### PRICES ON TOP GRADE EGGS SOAR

Standard Extras Jump 2c in Sympathy with Bullish Eastern Markets

PORTLAND, Ore., Aug. 28 (AP)—In sympathy with the bullishness of New York and Chicago egg markets, local grades advanced sharply, standard extras jumping two cents to 27c per dozen, while standard firsts and medium extras advanced a cent each to 24c and 21c, respectively. Other grades were unchanged. Demand this morning was active for fresh receipts, which in the early hours were light.

Although the butter market was fully steady today and demand was active, its price changes were quiet. Storage holdings last night of 547,591 pounds showed a decrease of 12,288 pounds from the Saturday's report.

All classes of country dressed meats were in good demand at the opening today and prices were generally firm to a shade higher. Veal and lamb prices were particularly good, demand for an advance of about a cent over previous quotations. Pork was also moving readily, offerings being cleaned up as rapidly as received at 17 1/2c, a jump of 1/2c over yesterday's figures. Choice light lambs likewise moved out quickly. Demand for beef was good all around and prices on various grades showed a slight advance.

Country prices were generally firm to higher with demand for all classes of chickens active. Heavy hens were in light supply and from a cent to two cents above yesterday's quotations. Other weights of hens were also higher, rises averaging about a cent. All weights of broilers moved readily, mostly at an increase of a cent per pound over yesterday's prices.

In the vegetable and fruit divisions of the wholesale markets, things were little changed from yesterday. Trading was not especially active and prices were easy. Peaches were weak, reflecting heavier supply at 75c per box for Elbertas. Other varieties were steady.

Cantaloupes were higher, fresh receipts from the Yakima district being quoted at \$2.25 per crate. Cucumbers were in heavier supply, mostly from The Dalles, and prices were easier at 20c per box.

Onions continued in light supply at steady prices. Walla Walla yellow globes are about through coming and Oregon yellow dancers are not expected in any quantity for a week or two, although occasional small lots have already been received. Potatoes were steady but trading was light.
