

Revival Expected to Mean Much to District; Numerous Leases Made

Numerous mines and boxes of mines are being closed. Baker, Grant and Wallawa counties now have more than 200 mines and prospects. Baker is the cultural center of the entire Blue Mountain district, including adjoining areas of Union and Malheur counties.

The Oregon Copper company property, with J. W. Kees, manager, is situated near the center east and west of the large copper belt, which extends from the Snake river and Tachco on the east for 70 miles. The Oregon Copper company has spent \$500,000 in development work. It has several thousand feet of levels and its shaft

The Rainbow Consolidated company has obtained listing of its stock on the San Francisco stock exchange. This is the first Oregon mining property ever admitted to that exchange. Work is going forward rapidly in the Mormon bush section and production is expected to follow.
