Bridge Pointers

 When No Trump has been taken bid originally and soundly taken out with a strong Major, and the main strength of the No Trump is in the other three suits, game is practically sure at the No Trump; but if the take-out has been made with a strong weak suit and without No Trump help, disaster is probably assured should the No Trump be rebid. It will be seen, therefore, that when a player with a strong five-card Major suit, with or without other No Trump assistance, fails to bid his Major over the No Trump, he loses his opportunity for game in all the cases in which there is game in the combined hands at the suit and not at the No Trump; and that the partnership that plays against the No Trump must decide whether to play at the No Trump or the suit, losses whenever the take-out is made and there is game at the No Trump and not at the suit.

Always Use The Telephone Directory

Many times every day, telephone patrons call the wrong number. This is bad for everybody. If you've been called out of bed at 4 o'clock in the morning by "wrong number" you've been madder than a hornet and you blamed "Central" for it. And the one who tried to call the party got mad, too, because there was a delay.

HERE'S A SAFE RULE FOR EVERYBODY: Consult the telephone book. Don't rely on your memory.
