SHORT; PRICE UP

Fresh Egg Receipts Also
Light, Shippers Paying
50 to 51c for Some

PORTLAND, Ore., Oct. 28 (AP)—Supply of live poultry was unusually short this morning and prices on all classes of fowl were a full cent higher. Turkey prices in large supply but offerings were mostly of mediocre quality and the market was quiet. Commission men are advising growers not to ship any but fancy flocks.

Country dressed meats were in limited supply in the early hours but nothing to speak of was done. Saturday's offerings were well stocked up in both the meat and poultry divisions and no accumulation was noticeable.

Recently fresh egg receipts were light and dealers were anxious to obtain anything good offered. Shipments were paying from 50c to 51c for New York extra and light on other grades were fully steady to firm at dairy exchange quotations. In the better dressed supplies were ample to meet demand and prices were steady. It was reported that a few makers were paying a premium of a cent or so for butterfat. Prevailing prices in the market, however, was 25c delivered here.

Nothing especially noteworthy developed in the early trading on the fruit and vegetable markets. Some extra fancy, some Beauty apples, large and particularly suited for looking purposes, were being offered at \$2.00 and \$2.25 and moved out readily to the restaurant and hotel trade at these figures. Other kinds of apples were in liberal supply and moved normally at steady prices.
