- City ordinances regulating garbage disposal contain the following provisions:

 2. Dry garbage consists of ashes, cans, papers, lawn grass, etc.
 3. Leaves, limbs and other bulky material are deemed excess, at our option, and may, at our option, be charged for at extra rates.
 4. All wet garbage must be kept in a sanitary standard can. Any can over 5-gallon capacity must have one handle on each side and container must not be loaded over 100 pounds of garbage.

Cans must be kept in sanitary condition at all times. The Clean-Up shall not be held responsible for either dry or wet garbage not in standard containers, and hauling rates shall be determined by the kind of containers used and by the condition of the garbage.
 6. Under fire ordinances, ashes must be kept in fire-proof containers and we urge close observance of this rule. (We are not required to enforce this law, as it does not come under our department.)

Sanitary conditions at lowest possible cost, is our aim, and your co-operation in providing standard equipment will make it so. Any complaint in regard to our service, phone 1493.

The gatherers are not charged with the enforcement of the ordinance but they are desirous of seeing the people of La Grande comply with its requirements. This can best be done by becoming familiar with the above rules and by cooperation with the men engaged in this work and with other residents who are interested in a healthy and clean city.
