**STARTLING.**  
 We want everyone in the valley to know exactly what the 100 per cent pure Monarch paint is like. The retail price on Monarch paint is listed at \$4.25 per gallon, and nearly everybody feels that it is almost a crime to cut the retail price of a high quality product like Monarch lead and oil zinc paint. We are giving you just one week, commencing next Saturday morning at 8 o'clock and continuing until next Saturday at 6 o'clock. Bring your cash with you and take any quantity of Monarch with you for just \$3.45 per gallon. It isn't a question of how we can do this. The old slogan is "Once a Monarch customer, always a Monarch customer." There is only one bad feature in giving you this kind of an opportunity. The Monarch will last so long that before you need paint again, my grandchildren will no doubt be selling it. But, anyway, I should begin to look out for my grandchildren because no doubt I will have plenty of them.  
 Now, I can hear someone asking the question: "What about your Weather Shield paint? Are you going to give us a chance to buy some of that at greatly reduced prices?" Yes I will. Just bring your change with you and take it away at the ridiculously low price of just \$1.75 a gallon. If these prices don't startle people, then I am a bigger fool than I thought I was. Then someone else, no doubt, will be asking "What about your green, shingle paint?" Well, come and take it away at \$3 a gallon as long as it lasts. I would like to have you clip this ad out and put it in your pocketbook, so you won't forget. Another thing, remember this is a big country, there are lots of people here who want paint, so if you wait several days, probably all the white paint will be gone and the light grays and the light ivory and cream. Then it will be just too bad, because we are not going to ship any more paint in and sell it for that price, so if I were you, I would make it a point to come the first day.

**Bridge Pointers**  
 By Milton C. Work

Today we give the third of a series of three playing situations which apply equally to Auction Bridge and Contract Bridge. The cards of the Dummy and Declarer are given below: contract No Trump, score love-all (nothing, nothing). South is the Declarer. The Six of Hearts is led, and the question asked is how Declarer should plan his play. After looking at the hands, but before you read the explanation that follows, make up your mind how you would answer that question.

**BIRD IDEA IS PRESENTED AT THE ARCADE**

Fanchon & Marco's "Bird Idea" was presented at the Arcade theater yesterday as the second offering to La Grande people and while the costumes were beautiful and the toe-dancing chorus entertaining, the presentation did not quite reach the level set by the opening show a week ago.

A feature of the "Bird Idea" was the excellent whistling of the "Sunkist Orioles." Armand "Chirre," presented as a Mexican prima donna, and Jose Mercado, Mexican baritone, appeared in a duet number and Miss "Chirre" also sang opening solos. It is announced that this couple will leave Fanchon & Marco at Salt Lake City to join the Los Angeles opera. Two numbers by the Arcade orchestra, led by Kenneth Gekeler, were enthusiastically applauded.

**Guards Win Prison Battle in Atlanta**

ATLANTA, Ga., July 19 (AP)—Atlanta federal penitentiary was besieged for a time from within by two desperate prisoners armed with smuggled weapons last night. With three other long-term convicts, they were in solitary confinement today while a guard was nursing a minor scalp wound, the only casualty of a 30 minute gun battle.

If the Smiths do reach the White House, won't the United States be a wonderful country for the ladies who are pleasingly plump!
