SHARP INCREASE IN EGG PRICES

Bear Traders Put to Rout—Slight Advance Noted in Butter Division

PORTLAND, Ore., Oct. 24—(A.P.)—Bear traders were put to rout at the close of the day's exchange here. Life poultry when prices on all grades of eggs except peewees were far sharply higher. Fresh standard extra were 20 higher at 50c, standard firsts a like amount at 45c for extra and 35c for firsts. It is thought that August will remain at about their present levels for some time. Storage stacks of eggs are still fairly large here at \$7.74 a case but holders expect them to move out well.

In the butter division the only price change at the exchange was an advance of 1/10c per pound in the quotation on prime firsts to 45c. Receipts yesterday were 6,274 pounds and storage holdings were 22,539 pounds. Condition was more plentiful and prices were better. Some No. 1 stuff brought as high as \$1.23 per crate but most offerings were of lower standard and ranged downward to 50c per crate.

Local dairies were in nominal supply at 55c per box. Oregon Yellow Danvers creamery was a shade firmer at \$3.04, 25c with trading a bit more active than recently. Growers are asking \$2.00 and bags 1 c. in shipping point, buyers report.

There was nothing new in the fruit division, supplies of apples, pears, oranges, lemons, grapefruit and others being ample to meet market needs and prices were steady.

No price changes were noted on poultry or country dressed meats. Meats were inclined to drag.
