

DODGE BROS. ADD SPORT ROADSTER

New Model to Meet Demand for Open Car in Victory Six Line

With summer driving days just ahead, the addition of a sport roadster in the Victory Six line has been announced by Dodge Brothers, Inc. to meet the demand for an open car combining Victory Six performance with smartness and attractive color combinations.

Six wire wheels, the two spares being carried in wells of the front fenders, are standard equipment with trunk rack in the rear. With the top down, the windshield can be pushed over forward to afford unobstructed vision.

Heavy nickel plating features the roadster equipment throughout, lending unusual beauty in its sweeping, graceful lines. Included in the nickel finish are steering column, gear shift and handbrake levers, bumpers, windshield frame and molding, head lamps and standard door handles, spare tire carriers and locks, hood hinge and latches and hub caps.

Upholstery is of best quality pigskin, blending in with color trimmings and lacquer body finish. Three passengers can be seated comfortably in the front seat. Mechanically, innovations of the sport roadster include the starting button on the instrument board instead of on the floor, and an engine temperature indicator under the glass instrument panel grouped with oil gauge, speedometer, ammeter and fuel gauge. A hooded nickel plated dash lamp is provided. Spark and throttle control levers are on top of the steering wheel while the light switches are

on the steering column within easy reach. All Victory Six features, including Lockheed internal expanding hydraulic brakes, sturdy body construction and powerful flexible engine with lightning acceleration are emphasized in production of the sport roadster priced at \$1245 f.o.b. Detroit.

FORCED TO REFRIGERATE

GLASGOW (AP) — Scots are looking over the refrigerating machinery market in preparation for the time when a new regulation prohibiting preservations in food will become effective. Refrigerating facilities now are scant. Completion of the program for wider distribution of electricity is expected to increase the market for electric refrigerators.

nesday from Wallowa Lake where they spent several days. Mr. Hunter attended the Cattle Grower's convention which he described upon his return as very successful. Mr. Hunter is a salesman at the Blue Mountain garage.

A dispatch says there have been few insect pests this year. But possibly the statistician has overlooked the people who like to hear their horns in the Sunday parade.

The radio is to be used largely in the presidential campaign. And with static what it is in summer, too.

A train was delayed in New Jersey the other day because a woman was chasing her husband down the tracks with a hatchet. He hum, probably she thought an ax was too heavy.

People who think the weather is warm should wait until the delegates who heard Hoffman speak return from the Democratic convention.

Amelia Earhart has received several dozen poems in commemoration of her transatlantic flight. She has our sympathy.

Questionnaires sent to the alumni of Oberlin will be used to adjust the salaries of the faculty members. What a grand opportunity for the fellow who flunked in Latin!

George Romuk, Cincinnati bootleg king and wife slayer, has been freed from the asylum as sane. Ohio is certainly well posted on the advanced legal methods of the day.

"New car, old top?" "No, old car, new top."

LINDBERGH, MAITLAND, ERNIE SMITH, KINGSFORD-SMITH and others are making transportation history in the air...

DURANT is making transportation history on land.

DURANT SALES

Continue to break all records. Shipments from Durant factories for the first SIX MONTHS of 1928 exceeded the total output of 1927 by more than 12 per cent. History-making SALES GAINS throughout the United States indicate the overwhelming approval of Durant Silver Anniversary Sixes and the famous Durant Star Four.

2,000,000 Cars and Going Strong!

JULY marks the production of the two-millionth automobile by Willys-Overland. This event happily coincides with the culmination of the greatest 6 months in the company's 20-year history.

Production during the half-year just completed greatly exceeded the entire output of 1927. This unit volume now makes Willys-Overland the industry's third largest producer.

The reasons are plain:—

In the 4-cylinder Whippet the public is getting a light car value absolutely without parallel. Stylish, roomy bodies; tremendous power; BIG 4-wheel brakes; silent timing chain; full force-feed lubrication, and many other features.

The new Whippet Six is the world's lowest priced 6-cylinder car... and its surpassing quality is

a matter of common knowledge. Demand has always exceeded production. Its powerful engine is equipped with 7-bearing crankshaft, Invar-strut pistons, silent timing chain. Force-feed lubrication.

The Willys-Knight Standard Six offers the exclusive advantages of the patented Willys-Knight double sleeve-valve engine at the lowest price in history. The Special Six and Great Six complete this masterly line of highest quality motor cars.

Whippet Four-cylinder Touring \$455; Roadster (2-pass.) \$425; Roadster (with rumble seat) \$525; Coupe \$535; Cabriolet Coupe (with collapsible top) \$595; Coach \$535. Whippet Six Touring \$615; Roadster \$685; Coach \$695; Coupe \$695. Special Six prices from \$1295 to \$1495; Great Six prices from \$1850 to \$2095. All prices f. o. b. Toledo, Ohio, and specifications subject to change without notice. Willys-Overland, Inc., Toledo, Ohio.
