132,000 Jars Vicks Now Produced Every 24 Hours

That the public has not forgotten the lesson of 1919 is indicated by its prompt response to the warning of health authorities to combat the flu by keeping free from colds.

Although the capacity of the Vicks laboratories has been tripled since 1919, they are once more operating night shifts.

Mild though it is in comparison with 1919, this year's epidemic has already affected more than a million persons, and it is apparently still increasing.
