Form Reversal Hits Exchange; Close Is Firm

NEW YORK, July 20 (AP)—The stock market displayed a complete reversal of form today, selling off sharply at the opening and then rallying briskly. Early heaviness undoubtedly was due to speculative disappointment over the relative small decrease of $48,000,000 in brokers' loans, but the marking down of the call money renewal rate to 5 per cent, the lowest since May 7, revived bullish enthusiasm.

Wall street apparently was pleased at the sharp decrease in federal reserve rediscounts in the New York district. Importation of $1,000,000 in Canadian gold was more than offset by the withdrawal of $14,000,000 in earmarked gold for shipment to France. Fears of a stiffening of money rates later in the month still persist, and have a restrictive effect on trading.

The closing was firm. High-grade industrials were in demand in final dealings, American International, Allied Chemical and Union Carbide gained 3 to 5½ points. Warner Bros. Pictures extended its rise to more than 4 points, Wright Aero moved up 5 and Montgomery Ward 4. Total sales approximated 1,300,000 shares.

WOOL REPORT
BOSTON, July 20 (AP)—The Commercial Bulletin will say tomorrow:

"The wool market continues generally inactive, although in spots some business is being done, notably in half-blood combing and three-eighths clothing wools. Prices are fairly steady.

London closed yesterday with prices strong. Especially for all good wools, and on the average slightly above the May closing.

Prices in the west are slightly lower, the balance of the San Angelo 12-months wools having been sold at between $1.00 and $1.05, clean basis.

The goods market still marks time and is disposed to await the American Woolen company opening on Monday.

"Mohair is less active but firm."

The Commercial Bulletin will publish the following wool quotations tomorrow:
