdory yesterday stating that the doctor has improved sufficiently to be taken to the home of friends. He has been in the hospital. Dr. and Mrs. McAdory are at 950 East Gilliam.

Stopped Here—Miss L. Hazel Williams, of Seattle, left for her home yesterday after visiting here for a short time with her sister, Mrs. E. E. Beatty. Miss Williams has been in Boise teaching for the A. N. Palmer company at normal. She is the writing instructor in the Queen Anne High school of Seattle.

TRAVEL OVER HIGHWAY IS ON INCREASE

(Continued from Page 1)

The tourist sight-seeing heat is beginning to show up," Charles A. Malbois, secretary of the chamber, said today. "Every type and condition of cars come along, from the latest super-models and high power, to the battered and riddled veterans of many seasons and arduous road campaigns."

Many Stop Overnight—Many of the tourists who came through stop overnight in La Grande because of its excellent hotel facilities and many also make the side trip over the La Grande-Walla Walla Lake highway to Walla Walla lake.

Several tourists have commented on the excellent service given by the local chamber of commerce. Permits are available from 7:30 a. m. to 6:30 p. m. on week days and up to 1 to 2 p. m. on Sundays.

STONE AGE MAN REMAINS FOUND

Mummies of Four Discovered in Aleutian Islands

NEW YORK, July 6 (AP)—The discovery of what are believed to be mummified remains of stone-age man is described in a dispatch to today's New York Times, from Harold McCracken, head of an expedition of the American museum of natural history to the Aleutian islands of the Alaskan coast.

Four mummies, three adults and one infant, were found on the summit of an almost inaccessible island, along with their clothing, domestic articles, hunting weapons and other paraphernalia that went with the burial of the early barbarian.

The burial tomb bore evidence of Mongolian influence, but there was nothing to indicate contact with ancient or modern civilizations.

The vault was made of well shaped and mortised drift logs held together by bone nails and had been wedged in a rock crevice on an almost unscalable peak. The lining of the vault was of cured otter skins. The vault itself was divided into two parts, in one of which was the body of a man evidently of high rank and in the other the bodies of the other two adults and the child.

BIG FOUR OF CHINA VISITS LEADER'S TOMB

PEKING, July 6 (AP)—With the full mysticism of the orient, the four most powerful military leaders of the nationalist movement in China today stood before the tomb of the late Dr. Sun Yat Sen and presented an account of their stewardship in the nationalist cause to the founder of the Chinese nationalist movement.

Nationalist military "big 4" Chan Kai Shek, Chiang Kai Shek, Yen Hsi shan and Li Tshung Jen, united in devout homage before the remains of the late leader, reporting to the spirit of the father of the nationalist cause the successful completion of the military stage of the Chinese revolution as he envisioned, and pledged to him loyalty and cooperation to achieve the resolution of their country along the lines which he had pointed out.

100-METER WORLD RECORD EQUALED

from Rice Institute, pointed about the straightaway to win the second heat and also equalled the Olympic record of 19.3/5 seconds. Bracey was not extended and won in fine style, three yards in front of the erstwhile "flying cop," Bob MacAllister, of New York, with Audrey Coehell, another Texas product, a yard and a half behind MacAllister.

One upset marked the shotput trials when Herman Brix, University of Washington star, heaved the 16-pound ball a distance of 50 feet, three and one-quarter inches to beat the famous tilt from the Pacific coast, Krenz, Kueck and Inthart, as well as Herb Schwarze, the Wisconsin giant and fifth qualifier in the finals tomorrow.

Brix's mark, figured to a basis of 50.27 feet, broke the national A. A. U. championship by one hundredth of a foot, the nation titles being at stake in connection with the Olympic trials. Ralph Rose set the old championship record at 50.26 feet in 1925.

SAVE LUNDBERG FROM ICE PACK

(Continued from Page 1)

other men on the ice floe have been rescued.

BERLIN, July 6 (AP)—How the Swedish aviator Lieutenant Lundberg marooned with the Nobile survivors on an ice floe near Fozyn Island, was rescued was told briefly in a dispatch to the Lokal Anzeiger from Vierzig Bay.

With great daring two Swedish planes penetrated through the fog to the Nobile encampment and dropped provisions. The pilot of one plane, believed to be Lieutenant Shilberg, observing open water, decided to risk a landing. He succeeded in this and took Lundberg aboard and rejoined the other plane.

As the weather is improving, there is hope that the remainder of the group may be saved within a short time.

political funeral" would be celebrated before cold weather arrives.

ALBANY, N. Y., July 6 (AP)—Governor Alford O. Smith, after a day of rest in the capital made plans to leave this afternoon for Centerville, Md., to attend the funeral of the son of John Raskob, president of the General Motors company, who has been his friend for years.

BERLIN, July 6 (AP)—John H. Mears and Charles D. G. Collier, speeding around the world in an effort to establish a new record, hopped off from Berlin for Moscow at 1:35 p. m.

The Americans arrived one and a half hours later than they were scheduled, having started from Tokyo at 4:30 a. m. This was due to a forced landing on an open field at Landsberg on the Warthe river, eighty miles east of Berlin.

Eight Bills To Be Voted Upon; Income Tax One

SALEM, Ore., July 6 (AP)—After raking and scraping about several Western Oregon counties until midnight in an effort to get enough electoral signatures to place his governmental reform bills on the November ballot, Representative Hector MacPherson, of Albany, was forced to give up the fight. The people will not vote on this brace of bills in the next election, but MacPherson doubtless will again introduce them at the 1929 legislature.

MacPherson was sick at heart at the failure of his bills to qualify. He appeared at the office of Secretary of State Koser at 5 o'clock yesterday afternoon with several thousand names, but a check showed that the petitions were about 400 short of the required 12,228. Several petitions were yet to come in from Clackamas and other counties. But such a case in law were too meagre to meet the legal requirements.

The MacPherson bills were constitutional measures, one a proposed constitutional amendment, the other a simple initiative bill, providing for organization of the state government into ten bureaus with the governor at the head.

Eight Qualified

Eight measures qualified for the ballot. They were:

Senator Duffin's two bills affecting the state highway fund, one reduces motor vehicle licenses about half, and the other increases the gasoline tax from 3 to 5 cents per gallon.

The farmer-labor income tax bill, doubtless the most important measure to go on the ballot.

The farmer-labor proposed constitutional amendment to curb the legislature in its authority to amend or repeal acts passed by vote of the people.

Four bills sponsored by the sportsmen of the state prohibiting future application of water rights for power or reclamation purposes from the Deschutes, McKenna, Rogue and North Umpqua rivers.

Attorneys Hold Different Views

PORTLAND, Ore., July 6 (AP)—Power to adjust public utility rates lies in the state, and the city of Portland would be violating the state law if the proposed telephone franchise were put into effect. This was the declaration today of A. C. Spencer, speaking for the Pacific Telephone and Telegraph company at a city council hearing on the new franchise calling for a substantial reduction in rates.

City Attorney Grant replied simply that he believed the city proposal legal.

Rhea Luper Unhurt In Auto Accident

OREGON CITY, Ore., July 6 (AP)—C. G. Randall, of Washington, D. C., and J. J. Inskeep, Clackamas county agricultural agent, were seriously injured here last night when their automobile and one driven by Rhea Luper, state engineer, collided.

Inskeep suffered a scalp wound, injured shoulder, several broken ribs and severe abrasions. Randall received contusions of the pelvis and back. Both were thrown from their sedan. Luper escaped injury.

Airmail Pilot Is Held For Ransom

TANGIER, Morocco, July 6 (AP)—Pilot Reine, employed in the late Coors-Dakkar airmail service, is being held for ransom by a group of Moors into whose hands he fell when he made a forced landing several days ago on the northeast shore of the mouth of the Rio de Oro.

Negotiations are going on to obtain his freedom. It is not felt that his life is in danger as the Moors in the region prefer to hold prisoners for ransom rather than to kill them.

The French press here declares that the Spanish and French governments should reach an agreement in order to clean up this zone where kidnappings have been rather frequent.

Apportionment Reward Money in Spokane

SPOKANE, July 6 (AP)—Apportionment of the reward money offered for the arrest of the three DeAutremont brothers, who killed four men in a mail train robbery in Shishou mountains of Oregon October 31, 1923 was announced here today by Charles Riddiford, district chief of the U. S. post office inspectors.

Thomas Reynolds, soldier living at San Francisco is to get \$2000 the entire amount offered by the government for the arrest of Hugh DeAutremont and enough of the rest to total \$3300. Reynolds saw photographs of Hugh while serving in the Philippines and had him arrested at Manila Feb. 11, 1925.

GUY MOSS FUNERAL

The body of Guy Moss arrived in La Grande this morning on Train No. 24 accompanied by his widow, Mrs. Elva Moss, and his father, Willard A. Moss, of 3105 Cedar street. Mr. Moss died in the veterans hospital at Portland. Funeral services will take place Sunday afternoon at the Snodgrass and Zimmerman mortuary at 2 o'clock. The burial will be in the Island City cemetery.

Educator Shot Mysteriously In Estes Park, Colo.

ESTES PARK, Colo., July 6 (AP)—Dr. George N. Sleight, 59, of Lake Forest, Ill., head of the department of education at University of Illinois, and his son Virgil, 25, of Clinton, N. Y., assistant professor in the school of theology at Hamilton university, were shot and seriously wounded today as they slept in a tent in the Estes Park camp grounds. Their unidentified assailant escaped.

Virgil awakened him in the shot ran outside the tent unaware of his wounds until he felt blood trickling down his face he said. His father also was shot twice in the temple and is more seriously injured. The bullets were fired from a small caliber revolver.

No money or personal effects were taken from the tent and neither of the men was able to assign a motive for the shooting. They came here only three days ago.

Physicians attending a Y. M. C. A. conference only a few miles away were summoned and Sleight and his son were taken to a private hospital where doctors refused admittance to newspaper men.

Other campers aroused by the shooting, hastened from their tents and national park rangers began a hunt for the assailant. The shooting occurred shortly after day-break.

MAKE OWN CARS

SYDNEY (AP)—Australians have decided they can make their own automobiles. This smallest continent has been entirely dependent upon the foreign market for its cars, but a factory with a capacity of 50 a week will begin operations before 1929. The first cars will resemble the American medium-priced machines.
