The Market Place of Union and Wallowa Counties

AT THE THEATERS

Jack Holt At the Star In Western

The honey moon is definitely over if she no longer closes her eyes when he kisses her.

To avoid that run-down feeling approach crossings carefully.

One night a burglar broke into the room of a well-known old maid, took a ten dollar bill that was on the table, and kissed her. Now she leaves a twenty dollar bill there every night.

"As Kipling says my dear, 'Woman in a rag, a bone and a hank of hair.'"

"And man," she answered, as she smiled very sweetly, "is a jar, a drone and a tank of air."

Billy: We're intellectual opposites.

Hoister: Be explicit.

I'm intellectual and you're the opposite.

Marie: If you could have two wishes, what would they be?

Viola: Well, I'd wish for a husband.

Marie: That's one.

Viola: And then I'd save the other till I saw how he turned out.

The young druggist turned a morsel over in his mouth, tasting it skillfully. "Smatter of that come, dearie," he asked the lady who had recently consented to share his income. "Tastes kind of cooily, doesn't it?"

"Oh dear!" sobbed the bride. "I was afraid it wouldn't work, but butter and lard and everything are so high I tried shortening with vaseline. We get that at cost."

NEW TODAY

WANTED—Two good apple pruners. Eric Carlson, May Park. 7-11-21

FOR RENT—Sleeping room with garage. Reasonable. Close to 502 Main St. 7-11-11

Farm Pointers

Average crops of alfalfa hay, wintered in the swath, will cure almost as quickly in side-delivery rake windrows and when left to fully cure in the swath the hay is much superior if raked. A side-delivery rake is considered an essential machine in the production of high grade alfalfa.

One farmer, operating a roadside stand for the sale of honey, catches the eye of the motorist with seven bee hives attractively spaced on the lawn near his stand. The hives are painted white and on each is a large letter, which, read with the others, spells "Pure Honey." Other farm products might be advertised advantageously by modifications of this idea.

If slugs or snails are troublesome in the vegetable or flower gardens the first step for control should be the removal of all decayed boards, debris, bricks and old flowerpots which serve as hiding places. A holed potato sprig kept with white arsenic or Paris green is a good bait. In case of slugs, the masses of translucent, yellowish eggs usually deposited in dark and damp locations should be collected and destroyed.

Hogs need plenty of shade in warm weather. If hog houses are high and have plenty of ventilation they may be used. If not, hogs should be locked out. A hog will find shade if he can, but if the shade is not cool he does not seem to realize it, and will stay and die from overheating. If trees are not available, artificial shade should be provided by covering a cheap framework, about four feet high, with brush, hay or straw. It is cooler than if covered with boards or sheet iron.

Fanchon and Marco Idea At Arcade Today

The spring bathing-season will be officially opened in La Grande today when Fanchon and Marco's "Diving Venus Idea" opens its engagement at the Arcade theater.

A parade of Fanchon and Marco's most beautiful girls exhibiting the latest in beach and swimming fashions will be one of the features of the "idea." According to the producers all the girls will be Venuses, hence the name "Diving Venus" Idea.

Two giant glass tanks are necessary for the presentation of Fanchon and Marco's "Diving Venus" idea. In order to construct tanks large enough for the "idea" and which would safely hold the seven thousand gallons of water, it was found that the time in setting them up would take too long. Not to

A TWO-TONED BLUE jersey bathing suit has a white silk kerchief set in with a point, matching the white bands that divide the blues.
