CECIL SHERWOOD WINS NICKNAME

He's "O. S. C. Express" Now; Kerr, Gilmore, Larson, Lyman Good

Cecil Sherwood, halfback on the Oregon State college varsity football eleven, has a new nickname. The Oregon State Daily Barometer on its sports page Wednesday Oct. 31, ran a two-column picture of the former La Grande High school star, under the heading of "O. S. C. Express."

"Cecil Sherwood," the story explained, "is only warming up in the picture, but this weekend he will be picking 'em up and laying 'em down in another fashion. He's the "O. S. C. Express." Dashing of the speedy Beaver backfield that includes, remember, Howard Maple."

Sherwood, in his sophomore year, is second in total yardage among O. S. C. players who have taken part in conference games, turning in an average of three and a third yards gain for each play. Last week in Seattle a 19-yard gain by Sherwood opened the way for the first Beaver touchdown against the University of Washington.

Kerr Going Good

Howard Kerr, another flashy halfback at O. S. C. who hails from La Grande, won considerable mention for his showing in the Washington game. Kerr, playing part of the game, carried the ball three times for a total gain of 14 yards, and sports writers in Portland, after viewing the game, predicted that he had a good future ahead of him. He, also, is a sophomore.

Besides Kerr and Sherwood, who used to run Eastern Oregon teams ragged when they made up half of La Grande high's backfield, two other Union county boys are playing on the O. S. C. varsity—Earl "Tige" Larsen, of La Grande, guard, and Carl "Curly" Gilmore, of Union, fullback.

Lyman Still Scoring

But the above men aren't the only crack athletes La Grande has at O. S. C. this year.

This also appeared in the college paper:

"Lyman, an all-star center from La Grande, was responsible for 14 of Omega Upsilon's 17 points." It was referring to a house basketball game played Tuesday night of this week.

Richard Lyman, son of George Lyman of La Grande, played basketball in high school here four years and also played independent basketball here last year on the M. I. A. team, which among other teams, played the Willamette university quintet, against which Lyman scored 14 of La Grande's 25 points. Shortly afterwards, he scored 23 points in a game here against the L. D. S. team of Portland.

Local dopesters expect him to be a regular on the varsity five in his sophomore year.

Back on Job

After an absence of several years from active football coaching, Dr. Al Sharpe, famous Yale athlete and coach for years at Yale and Cornell, is back in the game again. He's at Washington University in St. Louis under a five-year contract as athletic director and is also coaching the football squad.

CALIFORNIA AND OREGON IN MUD

Rain in Berkeley Will Continue Until Tomorrow, Weatherman Says

BERKELEY, Cal., Nov. 3 (AP)—Prospects of a mud battle comparable to the California-Washington game of last year was indicated for the California-Oregon football contest today when rain started falling last night and was predicted by the weather bureau to continue until tomorrow.

With the Northerners down from Oregon with one of the heaviest lines in years, the wet field was taken by observers to greatly enhance their chances of victory, although it may slow down their fast attack. The field at the California Memorial stadium is practically devoid of grass, and rain will reduce it to a quagmire.

Outcome Important

The game is a conference contest, and a victory for California will keep them in the list of teams undefeated in conference competition, while if the Northerners win it will give them a slight chance to finish in a tie for the conference championship.

The announced starting lineup of the varsity game:

California		Oregon
Avery	LE	Archer
Fitz	LT	Christensen
H. Gill	LG	Shields
Riegels	C	Stadelman
Schwartz	RG	Hagen
Bancroft	RT	Colbert
Phillips (C)	RE	Pope
Eisan	QB	Kitzmiller
Lom	LH	Burnell
Barr	RH	Williams
Schmidt	FB	Gould

O. S. C. PLAYING MONTANA

CORVALLIS, Ore., Nov. 3 (AP)—A light but determined University of Montana football team, inspired to fighting courage instilled by Major Milburn, head coach, was determined to whip out a victory over the heavy Oregon State college squad on Bell Field here today. Even with Mellenger, heavy plunging fullback, out of the lineup, Major Milburn and his eleven faced the game with confidence.

The Montana squad, 28 strong, worked out on Bell field yesterday in a limbering-up session.

The probable starting lineup:

Montana		Oregon State
Davis	LE	McKalip
Peterson	LT	Luce
Ross	LG	Carlson
Lewis	C	Gridley
Murray	RG	Eilers
Mahlick	RT	Schell
Roumlein	RE	Stoll
Chinske	QB	Maple
Morrow	LH	Sherwood
Callison	RH	Hughes
Ekegren	FB	Thompson

Belgian Wins Nod Over Dave Shade

CHICAGO, Nov. 3—(AP)—The challenge to Mickey Walker's middleweight championship has assumed a pronounced Belgian tinge. Rene De Vos took care of that last night when he outpointed Dave Shade, of California, in 10 furious rounds.

Shade's crouching stance, so effective against many American middleweights, bothered De Vos only in three rounds. The rest of the time the Belgian challenger was returning a little bit more than Shade sent.

In the final two rounds Shade strove to upset De Vos' point margin by landing a knockout, but the Belgian was just as eager, and came out of the fast milling as strong as the Californian.

Archie Bay, of Tahola, Wash., and Bill Douglas, Portland welter, fought a popular four round draw while Frank Morton, Portland, stopped Ray Phillips, McCleary, Wash., lightweight, in the second round of a four round opener.

SALT LAKE CITY, Nov. 3—(AP)—George Kotsonaros, Los Angeles heavyweight wrestler, defeated Ira Dern, Utah grappler, here last night when Dern failed to return to the mat after the second fall. Dern took the first fall in three minutes and Kotsonaros the second in ten minutes.

76,000 Witness Cardinals And Trojans Battle

LOS ANGELES, Nov. 3—(AP)—Stanford's powerful Cardinals, as a team acclaimed the greatest coach Glenn "Pop" Warner ever has coached at Palo Alto, and the injury-hounded but fighting Trojans of Southern California, two of the west's gridiron giants, strode into the Coliseum here today for the battle for continuation in the struggle for Pacific coast conference supremacy.

Conference records that were unmarred by defeats came under the cleats of the two aggregations.

With the last ticket sold in advance, a packed house was guaranteed for the Coliseum, something over 76,000 spectators for one of the most colorful gridiron games of the coast season.

Sunny Skies For Game at Moscow

MOSCOW, Ida., Nov. 3—(AP)—Idaho and Washington State college were promised sunny skies and a dry field for their traditional homecoming battle on MacLean field here this afternoon.

The Vandals were rated somewhat below Washington State Cougars a week ago but Idaho's victory last Saturday over the University of California at Los Angeles eleven boosted their chances, and indications were that this would be one of the greatest struggles in the history of the schools' athletic rivalry.

Both teams are in excellent physical condition and all regulars were slated to start.

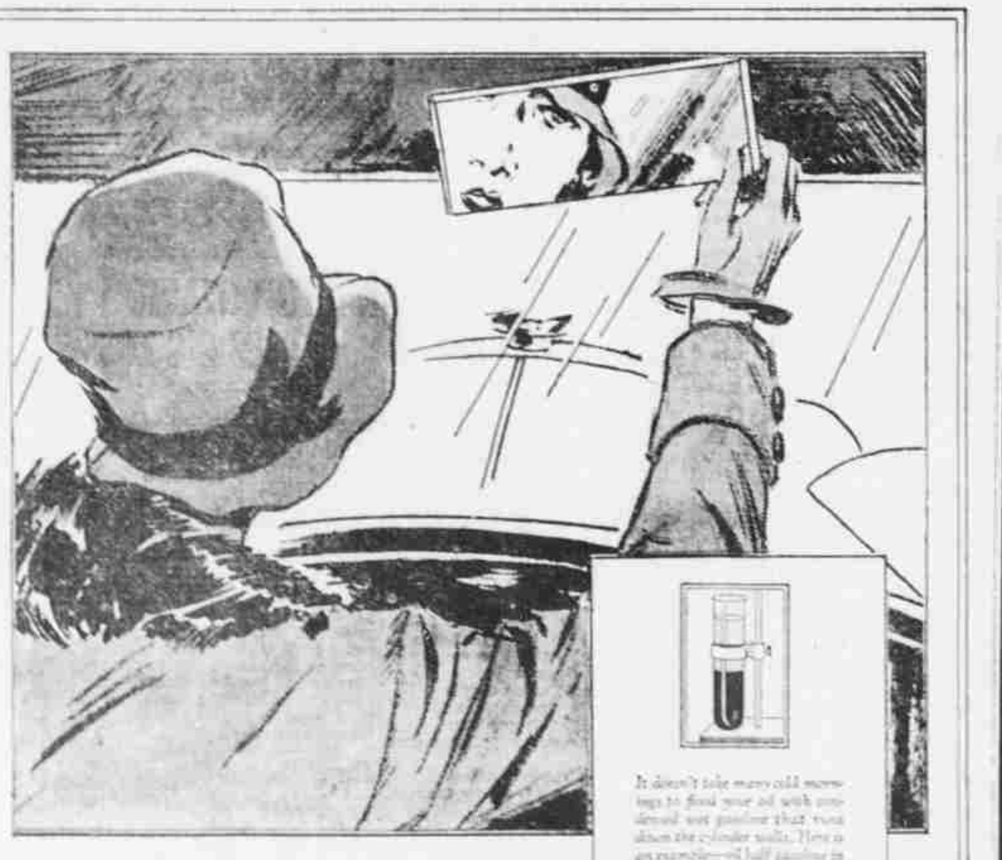
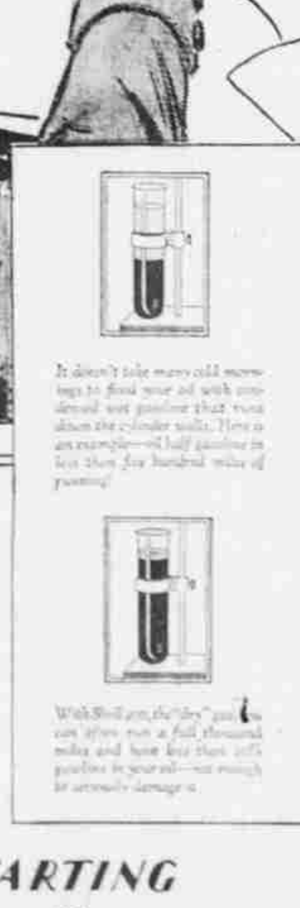
Blow your breath on a cold mirror. . . .

..that's how "WET" gasoline acts in a cold motor . . . .





"Wet" gasoline we call it, for lack of a better name. No water in it of course, but the heavy fractions it contains won't stay vaporized. They condense and flood back into the carburetor, over into the cylinders and down into your oil.

Don't be misled by "winter gasolines"—you don't want either winter or summer grades of "wet" gas.

If you would avoid starting troubles, thinned oil, delays on cold days, use the *dry* gas—Shell 400.

Less choke is required, less work for your battery with Shell 400. Scientific refining has eliminated the heavy wet fractions and given you a fuel much superior to ordinary gasolines.

All Shell yellow and red pumps carry Shell 400, the "dry" gas. Start using it your very next tankfull.

SHELL 400 *QUICK STARTING* The "DRY" GAS

And about oil: There's an oil now that forms no hard, flinty carbon. To keep away from the endless troubles caused by carbon and "add thousands of miles to the life of your car", insist on SHELL MOTOR OIL whenever you buy
