BIKE TEAM AT ODDS; DONT EVEN SPEAK

PARIS (AP)—"Enemy brothers" is the title given by the French bicycle fans to Constante Girardengo and Alfredo Binda of Italy, a two-man team who refuse to speak to one another and even refrain from exchanging a salute or a look when meeting in the street. Participating in a four hour race at the Velodrome d'Hyver recently Girardengo and Binda reached Paris from Milan by different trails, insured upon separate dressing rooms and after winning refused to make a complimentary tour of the track together.

There was an average of one murder a year in the United States between 1880 and 1886, according to a magazine writer. Weren't there any saxophones then?

COL. GOEBEL CONVALESCING  
WICHITA, Kan., Dec. 21—(AP)—Col. Arthur C. Goebel, Hawaiian flier and holder of a transcontinental flight record, who underwent an operation for appendicitis here, has been confined to his bed for at least three weeks, physicians said today. Hospital attendants described his condition as "excellent."

"Married men really do not lie from choice," explains one of the speakers. "But their wives persist in asking such fool questions?"

And now the sufferers are asking for a ball which can't be driven so far. There is also a demand for a ball which when driven into the rough, will holler, "Here I am!"

"So you think it was a stork and not an angel that brought your little brother?" said a lady recently to a little neighbor boy.

"Oh, I'm sure," replied the little lad. "I heard dad say something about the size of the bill, and angels don't have bills, you know."

Women are superior to men. Most any 16-year-old girl can make a fool out of most any man twice her age.

"Do you let the boys kiss you?" "No, but you see I'm not very strong."

START TODAY  
To economize on the time spent in complaining.

To mix a little more charity with your judgments.

To depend more upon yourself and less upon others.

To look for the good in the most unpromising people.

To give your enemies credit for good intentions.

The best reducing exercise consists in moving the head from left to right when asked to have some more.

A man has recently discovered that English law prohibits a man from marrying his mother-in-law. And that is the ultra in useless legislation.

Deer Win Battle With Hotel Owners

ARROWHEAD SPRINGS, Cal., Dec. 21—(AP)—Arrowhead deer have discovered that the acreage of a peacock is but an empty threat.

The battle of wits between hotel managers and mountain deer which delight in midnight lunches of costly shrubs and flowers, is on again.

Sometimes ago peacocks were imported to cope with the deer problem and for a time their high-pitched screeches intimidated the marauding shrub nibblers. But now the peacocks may screech to their heart's content, and the nibbling goes on as before.

INTERESTING FEATURES of this new gray tailored coat are the fitted waistline, the notched collar-armed with astrakhan, the flower on the lapel and the double-breasted effect.

# AT THE THEATERS

## Many Thrills In "Phantom City" At Star

Thrills, chills and the fastest western picture ever flashed on the screen, is the standard set for himself by Ken Maynard, in the latest picture, "The Phantom City" now showing at the Star Theater. It is a First National picture.

This picture deals with one of the most romantic themes of the West—that of the old deserted mining towns that dot the landscapes of the Pacific Slope, from Nevada, California and Arizona.

These towns are real steps in the steady march of the West, for they show the tremendous rush of people from all over the world, who flocked to a gold strike and immediately built a town, only to abandon it as quickly when the gold was gone, or the little yellow vein lost.

There are now 63 active volcanoes. The number will be reduced when Charley Dawes leaves the Senate.

## "Fazil," At Arcade, Is Lavish Picture

"Fazil," one of the most colorful productions ever launched by Fox Films is now at the Arcade Theater.

This is the screen version of the play, "L'Insoumise," by Pierre Frondale, which created an international sensation.

Much of the action centers in Venice, Paris and on the Arabian desert. Magnificent sets, including a huge bath-room and reproductions of the famous canals, were especially designed and constructed for this lavish production.

Greta Nissen and Charles Farrell play the leading romantic roles in this intensely dramatic story of an Arabian lover and his beautiful blonde sweetheart.

In addition to Miss Nissen and Mr. Farrell, the cast includes Mae Busch, Myrna Loy, Vadim Craxeff, George Stone and Tyler Brooke.

What would the people of the International Livestock show do if suddenly there should occur a shortage of pretty girls to pose for pictures with the horses and cows?

## Buzz Barton's Skill With Slingshot Shown

Buzz Barton, 12-year-old PRO Western star, who is appearing at the Colonial Theater here in his latest picture, "The Pinto Kid," is one of the few master marksmen with a slingshot in his day of sinner and more deadly weapons.

Hours of patient practice day after day made Buzz proficient at the art of slingshot shooting. It was himself who first suggested the use of the slingshot when PRO officials decided a boy of his age should not be given a gun, and he did not complain when he found the job bigger than he expected.

Ruzz gives some startling exhibitions of his skill in "The Pinto Kid," using his slingshot along with his larlat in settling a feud between bands of rival ranch owners.

There are now 63 active volcanoes. The number will be reduced when Charley Dawes leaves the Senate.
