WILL NOTIFY AL SMITH ON AUGUST 22
(Continued from Page 1)
Senator Robinson, Smith's running mate, will occur during the week of August 26.
Although the exact lineup of radio stations that will broadcast Governor Smith's speech has not been determined definitely, approximately 95, covering the entire country, will be in the chain.
In addition to clearing up the uncertainty as to the date for his acceptance speech, Governor Smith at his conference today with newspaper reporters made it plain that

he was not disturbed by claims of strength emanating from republican sources.
"Senator Mason says the republicans are facing the hardest fight since 1892," one reporter put in. "I didn't vote in '92," Smith continued.
"Money claims the republicans will carry New York by a large majority," the nominee was reminded.
"Don't managers always claim everything in sight?" Smith came back. "I was elected governor four times against claims to the contrary."
"Then you don't think much of the republican attitude of confidence in the east?"
"No, I've heard it so often that it's stale," Smith retorted.

son will have to determine if when Hiram Johnson, of California, can be used to the best advantage during the campaign; whether his argument will be of more value to the national ticket in the east or in the west.

JEANNE BELL WINS WOMEN'S TENNIS TITLE
(Continued from Page 1)
on par form—regardless of fatiguing heat—and they played to win. There was nothing half-hearted about the match.
Polished Action
The two players know each other's tricks—there was little starting on either side, instead it was a case of grunting hard driving, and pounding back and forth over the net. There was scarcely a point played that the ball did not sail back and forth in baseline, stinging drives—each seemingly a conquering ball. Spectators were the one thrill on a brilliant recovery, a dust-raising drive or a conceded serve. Mrs. Fox played an amazing consistent game—she has a faculty of returning with almost mechanical steadiness, time after time. A harder play to which she can resort for "aces" is probably the direct reason for Miss Bell's victory. She is playing a steeper protractor game this year than ever before.
