### Money Rate Is Down to 7; Bull Trend Shows Up

NEW YORK, Dec. 11 (AP)—The stock market made further recovery today under the stimulus of short covering and a further easing in credit conditions. Several of the high priced specialties snapped back 5 to 15 points, with the copper, public utility, merchandising, motor and rail shares giving the best demonstrations of group strength. Trading was only moderately heavy in volume.

Call money renewed at 8 per cent and then dropped to 7, with no appreciable calling of loans.

With the trading on a reduced scale most of the big gains in the late afternoon were confined to issues usually not in the speculative limelight. Jewel Tea went up 1 1/2 points; Rosina Insurance, 15¢; Chicago Pneumatic tool 8 and Atlas Powder and Matheson Alkali 1 1/2. Both Radio and Wright Aero came down about ten points from their best figures of the day. The closing was strong. Sales approximated \$2,800,000.
