SUGAR IMPROVES FRUIT FLAVORS

Makes these healthful foods delightful to the taste.

The human body needs fruits, to be well fed and healthy, and such fruits should be eaten at least once a day.

And, thanks to sugar, fruits can also be beneficial in another way. The hard or sour fruits, by being sweetened to taste, can be turned into delightful flavors that add enjoyment to eating.

There are four people in the world who do not wish the delicious flavors of orange and grapefruit, sweetened to taste. One of them is the man who has a toothache.

Remember that sweet fresh apples, peaches or apricots are excellent for breakfast. For dinner, think of apple sauce with the pork, and cranberry sauce with any kind of meat.

Union Man Hurt Slightly in Car Wreck Saturday

By W. V. Conner (Special Correspondent) UNION, Oregon.—Saturday morning while driving in South Union Alpha Watts met with an accident when his car skidded on the wet pavement after losing a tire. The machine went into the ditch, crushing two wheels and the side of the car.

Alpha and Union football teams battled in an 18 to 18 draw on the Union grounds Saturday afternoon in what was at times a slow game and at other times furnished thrills for the fans.

Alpha played a consistent game and the boys showed good team work. Only two penalties were incurred during the game and those were for offside. Ben Jordan, of Alpha, acted as referee.

Morris B. Parsonage, an American by birth, but for many years a resident of the United States, was at Union, not work in the interests of the Near East relief work.

He visited the schools and talked to the pupils about the conditions in Western Asia. Miss Itha Winchell, who was a grade teacher in the Union schools a few years ago, was visiting here during the weekend.

Paul Garrison, North Powder teacher, was a visitor in Union Saturday. While here he attended the football game.

At two o'clock Saturday afternoon the Methodist church were held the funeral services of the late Mrs. M. J. Fisher, who was the wife of Mr. and Mrs. T. J. Fisher, of near North Powder. Burial was at the St. Elizabeth hospital in Baker Thursday morning.

Multiple vacancies for the local city election are set showing that there will be competition for most of the offices to be filled at this election. School commissioner, council members, marshal, and city recorder are all offices for which there are from two to four candidates named on the ballot.

Miss Virginia Key, grade teacher in the school, was at Union in Milton. She was at Union Friday afternoon in 1921 with her parents during the weekend.

Max Jones, who recently suffered an injury to his foot when he was working at Ladd Canyon, is in the hospital at Hot Lake. He has had two toes amputated and is reported as being better at this time.

Among those who went to Portland last weekend were: Max Hanna, Mildred Gantner, Fern Beatty, Nellie and Walter Gearty, and Mrs. J. H. Butler. They viewed the downtown show while in the city and Max Gearty will also view the show.

Thursday afternoon the Women's club held their first regular meeting of the season. The new show their first regular meeting in 1928 was held at the hotel at 7:30 p. m. and all through the ladies had already had an opportunity to view the show.

The Rev. Ernest C. Lee, pastor of the Methodist church, went to Union Monday afternoon to address a convocation gathering in the Presbyterian sanctuary hall in the morning.

Miss Edna Smith and Lucille Miller, two young women of South Union were business to a number of their young friends at a dance given at the school building on Saturday afternoon.

AT PEACE WITH THE WORLD

THE GARDEN

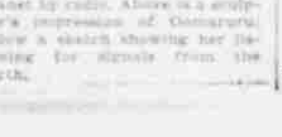

SNOWDROPS FOR EARLIEST BLOOM

Even in the Northern states snowdrops often come out their snowy three-sided bells in February. The first show is likely to start them into bloom to continue until April.

The common snowdrop is small and requires a group of from 25 to 100 to produce a real effect, but even two or three swinging in the chilly breeze make an attractive sight.

When you see three people involved in a quarrel, it is a sure sign something is not all right.

quickly in warm quarters. Sowing the seed which occasionally forms a good means of producing large colonies of them, but it is a slow one, as the seed requires several years before it will produce. Blowing seed hulls. There are a number of species of snowdrops which collectors delight to gather but the two, the common snowdrops, are the only ones available to the average gardener. As they are all very much alike, these two are sufficient for all practical purposes.

The flower is the most satisfactory and gives the better display of the two but many gardeners would not be without the dainty little common sort. They are excellently suited to rock gardens and are the only ones available to the average gardener. As they are all very much alike, these two are sufficient for all practical purposes.
