**"Chesterfield?" - blow some my way!"**

**Mild enough for anybody . . . and yet they Satisfy\***

\*CHESTERFIELD CIGARETTES are mild . . . not strong or harsh. Chesterfield cigarettes have character . . . they are not mild or tasteless. The tobacco in Chesterfield cigarettes are blended and cross-blended in a different way from other cigarettes and the blend can't be equal!

They are MILD . . . so mild enough for anybody . . . and yet . . . they SATISFY.

**The new Ford has a very simple and effective lubrication system**

THE lubrication system for the engine of the new Ford is as simple in principle as water running down-hill.

As a matter of fact, the lubrication system for the new Ford is so simple in design and so carefully made that it requires practically no service attention.

There is just one thing for you to do, but it is a very important thing . . . watch the oil! Change the oil every 500 miles and be sure the indicator rod never registers below low (L).

If the oil level is allowed to fall below low, the supply becomes insufficient to oil all parts as they should be oiled.

To insure best performance it is also advisable to have the chassis of your car lubricated every 500 miles. This has been made easy through the use of the high pressure grease gun system.

Proper oiling and greasing mean so much to the life of your car that they should not be neglected or carelessly done.

See your Ford dealer regularly. He is especially well-fitted to lubricate the new Model A car and he will do a good, thorough job at a fair price.
