### SMITH TRIUMPHS IN WESTERN OPEN

#### Shoots 285 Over Gruelling 72-Hole Course to Pass Tommy Armour

By Victor G. Siller (Associated Press Staff Writer)  
RIVERA COUNTRY CLUB, West Los Angeles, Jan. 14 (AP)—Macdonald Smith, reared in every shadow of the St. Andrews course, famous Scottish stronghold of golf, has written with his iron and wood a page of western golfing records of which the wearers of the Tarnan plaid may well be proud.  
The tall Scot, one of the Car-noustie Smiths, yesterday won the \$10,000 Los Angeles open, after his valiantly a golfing battle as the west ever has seen. It was a repetition of his victory of a year ago, but it was registered in even more sensational manner. He showed the way to a field of many "greats" in the face of competition that ever has been assembled in the west.

Passes Armour  
Smith came from behind at his never tiring pace to wipe out a seven-stroke lead that Tommy Armour of Washington, D. C., another doughty Scot, had accumulated in two phenomenal rounds, to win the right to wear the crown for another year and take as a first prize \$5,500. When Smith rammed his final putt down the cup on the 18th green of the Riviera course as darkness fell, he had completed four rounds with cards of 71-71-70-73—285.

Through the four rounds, the veteran campaigner of the fairways played every lie with cold deliberation, unhesitatingly calculating the distance and hazards, never displaying golf that could be called phenomenal, but always steady. His strategy for the gruelling 72-hole arena was but a single hole over par.  
Standing out in bold relief was the tragic figure of Armour whose spirit was willing but his flesh was weak. Armour started his final 36 holes yesterday morning with the championship in his grasp. He was six strokes ahead of his nearest competitors, and seven strokes in front of Smith. But as the day progressed he saw his lead dwindling away stroke by stroke, hole by hole, as he faltered, and Smith kept up his unrelenting gall.

Forced to "Pick Up"  
Darkness forced Armour to "pick up" on the 18th. He was with 234 strokes up to that point. He, together with a dozen others who saw the pall of night blot out chances of finishing, was to complete his final hole at 1 o'clock this afternoon. A par four on the last hole would give Armour cards of 68-67-76-77—288 for second place, which was worth \$1750.

Leo Diegel, national professional champion, was staging a "farewell" finish as darkness intervened yesterday, and it appeared likely that he would nose out Horton Smith, of Joplin, Mo., 27-year-old for third place money, \$875. Smith's 71-75-72-76—294 left him in second place last night. But Armour apparently had him beat, and Diegel was going strong.  
Diegel left off play on the 16th with a 62 for that distance. Pure on the remaining two holes, a five on the 17th and a four on the 18th would give him cards of 77-69-74-72—292.

Hagen Plays in Darkness  
Others who were to complete their 12 holes today included George Von Elm, blonde amateur from Detroit. Von Elm, who picked up on the 17th hole when he had 75 strokes, needed a par on his last hole to give him 294 and a tie for third place. His earlier rounds were 71-73-76—296.  
Walter Hagen, British open champion, was several strokes above par on all four of his rounds and finished in a triple tie with Al Espinosa of Chicago, and Fred Morrison of Los Angeles. Hagen, who completed his 72 holes yesterday by playing the last three in darkness showed cards of 77-74-78-76—296.

### JOSEPH TEAM BEATS ELGIN IN LAST HALF

The Joseph High school basketball team wound up its journey into Union county Saturday night by defeating Elgin 18 to 11, after losing to La Grande Friday night 25 to 9.  
At half time Elgin was leading Joseph 7 to 1; the benchmen team being unable to make a field goal. The last half, however, found the visitors hitting their stride to score 13 points to Elgin's 4. The game was played in the new gym at Elgin, which is said to be one of the best in the county. Jimmy Rosenbaum, of La Grande, refereed.

### Washington Senators Confident Of Winning Team With Big Train Back

By Paul N. Sexton (Associated Press Staff Writer)  
WASHINGTON, Jan. 14—(AP)—If sentiment can win baseball games the Washington Senators will start the 1928 playing season with a big lead over the other American league entries.  
This is because in selecting Walter Johnson to replace Hucky Harris, who goes to Detroit, Clark Griffith has touched a soft spot in the hearts of thousands of capital fans.  
The return of the "Big Train" for 26 years the hurling ace of the Senators, after a brief absence as manager of the Newark club, has undoubtedly bolstered the morale of the Griffith east.  
Infield Revamped  
Aalde from this, however, the Senators have other reasons for their pre-season confidence, chief of which is the promise of a revamped infield, 25 more effective outer defense and some promising new pitching material from the minors.  
The acquisition of Buddy Myer, brought back to brace the inner wall effectively. Johnson believes that with Myer at third, Doc Eichelberger at second, and Griffith at short where he played when he first entered the big show. The perennial Joe Judge will again decorate first base, and Johnson has the choice of at least three newcomers to plug the gap at second left by Harris' departure. They are Joe Cronin,

Kansas City graduate, John Stewart, recalled from Birmingham, and Jack Hays, who has seen service here before.  
The belief of "Goose" Goslin, leading hitter of the league last season, that his throwing arm has returned to form is one of the main factors in Johnson's hope for a more efficient outfield.  
Goslin's inability to get away long throws from left field cost Washington more than one game last year.  
Sam West, who had a fielding average last year of .998, will again be in center, with either Sam Rice or Emilie Barnes in right.  
Garland Braxton, most effective pitcher of the league last year, will head the mound staff, supported by Sam Jones, Fred Marberry, Irving Hadley, Bob Burke and Lloyd Brown, in addition to some talent from the minors. Weaver, from Chattanooga, Carroll from Baltimore, Campbell from St. Paul, A. Hopkins from Montreal and Laska from Minneapolis, look like the most promising of the new material. Laska is a 20 year old youngster who led the American association in 1928 with twenty wins and four defeats. Griffith got him for a reported outlay of \$20,000.  
Ruel, Tate and Kenna, hold-overs, augmented by Bolton and Hoel, a pair from the Piedmont league and the Southern association, will handle the backstopping duties.

### BAKER QUINTET DEFEATS M. I. A.

#### Visitors Take Close Game 19 to 12 Played Here Saturday Night

The Baker Athletic club basketball team proved itself too strong for the La Grande M. I. A. quintet here Saturday night and the visitors went home with a 19 to 12 win after a hotly contested game.  
Close checking was a feature of the contest, both teams displaying excellent guarding. For La Grande Black and C. Baxter broke through the Baker defense for four points each, accounting for two-thirds of their team's total. Jordan was highpoint man for Baker with five.  
This was the second game of the week for the M. I. A., the local team winning from the G-W, five earlier in the week. It is expected that a return game will be arranged to be played at Baker.

### Madison Square Garden Will Be In Trio's Hands

#### NEW YORK, Jan. 14—(AP)—

For the next two or three months at least, the destinies of Madison Square Garden will be in the hands of a trio that includes William F. Carey, Col. John S. Hammond and Tom McArthur. This has been made clear by Richard F. Hoyt, chairman of the board of the Garden corporation.  
The responsibilities Tex Rickard laid down in death will be distributed among Carey, first vice-president and treasurer of the corporation; Hammond, a vice-president and acting general manager; and McArthur, matronmaker.  
On the eve of his departure on a cruise of more than a month, Hoyt outlined the situation at the Garden as he and his associates saw it.  
"Personally I see no reason for ever changing the management as it now stands," Hoyt declared. "Certainly nothing will be done for two or three months. Many names have been discussed as eligible for the vacated post of Rickard but so far as I know no particular name is under consideration. I doubt if any change will be made."  
If there is any definite plan to engage Mayor James J. Walker for the post Hoyt said he knew nothing of it.  
"His name is just one of 500 or so mentioned as likely successors to Mr. Rickard," Hoyt said with a smile.

# Announcing OLDSMOBILE FOR 1929

### Now finer than ever, but at a new Lower Price

Oldsmobile now offers new engineering advancements that increase performance and dependability—new style refinements that result in even more vivid beauty and even more complete luxury... all at a substantial reduction in price!

Twelve months ago, when the new Oldsmobile Six was introduced, engineers and critics pronounced it "two years ahead." And their predictions have been confirmed. No other car in Oldsmobile's field has even approached it in appearance, performance, or luxury of appointment. Yet Oldsmobile has made definite advances in all these qualities.

The fundamentals of Oldsmobile design have not been radically changed. It is the fine car that has already proved itself by millions of miles of dependable service in the hands of

thousands of owners... but with added refinements.

Oldsmobile's big high-compression engine now delivers 62 horsepower. The piston-pins are now pressure lubricated—an engineering feature heretofore characteristic of high-priced cars. And this is typical of the fine-car standards which have been maintained throughout the design and manufacture of this finer Oldsmobile.

Interiors have been made more luxurious. Upholsteries are richer and more costly. Seat-cushions are deeper and softer. Further, Oldsmobile has the wonderful new Fisher adjustable front seat, which may be moved instantly

forward or backward, simply by turning the seat-regulator. This feature, together with Oldsmobile's adjustable steering wheel, provides a new order of comfort for the driver.

Style touches include headlamps of new design mounted on chromium-plated standards, a new cadet-type visor, and an unusual selection of voguish new exterior colorings.

Come and see this finer Oldsmobile. It is the product of one of the industry's pioneer manufacturers, backed by the vast resources of General Motors. And it offers a combination of beauty, luxury, comfort, performance and value which simply cannot be matched at Oldsmobile's new lower price.
