Largest Crowd Of Summer At Friday Concert

Several Patriotic Selections Played by Municipal Band—Two Encores Result in Repeats:

With the largest crowd that has been in attendance this summer at an outdoor concert, the La Grande municipal band played an exceptionally interesting program last night at the high school park.

Largest Crowd of Season An estimate, based partly on actual count, was that nearly 600 persons attended the concert.

The ever popular "Stars and Stripes Forever" was the opening number of the program and was vigorously applauded. Few hands out of the army or navy can play this number with the swing that the La Grande band is capable of...

Grand scenes from the opera "Mariana" by Wallace was the second number—a beautifully rendered melodrama which met with instant approval.

Two selections by Polak-Daniels were played, first "Dance Turque" and second "Dance des Sultanes."

Warren Gilbert was authorized to prepare seating capacity at the ball grounds and Ralph Huron was delegated with authority to provide ticket takers and takers' form among the businessmen of the city.

HOME-COMING JUBILEE TO BE THRILLER

Spectacular Events Included in Entertainment for August

Fireworks will be one feature. Circus and Carnival Amusements Planned—Hats Ordered for La Grande People to Wear

Numerous heads of departments of the Home-coming jubilee met last evening at the chamber of commerce rooms to complete plans for the first annual function of this sort, to be held here Aug. 9, 10 and 11.

Entertainment was among the chief items discussed. Amusement will hinge around the afternoon and evening performances to be presented by the Barnes-Carruthers Circus company of Chicago, who will present among their 12 separate acts: Cliff Curran, the Cuban daredevil, who balances on a 99-foot bamboo pole; Rita & Dunn, the undisputed king and queen of aerial and high wire acts; the flying Beckmanns; Pink's comedy animal circus; wall scaling dogs and the three separate automobile games in which polo, push ball and soccer are played in what showmen say is the greatest thrill of the age.

Plan Fireworks Display These various events will be topped off each evening with fireworks pageantry, enlarged and improved over the acts used by the legion here last year. Each evening plans for a carnival down town, street dancing and other amusements.

One phase featured throughout the preparation is that there will be free theater street attractions down town every hour of the day.

The matter of street decorations was gone into and Harley Richardson will have this in charge.

Warren Gilbert was authorized to prepare seating capacity at the ball grounds and Ralph Huron was delegated with authority to provide ticket takers and takers' form among the businessmen of the city.

To Push Advertising Advertising received full share of attention at the meeting. Allowed to drift somewhat due to the Fourth of July celebration advertising in this region, the advertising of the show will now be pushed to the limit until the time of the show.

Meetings of different committees will be held several times a week for the next 30 days.

Hats for La Grande people to wear during the ante-show period were ordered last evening, and will be ready for distribution within a fortnight.

TOLEDO, OHIO MAN ADMITS TO CLUBBING

Charles J. Hoppe, 26, Confesses to Attacks on Women of City

TOLEDO, Ohio, July 7 (AP)—Charles J. Hoppe, 26, whose trial for the murder of seven-year-old Dorothy Sielagowski ended abruptly yesterday when he changed his plea to guilty, stands revealed as the "clubber" whose operations terrorized Toledo women for several years and caused policemen to walk their beats with shotguns.

When his murder trial was changed to a sanity hearing before three circuit judges by his change of plea, Hoppe's attorneys astounded the court by introducing a signed confession witnessed by a notary public in which the client cleared up a two-year mystery by admitting the killing of Lilly Dale Croy, a young school teacher, whose half clothed, mutilated body was found Oct. 29, 1925.

Admits Attacks The confession also admitted attacks on three other women. Court was at once adjourned until Monday when the sanity hearing will be resumed.

Miss Croy's death climaxed a series of four fatal clubbings and a dozen other night attacks upon unescorted women. Eight women were killed within three months.

The city was terrified. Women stayed in their homes rather than venture to the streets at night. Policemen walked their beats heavily armed and citizens aided them. Rewards of \$12,000 were offered for capture of the clubber, who always was described by his victims as a small dark man, usually attired in a cap, who jumped from the shadows to strike from behind.

Alibi Opened Way No trace was ever obtained of him until Dr. L. A. Querner, defense attorney, struck by similarities of the attacks of Miss Croy and the Sielagowski child, began to question Hoppe in his cell following his confession May 30 of a previous killing. The child from her bed, attacked her and killed her and throwing her dead body upon a doorstep near her home 29 minutes after having abducted her.

Hoppe made denials at first but finally admitted having "hit a woman on the head" about four years ago.

Police today were seeking to connect Hoppe with the killing of Mrs. Emma Hatfield, Miss Wilma Headley, Mrs. Lydia Baumgardner, 24, and Mrs. Mary Alden, within a period of three months in 1925.

Herman Mosier, proprietor of the Jefferson Street restaurant, was arrested by state officers at about 11 o'clock this morning when about a gallon of moonshine, found in two pitchers, was confiscated. Report of the arrest was received at the sheriff's office after Mosier had been lodged in the county jail. He will be charged with possession of intoxicating liquor. Deputy Sheriff Hugo Klinghammer said this afternoon.

WHEN DEATH RODE ON ENGLISH SANDS

One of the most remarkable automobile racing photos ever taken is this tragic scene. It happened during a 100 mile race on the Southport Beach, England. The car, driven by Miss May Cunliffe, is shown at the moment of overturning while traveling at high speed. Miss Cunliffe's father, who was riding with her, was thrown to his death. She, still in the machine in this picture, escaped with injuries.

Negro Pullman Porter Lodged In County Jail

SPOKANE, Wash., July 7 (AP)—Ellis Williams, negro Pullman porter, was lodged safely in the Adams county jail at Pocatello, Wash., today with an investigation of charges that he attempted to attack a woman passenger on a Northern Pacific train scheduled to begin soon.

Reports that a mob of 500 men was attempting to storm the Adams county jail reached Spokane early this morning, but these were denied by Sheriff Shafer in a statement to the Associated Press.

Shafer, with a posse, arrested Williams late last night at Hillcrest, 15 miles east of Pocatello, where he had been hiding in a box car after leaping from the train at Lind, Wash., shortly after the alleged assault.

Girl Scratched, Bruised The 19-year-old girl upon whom the alleged attempt was made was brought to a hospital here, where it was said that her only injuries were scratches and bruises. She stated to officers that the porter awakened her early yesterday before the train reached Lind, telling her that the train was nearing Spokane. She went to the wash room, she said, and the negro came in and threw a blanket over her head. She declared that she fought him off and called train officers. The man jumped off the train as it came to Lind.

Sheriff Shafer telephoned late last night that when Williams was arrested he made a complete confession of the assault and the officer added that the porter's face was scratched and his clothing bore signs of a struggle.

No official charges have yet been preferred against Williams.

Woman, Rescued Dies of Shock

PORTLAND, Ore., July 7 (AP)—Mrs. J. Zamello, 33, who last night was rescued from the Willamette river by three youths after she had leaped from the Hawthorne bridge here, died at her home today. Death was due to shock, the coroner's office said.

Mrs. Zamello was the wife of a prominent Portland contractor. When rescued from the river last night her first words were: "Tell me I didn't mean to—oh, tell me I didn't mean to."

She was hysterical, physicians said, and dependent and in a nervous condition caused by illness in her family.

WASHINGTON, July 7 (AP)—James W. Good, of Chicago, was named western campaign manager for Herbert Hoover today.

Appointment of Good who was one of Hoover's chief lieutenants in the pre-convention campaign, was announced by Chairman Work of the national committee.

LOUISVILLE, Ky., July 7 (AP)—Herbert Hoover, republican presidential nominee, was endorsed here today by Dr. Edgar Y. Mullins, president of the Southern Baptist Theological seminary and until a few days ago head of the Baptist World alliance. The educator attacked Governor Alfred E. Smith, the democratic standard bearer, in a statement in which he said, Illinois would prevent him from accepting an invitation to attend a proposed dry conference in Asheville, N. C., sponsored by Bishop James Cannon Jr., of the Methodist Episcopal Church, South.

SMITH CALLS ON REED FOR CAMPAIGN AID

NEW YORK, July 7 (AP)—Governor Smith has called on his chief opponent for the democratic nomination, Senator James A. Reed of Missouri for aid in the coming campaign.

He wrote Senator Reed an invitation to come to Albany as his guest. His letter was made public by Smith headquarters here.

"Now that the storm of battle has cleared away" the governor wrote, "I hope that I can prevail upon you to spend a night at Albany at the executive mansion and confer with me on the conduct and issues of the campaign in which we are engaged together. Please let me know what plans are for the near future so that we can perhaps get together soon."

The Missouri senator, who waged a strenuous campaign for the campaign was only to be swept aside by the Smith landslide at Houston, publicly offered his aid to Governor Smith immediately after the latter's nomination.

Rifles Bark In Kentucky Hills; 2 Officers Dead

HARLAN, Ky., July 7 (AP)—Rifles barked near here today and when the echo of the last shot had faded away in the heart of Kentucky's mountains, famous for the scenes of countless feuds, two men lay dead and a third was missing and believed killed.

The dead: Floyd Ball, 32, sheriff of Harlan county and father of six children. John Hensley, 45, a deputy sheriff.

Tom Holes, 48, a deputy sheriff. The sheriff received a telephone message late last night at home here reporting that a man was terrorizing passersby on the Mayo trail, 12 miles west of Harlan. Sheriff Ball had Hensley and Holes join him and left to investigate. At 5 o'clock this morning persons residing near the scene of the tragedy heard a fusillade of shots. Investigation revealed the bodies of Ball and Hensley, each had been shot three times in the back.

A large posse was organized here in the middle of the night. Several hundred men were expected to be scouring the mountains for the slayers before a dozen hours had elapsed.

Though the officers had been active against moonshiners, no motive for the killings was agreed upon by the first investigators.

ED HAMMON LEAPS NEARLY 26 FEET

Steve Anderson Clicks the High Hurdles to Tie World Mark—Borah, Paddock, Sharkey Win.

PHILADELPHIA, Pa., July 7 (AP)—California today won the national Olympic trials for eight oared crews by defeating Yale by a quarter of a boat length. California's time was 5 minutes 46 seconds.

By Alan K. Gould (Associated Press Sports Editor) HARVARD STADIUM, CAMBRIDGE, Mass., July 7 (AP)—The world's record for the running broad jump was shattered in the final Olympic tryouts this afternoon by Ed Hammon, Georgia Tech ace, when on his first trial he leaped the astonishing distance of 25 feet 11 3/4 inches.

The final in the 110-meter high hurdles was won by Steve Anderson, rainy University of Washington timber tapper in a spectacular race in which he equaled the world record of 14.45 seconds. Ross Nichols, of Stanford, who equaled this mark in yesterday's semi-finals, fell over the last hurdles, and was eliminated, being fifth in the race.

Lermont Wins Long Race The 5,000 meter final was won in sensational fashion by Leo Lermont, Boston A. C., who outtraced his club mate MacSmith and A. Jave Abbott, of University of Illinois, in a ding dong finish. Smith, who had beaten Lermont in the eastern trials three months ago, nosed out Abbott at the finish as the latter slowed, but he was 20 yards behind the flying Lermont. Abbott jumped out in front of the last lap and looked like a winner but Lermont passed him and won going away.

Lermont's older brother, George, found the pace too stiff and finished in the ruck as did Robert Hooper, of Southern Methodist university.

Hines First in Javelin The preliminary standing and produced the winner and new national champion in Creth Hines, Georgetown athlete from Texas, who hurled the spear 202 feet, 1 1/2 inches to set a new A. U. championship record.

In the battle for the fourth and last place, Leo Bartlett, of Albion, Mich., beat out the Eureka (Ore.) school boy, Jimmy DeMers. Bartlett heaved 158 feet, 10 1/2 inches and DeMers' best was 136 feet 6 1/2 inches.

Police Dump Moonshine And Beer Into Sewer

Aromas reminiscent of pre-VI-steed days permeated the atmosphere in a certain part of the business district about 11 o'clock this morning. Whiffs that emanated from beer and stronger odors from moonshine assailed one's nostrils.

But there was no raid. Not even an arrest. Even though the police chief was present.

What actually happened was that an accumulation of liquor, representing confiscations by the police department for more than two years, was dumped into the sewer through the manhole on Elm street midway between Adams and Jefferson avenues.

Moonshine trickled out of 104 pint bottles and 15 gallon containers. A total of 210 pints and eight quarts of beer sadly trickled into the sewer.

There was a crowd gathered about. Most only there out of lively curiosity but here and there one noticed a man whose face bore a slightly pained expression. But that comes under the heading of "just too bad."

Butler, Sinnott Visit La Grande

R. R. Butler, republican nominee for congress from the second district, was in La Grande yesterday campaigning and looking over political prospects, and at noon was the speaker at the weekly meeting of the La Grande club at the Saragossa.

BOUNDARY BOARD SESSION IS BUSY

Petitions from Various School Districts Are Acted Upon by Body

A notably busy session of the district boundary board—comprised of Judge U. G. Couch, Commissioners W. W. Stevens and W. R. Ledbetter and County Superintendent E. A. Sayer—yesterday afternoon was the outstanding feature of a two-day term of county court that adjourned last evening.

Petitions literally flooded in to clutter the judge's desk for the session and, in clearing the desk, the boundary board made varying decisions, including compromises, late refusals and complete grants.

Two petitions came from residents of the Imbler school district. One petition asked that five sec-

Ferrarin and Del Prete Tell Of Flight From Rome to Port Natal

ROME, July 7 (AP)—The most difficult part of the long distance record flight of the Italian Savoia, led by Captain Ferrarin and Major Del Prete was not the long hop across the South Atlantic, but was the long period while the aviators were flying in fog and rain along the coast of Brazil seeking a landing place.

In an official report in the Italian government the two fliers told how they flew back and forth along the coast and then, fearing the exhaustion of their gasoline, finally made an emergency landing at Tatuos beach after 59 hours in the air.

KINGS BAY, Spitzbergen, July 7 (AP)—Roald Amundsen was 19 days over due at Kings Bay today. All search for him and his five companions has been fruitless.
