## Rainbow Assembly Holds Initiatory Ceremony Saturday

Saturday night at the Masonic hall at an impressive initiatory ceremony, Assembly No. 12, Order of the Rainbow for Girls, took into the organization a new member. The special guests of the evening were the past matrons and patrons of the Order of the Eastern Star. About 70 were there, including Eastern Stars, Masons and Rainbow girls.

Following the initiation, Miss Margaret Humphreys, worthy advisor of the assembly, welcomed the visitors and called upon a number of the past patrons to speak. Those who responded were Dr. E. P. Mossman, the Rev. J. George Wals and the Rev. Oliver Riley.

A pleasant feature of the evening was the "surprise" given by the past matrons for the Rainbow girls and their guests, which consisted of a delightful luncheon.

The worthy advisor thanked the past matrons in behalf of the assembly for the much appreciated treat.

At a delightful Hallowe'en party with black cats, and witches on broomsticks and lanterns, and everything a Hallowe'en party should have, Mrs. George Fox and Mrs. Sadie Bull were hostesses Wednesday night to the members of the White Rose club, the social club of the Ladies Auxiliary to the Brotherhood of Railroad Trainmen.

Many kinds of games were played in keeping with the occasion. Mrs. O. L. Larson and Mrs. Jack McGhean were the prize winners. A two-course luncheon was served later in the evening.

After the fun the evening was spent making presents for the grab bag for the Hallowe'en party at Eagle's hall Tuesday when the Brotherhood of Railroad Trainmen and their families and friends will be guests of the auxiliary. The party will be in the form of a carnival.

## MENUS

By Sister Mary

BREAKFAST—Grapes, cereal, cream, rice and fish hash, rye bread toasted, milk, coffee.

LUNCHEON—Open poached egg sandwich, buttered spinach, graham fig pudding, milk, tea.

DINNER—Breaded veal cutlets, scalloped oyster plant, tomato and celery salad, peach and nut dessert, milk, coffee.

A thin slice of broiled ham is shaped to fit a split and toasted muffin. Above the ham is placed a poached egg and Hollandaise sauce is poured over the whole. This makes the open poached egg sandwich used in the luncheon menu.

Rice and fish hash is very good for breakfast.

**Rice and Fish Hash**

One-half cup rice, ½ cup flaked salt codfish, 2 tablespoons grated cheese, 1½ cups tomato juice, ½ teaspoon onion juice, pepper.

The amount of salt used with it will depend on the saltiness of the fish. Wash rice and cook in boiling salted water for ten minutes. Drain and pour several quarts of boiling water through rice. Drain and cook in tomato juice until tender and juice is absorbed. Add onion juice and pepper. Add fish and mix lightly. Pile on a heatproof platter and sprinkle with grated cheese. Slip into a hot oven to melt cheese and serve at once.

## Bridge Pointers

By Milton C. Work

The use of the strength convention in taking out partner's No Trump with a Major suit necessarily eliminates Major weakness take-outs because they would mislead the No Trumper. Partnerships never prosper when their bids may indicate either of two very different holdings. The Major suit take-out, to be effective, must show definitely either strength or weakness. It is much more important to have it show strength, consequently weakness take-outs never should be made in Major suits except with extreme length-generally seven cards or more.

A few examples may help to clarify the situation. Suppose South bid one No Trump and West passed; what should North do with the following hands?

| No 1 | No 2 |
|---|---|
| ♠K-Q-10-X-X | K-10-X-X-X |
| ♥X-X-X | A-X-X |
| ♦X-X-X | X-X-X |
| ♣X-X | X-X |

| No 3 | No 4 |
|---|---|
| ♠J-10-X-X-X | J-10-X-X-X |
| ♥A-X-X | X-X-X |
| ♦K-J-X | X-X-X |
| ♣X-X | X-X |

| No 5 | No 6 |
|---|---|
| ♠J-10-X-X-X-X | 10-X-X-X-X-X-X |
| ♥X-X-X | X-X |
| ♦X-X | X-X |
| ♣X-X | X-X |

With No. 1, bid two Spades. The Spade suit has practically the minimum strength for a Major take-out.

With No. 2, bid two Spades. The Spade suit has practically the minimum, but the Ace of Hearts furnishes enough additional strength to justify it.

With No. 3, bid two Spades. The Spade suit would be too weak without side strength, but with an Ace and a King-Jack, there is little to be feared.

With No. 4, pass. If North bid his Spades and his partner rebid the No Trump, disaster would be apt to ensue as North would not furnish a trick.

With No. 5, the question is close. If North bid two Spades and South rebid the No Trump, North would have to call three Spades because his hand is worthless at any other declaration. Three Spades might be dangerous with South weak in that suit.

With No. 6, two Spades should be bid. If South rebid No Trump, it would be comparatively safe for North to rebid Spades.

MEXICO CITY, Oct. 15 (AP)—Posters denouncing them as "assassins, strikebreakers and American fascist" today stared down upon 100 members of the American Legion from the walls of various buildings. Even the walls of the American consulate had been placarded with the denunciation when the legionnaires arrived for a visit of several days.

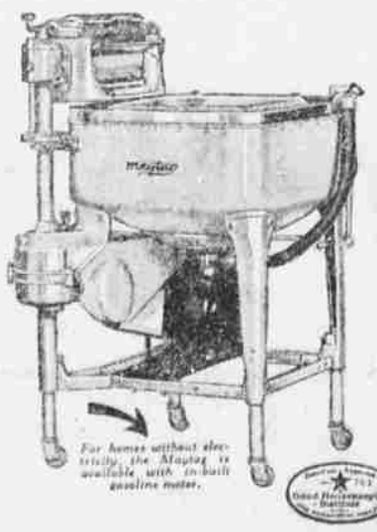
# Commander Byrd Chooses MAYTAGS for South Pole Expedition

ONE of the many distinguished honors that have come to the Maytag Aluminum Washer is the selection of Maytags for the Byrd South Pole Expedition.

Not only the success of this great pioneering adventure, but the lives of the men, depend on the proper selection of supplies, material and equipment. Therefore, the most rigid requirements are observed in deciding what equipment shall be used. The many outstanding advantages that gave the Maytag world leadership, enabled it to meet the exacting standards demanded by Commander Byrd.

## A Fitting Tribute to the New Maytag on its First Anniversary



The noteworthy tribute of being selected for the Byrd Expedition comes to the New Maytag as it is celebrating its first anniversary—the end of the most remarkable year in Maytag history—a year in which the number of Maytags in use passed the million mark.

*Buying and Selling Your Money*

When you deposit money in the bank, you are "selling" the use of that money to the bank. The bank pays you for your money - - pays you in service in the case of checking account, pays you in interest in the case of savings or certificates of deposit.

Like the merchandise sold by a store owner, the bank in turn sells the use of your money and the money of hundreds of other depositors to people needing and deserving loans. If satisfactory credit has been established, people wishing to "buy" the use of money for a stated period of time can get it in the same way that they can buy merchandise on credit in various stores.

Your bank is a business institution. Money and financial service make up the merchandise it has to sell. Like a store, it must buy goods before it has any to sell. The price it pays you for your money is based on safety, on your lasting satisfaction. The merchandise slogan, "Satisfaction or Your Money Back" always applies when you sell your money to the bank.
