## Alpha Chi Omegas Entertain At Kitchen Home

A particularly interesting affair took place last evening when several members of Alpha Chi Omega entertained at the home of the Misses Thelma and Edith Heile in the kitchen on D avenue for a group of La Grande girls who will enter college this year.

Mrs. Doyle Zimmerman, of Chicago, at O. S. C., and Miss Virginia Hunter and Miss Edith Shell, both of Wallawa, members of Alpha Kappa chapter at U. of O., were hostesses with the Misses Thelma and Edith Heile, who are also members of Alpha Kappa chapter.

Three tables of bridge were at play for the evening. Miss Anne Stange making high score. Conversation went to Miss Edith Bramwell. Following cards the guests were seated at a large table at which a two-course luncheon was served. Pink lighted tapers and boxes of pink cosmos and roses formed effective table decorations.

Members of the sorority sang some of the college and sorority songs while seated around the large table.

The girls entering colleges who were entertained last night were Miss Marjorie Tesonville, who is entering O. S. C., Miss Lola McWilliams, who is entering the University of Washington, and the Misses Dorothy Ann Warnick, Lois Nelson, Anne Stange and Ruth Bramwell, who are entering the University of Oregon.

## Mrs. Julia Ward To Meet W. B. A. On September 11

At a well-attended meeting last night of the Women's Benefit association in the K. P. hall, plans were made for the fall and winter social activities program and for

the coming of Mrs. Julia Ward, of Portland, state field director of the W. B. A. Sept. 11. Mrs. Ward, who is the first national leader to be appointed to attend the national congress of America convention from Oregon, will address the La Grande association members.

This week Mrs. Ward is attending a W. B. A. convention at Toronto, Canada. At the close of that convention she will attend a convention of all the state leaders of the organization in Port Haro, Mich., the home office of the order.

Early in September Mrs. Ward will attend a series of meetings in Eastern Oregon.

The M. I. L. club members were entertained yesterday afternoon with a delightful bridge party at the farm home of Mrs. Grover Grimmel. The rooms of the Grimmel residence were beautifully decorated with fall flowers. Three tables were in play during the afternoon, first prize for high score going to Mrs. Albert Wardell.

Announcement has been received in La Grande of the marriage of Miss Alice Criger, of Dallas, Ore., and Marion Headley of La Grande. A quiet wedding ceremony was performed in Walla Walla, Wash., where they are making their home. Mr. Headley is director in the Walla Walla Drug company there.

Mr. Headley is the son of Mr. and Mrs. G. V. Headley of La Grande. He attended high school in this city. He was graduated from Oregon State college June, 1927. Miss Criger attended both the Oregon State college and Month-mouth normal. She had taught for the past two years at Wallawa, Ore.

**LUNCHEON**—Creamed celery on toast, shredded lettuce with French dressing, apple float, milk, tea.

**DINNER**—Jellied lamb loaf, lattice potatoes, late peas in cream, tomato and cabbage salad, orange ice, plain cake, milk, coffee.

Apple float is ideal for children as well as grown-ups.

**Apple Float**  
 One and one-half cups boiling water, 1 cup sugar, 4 apples, 2 eggs, 1 1/2 cups milk, 1/2 tablespoon flour, 1-8 teaspoon salt, 1-2 teaspoon vanilla.

Make a syrup of water and 1-2 cup sugar and boil five minutes. Add apples pared and cored, cover and simmer, basting frequently until tender but not broken. Remove to a baking dish and reduce syrup until thick. Fill cavities of apples with syrup and let cool. Beat whites of eggs until stiff and dry, heating in five tablespoons sugar and a few drops of vanilla. Pile on top of apples and bake in a slow oven until meringue colors. It will take about 15 minutes. Chill and serve with custard sauce made by beating yolks of eggs with remaining sugar, flour and salt sifted together. Add milk scalded over hot water, stirring constantly. Cook over hot water until mixture thickens and coats the spoon. Cool and flavor with vanilla.

**March Or Contrast**

PARIS (AP)—Evening shoes which contrast with rather than match the evening dress are new development.

Shoes of sapphire blue, cerise, cherry red or emerald green were de chine are frequently worn with dresses of white or cream shades. Two shades of blue or pink and combinations of turquoise purple with dresses of white or cream shades. Two shades of blue or pink and combinations of turquoise purple with soft blues and Venetian pink with pale blue are chosen for dress and shoes, the shoes always being the darker color.

Chiffon handkerchiefs to match the shoes and occasionally a chiffon bandeau draped around the head are part of the new vogue or contrasts.

## Urges Union of Vets Relief Work

INDIANAPOLIS, Aug. 29 (AP)—Early consolidation of all relief for disabled veterans under one head was urged by Brigadier General Frank T. Hines, director of the veterans bureau, in an address before the 24th annual convocation of the Veterans of Foreign Wars here today.

Brigadier General Hines said such action would be the most constructive step which could be taken to further the cause of veterans at this time. Consolidation under one head would provide a greater degree of benefits to a larger number of veterans and would eliminate unnecessary duplication, he said.

The veterans bureau is at present maintaining 40 hospitals and 54 regional offices for the benefit of veterans of all wars, he said.

## Four Small Girls See Court House Blaze—Act Fast

"Ting-ling." The Observer phone rang out in a more imperative higher pitch than usual.

"Hello, is this the Observer?" queried a shrill high voice. The shrill high voice was assured that it was.

"Well, this is MacLizabeth Cooper," drawled the soprano speaker, "and there are three other girls here and we just wanted to tell you that we saw the court house fire first and turned in the alarm so the fire truck could get there as soon as it did," imparted Miss MacLizabeth. "We thought it ought to be in the paper," the little girl confided naively. "So we called you up."

And then Miss MacLizabeth carefully spelled out each of her young co-speechers names. "So you'll be sure to get them right," she added.

They were Lillian Allen, Lu Mae Andrews, and Gertrude Hendrickson.

Over at the fire department, where several calls to the fire were received all within a few minutes, officials remark disinterestedly that the call the four little girls put in was well just as soon as the fire broke out second after County Clerk McCormick's, but that's just a trifle. The four little girls proved that youngsters can think fast and act fast—and surpass more than one adult in level-headedness.

Continuing the series of hands in which a slight difference between the cards held makes a great difference in the method which Declarer should use in the development of his combined hands, we give today Nos. 2 and 19. In both South is the Declarer; the contract is No Trump; and West's lead is the Six of Hearts.

The Difference in Management of The Two Hands

The only material difference between the two hands is that in No. 2 (Closed Hand's) Heart holding is A-9 and in No. 19 it is A-10-2. This would not seem to be a very great difference but it is an enormous one when that holding has facing it Jack and one other in Dummy and a small card of the suit is led. In No. 9 the Jack of Hearts should be played because it is the only chance for the Declarer to make two Heart tricks (that also would be the case if the Closed Hand held A-9 and one other, not merely A-9), but in No. 19 a small Heart should be played because that ensures two Heart tricks for the Declarer, whereas the play of the

Jack might produce only one.

In No. 9, the Jack of Hearts was Declarer then would establish his Diamonds, being sure of four Spades, two Hearts, four Diamonds and two Clubs—a small Slam. But if his Jack of Hearts lost, he would know that the adversaries would save the game if he attempted to establish his Diamonds. His only chance for game would be to make, in addition to the one Heart, he has won, four Spades and four Clubs, which can be made by the Club finesse, provided East has the Queen of Clubs. If West should have the Queen of Clubs, trying this finesse would cost a trick; but it is the only chance for game.

In No. 19 if the lead has been from the King and Queen of Hearts, and Declarer wins the first Heart trick with the Ten, he can establish his Diamonds and make a Small Slam. If he wins the first trick with the Ace (West playing the King or Queen), he still has the Hearts stopped and his game is not in danger, so he establishes his Diamonds; but in that case he probably would not make a small Slam.

**Fall Scarfs Made Of Kasha And Velvet**

PAIR, (AP)—The familiar three cornered scarf is not to be dropped from the winter costume.

Advance dress showings include the scarf in many forms, often made from Kasha, wool, georgette or printed velvet. Beige and flannel wool georgette and light weight hushas are a favorite form.

On wool sport dresses the scarf is sometimes knotted high about the throat, with the ends in front, cravat fashion. Velvet scarves are meant for afternoon wear and not for night.

## Little Stock Put In Plane Rumors

COPENHAGEN, Denmark, Aug. 29. (AP)—Reports that the noise of an airplane had been heard at Akhusenish, 250 miles north west of where the machine of Bert Hansell and Parker Cramer was seen

**PUTMAN'S**

on Aug. 19, aroused interest among local experts in Greenland geography and conditions. At least one of them, Peter Frouchen, was inclined to discount the report.

"A glance at the map," he said, "is sufficient to cast serious doubt on the report. In that latitude and at this season, a plane could not be heard without being seen.

"Anyway, it is doubtful if the good people there have ever heard the sound of an airplane. Furthermore Eskimo rumors should always be received cautiously."

Mr. Frouchen said he was glad to learn that the Danish explorer Knud Rasmussen was searching the fjords in the neighborhood where the greater flockford was seen 40 days ago. He said that this meant that capable work was being done in that vicinity.

My girl is so fat I walked down the street with her the other day without knowing my rival was doing the same thing.
