

THREE WILL GET
ROOSEVELT PRIZE

Hughes, Lindbergh and
Chapman to Be Honor-
ed on Saturday

NEW YORK (AP)—A scientist in a field in which Theodore Roosevelt found one of his chief enjoyments is, with a jurist and an aviator, to be honored October 27 with the Roosevelt medal for distinguished service.

Charles Evans Hughes, recently named to the world court; Charles A. Lindbergh, pilot and technical aviation advisor; and Frank M. Chapman, curator of ornithology at the American Museum of Natural History, New York, since 1898, are those who will receive the medals from James K. Garfield, president of the Roosevelt Memorial association.

The awards will be made at a banquet in the old Roosevelt residence in East 20th street, where 76 years ago the late president was born. He was a lover of wild life, an explorer and historian.

It is no new thing for a jurist to receive this medal. John Russell Moore, authority on international law and predecessor of Mr. Hughes on the world court, received it last year, and in 1925 Justice Oliver Wendell Holmes was the recipient.

So also have men concerned with wild life won the award. Among them have been Linnaeus, whose mission has been to introduce birds to wild life and the out-of-doors; George Bird Grinnell, author, hunter and friend to Indians; and Gifford Pinchot, leader in the national movement for conservation of forests.

Colonel Lindbergh, however, will be the first aviator to receive the Roosevelt medal. Of him Mr. Garfield says: "To a nation, looking on all sides that money is the standard of success, and that the way to achievement and fame lies through aggressive self-seeking, publicity and the cultivation of the public voice, Charles Lindbergh, living clearly, seeking publicity, putting aside offers of untold wealth came and achieved such a triumph as no young man in the world's history ever achieved before."

The medals awarded annually.

Has Monopoly on Pears

Several years ago the United States closed all ports to importation of trees from the Orient, to protect American orchards from the Mediterranean fruit fly. But Dr. Henry Wona Him, San Francisco physician, got in under the line with a Chinese pear tree. Today he has the only Chinese pear orchard in the country and is reaping a fortune from it. He's shown holding this precious fruit, beside one of his trees, in his orchard near Agnew, Calif.

are three inches in diameter and of solid gold. They show the head of Roosevelt on one side and on the other a flaming sword with the motto, "If I must choose between righteousness and peace, I choose righteousness." James Earle Fraser designed them.

Specifically, Lindbergh is to be honored for his example to modern youth; Hughes for his administration of public office and development of public and international law; and Chapman for his studies

of American bird life, which have taken him frequently through North and Central America.

Herbert Hoover and General John J. Pershing, with Mr. Moore, received the medals last year.

CIGARS YIELD REVENUE

TAMPA, Fla. (AP)—Cigars manufactured here during September totaled \$2,251,929, and the internal revenue department collected \$228,795 for revenue stamps.

Cove Resident,
Hurt at Milton,
Returns to Home

Mrs. T. B. Conklin (Observer Correspondent)
COVE, Ore. (Special)—Mr. and Mrs. Theodore McClain have returned to Cove from Milton, where they have been working to the fruit. While there Mrs. McClain had quite a serious accident, which left her with a broken arm and ankle. She has recovered rapidly, however, and is able to walk with the aid of crutches.

Mr. and Mrs. Jack Seagraves and Mr. and Mrs. Oscar Johnson, who were also working at Milton, returned home Monday.

Mr. and Mrs. Ernest Coons, of Butte, Mont., are visiting friends and relatives at The Cove. They are staying with Mr. and Mrs. Everett Powell.

Mrs. A. G. Conklin, who has been spending several weeks in the Cove, is expected home Sunday, Oct. 28.

In honor of her daughter, Dorothy, of Walla Walla, Mrs. J. E. Mills has invited several of Dorothy's classmates to her home for a house party this week. The guests, all students at the Walla Walla high school, are Miss Lucy Hanson, Miss Charles Conklin and Miss Graceland Grover. Mr. Mills left this morning for Walla Walla and will bring the girls home with him tomorrow. These house parties have become a popular feature of the Mills' entertaining.

Among the Cove people who attended the funeral of John Conley in La Grande Tuesday afternoon were Mr. and Mrs. Albert Olson, Mr. and Mrs. Frank Miller, Mrs. Mae Kelley, Miss Bess Kelley, Lewis Bloom, Mr. and Mrs. Thomas Hefty, Mr. and Mrs. Robert French, Mr. and Mrs. E. Lawson and William Hallmark.

EDITOR GETS FORTUNE

LOS ANGELES, Oct. 25 (AP)—The will of C. D. Lancaster, internationally known polo player and writer on that sport was made public, revealing that he had bequeathed to Jean St. John, magazine editor, the estate includes the Lancaster hotel in Chicago and stocks and bonds.

Mrs. Henry Ford

In her first political interview the wife of the noted automobile manufacturer, declares that never since women have had the vote has any presidential candidate given such convincing promise a Herbert Hoover of fulfilling the ideals which women cherish.

Dairy Cows In
Wallowa Tested
For T. B. Signs

By G. C. Meek

(Observer Correspondent)
WALLOWA, Ore. (Special)—County Agent S. C. Donaldson and Dr. W. E. Thibodeau, were in various parts of the county last week checking up on the cows which were given a T. B. test a few days previous. While a fairly large number of animals were tested on this trip, Dr. Thibodeau plans on visiting the county again during the next few weeks for the purpose of conducting additional tests on herds not reached this time.

T. A. Bakke, who lives on Wallowa creek a couple of miles north-east of town, has been busy recently giving his home a new coat of paint.

A. W. Johnson, of Lower Valley, returned home recently from a short visit in Portland.

A special meeting of Wallowa grange No. 693 was held in the basement of the M. E. church here Sunday evening at which time a fairly large number of members were present. Plans were considered for taking care of the persons who are expected to attend the quarterly meeting of the Wallowa county Pomona grange which meets with the local organization Nov. 2.

Mrs. John Couch and daughters, of La Grange, were visitors in town the last of the week.

Hilbert Gault, Len Sheppard and the Misses Dorothy and Nora Doherty were Sunday visitors at Mrs. J. B. Gault's.

L. W. Minor recently secured a fine pure bred Herford bull from E. H. Wainwright.

Ray Bechtel visited with Earl Bechtel Sunday.

Jay Johnson and Miss Eva Bechtel were married the latter part of the week. Miss Bechtel is the oldest daughter of Mr. and Mrs. H. D. Bechtel. Mr. Johnson is a son of Mrs. Dolly Johnson of this place.

Giles Plam has been busy hauling gravel to his farm in the hills during the past few days for use in putting a cement wall in his well.

A large amount of hazing is being done in the north woods at this time as well as in the Bear creek section. The boys being out in the Bear creek section are being hauled to the mill here, while the most of the logs from the Porewaska and Mawville sections are being hauled to La Grande for sawing.

Sam Black has delivered more hatching birds in town the first of the week.

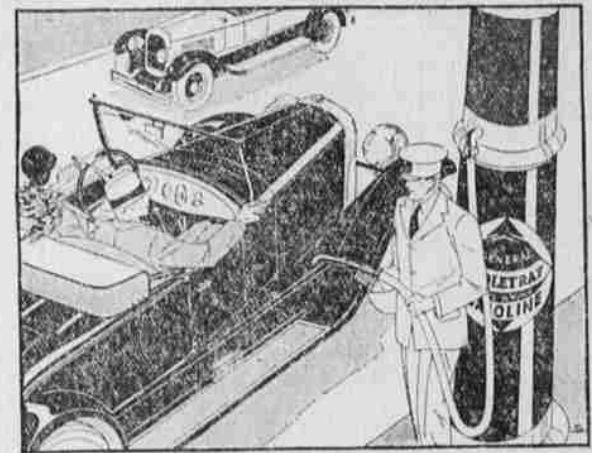

RANSOM TO SPEAK
NEW YORK, Oct. 25 (AP)—Political speeches on the radio tonight and tomorrow include: Tonight: Democratic.

John J. Raskala, chairman national committee at 5 p. m., over WZZ and coast to coast network.

Joins G. O. P. Group

Marguerite Namara, noted prima donna, has joined the Women's National Committee for Herbert Hoover.

The Violet color is your protection

GENERAL
VIOLET RAY
ANTI-KNOCK GASOLINE

LOOK for the Violet color! It is the guarantee that you are getting genuine General Violet Ray—the new Million Dollar motor fuel. Here, at last, is a greater gasoline... greater even than the original General, admittedly the finest motor fuel on the Pacific Coast. You can get it from 3000 General Independent Dealers and from 5000 pumps. In every town from Canada down!

Years of research lie behind General Violet Ray. Violet Ray should sell at a premium, but to introduce it to the Pacific Coast it is being offered at the regular market price.

General Violet Ray is vitalized—made without the addition of compounds. It is a high compression anti-knock gasoline, free from sulphur and acids. Carbon eliminating. Quick starting. Perfectly balanced. VITALIZED!

Remember that the Violet color is protection against substitutes. Look for it. Fill your tank with Violet Ray today and prove its amazing qualities to yourself.

Hear the "General Independents" sing! This famous quartet broadcasts every Friday night at 8:00 over the National Broadcasting Company Network. Tune in. Here's been harmony and an unusual 4-part concert. They will also gladly play request numbers. Just send them in or leave them at any General Independent Station.

A NEW TIRE

The Miller Test Fleet couldn't wear out

WE'VE just received our first shipment of the remarkable new Miller Deluxe Balloon—the tire the Miller Test Fleet couldn't wear out. Nowhere on earth does a tire get a better chance to show what it's made of than on the wheels of these speeding test cars.

You look for the best roads. They look for the worst. You drive fast sometimes. They never let up. Over the abrasive road surfaces of Southwest Texas went the new Miller Deluxe Balloon. Averaging 55 miles per hour—600 miles per day for months. And they haven't yet discovered the limits of this new tire's strength and stamina.

New - In Every Step of
Its Manufacture

Miller has turned a new page in tire history. Built a revolutionary tire for today's car and today's need.

Puncture and Blowout Hazard
Practically Eliminated

The new, massive tread has several pounds of extra rubber for greater thickness. It's a 6-ply tire of course, and that's not all. There is more rubber between the plies—stronger cotton in the plies. Thus—internal friction has been done away with. The puncture and blowout hazard practically eliminated.

Miller Deluxe Balloon

For those who want the best balloon tire money can buy and who realize that the best is always the cheapest in the end.

For those who want thousands of extra miles with complete freedom from road delays.

For those who want an unusual degree of safety and non-skid protection in the tires they drive.

For those who want tires built to withstand the destructive tread wear that today's driving and traffic conditions impose.

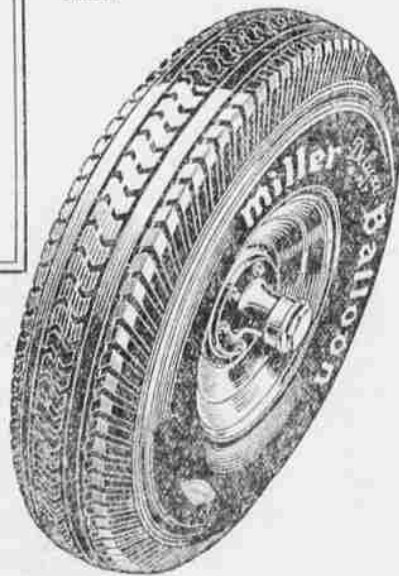

For those who drive fast and show their tires no mercy.

For those who want a tire in which the puncture hazard is practically eliminated.

For those who want America's Most Beautiful Tire.

Grips the Road and
Resists Skidding

The distinctive new tread design is the result of long scientific study and test to produce a design with greater road grip and non-skid quality. The sharp-edged gear blocks run diagonal and crosswise to the direction in which the tire rolls on the road. The tire grips the road. Here is a safe tire.

A Tire of Real Economy

The Miller Deluxe Balloon costs more to build than ordinary tires. It costs more to buy. But in final cost—the only real test of a tire—it will actually amaze you. We believe it is the most economical tire that has ever been built.
