MRS. RICKARD

Hundreds of telegrams and messages of sympathy have been received by Mrs. Maxine Hodges Rickard, widow of the late Tex Rickard, sports promoter who died at Miami Beach, Fla. They were married in 1926 and have one small daughter.

Benefit of Touring

The tourist is often the forerunner of the home-maker and investor. He visits the country and sees with his own eyes the character of its people and resources, and if he later returns to settle or invest he is able to do both in a more satisfactory manner.

City of Islands

Amsterdam, "the dam of the Amstel river," a city built in the shape of a semicircle, is crossed by numerous canals which cut the city into about 90 small islands, necessitating about 200 bridges.

New York is experimenting with an electric eye which sees and controls traffic. Many of the cops have been using a worse eye than that for years.

OFFICE CAT

TRADE MARK REG. By Jenius

Jones (who had called around to see if his friend had recovered from a wild night)—"Is Mr. Witz up yet?"

Landlady (sternly)—"Yes, he got up, drank his bath and went back to bed."

He: "I come to bring warmth into the bleakness of your home."

Romantic Spinster: "Oh, you do."

He: "Six on the love staff, old lady. I'm the installation man for the gas company."

"Pa, what is a yes-man?" asked Clarence.

"It's a husband, son, whose snappy comebacks to his wife's orders is 'Yes, ma'am,'" replied his dad.

Mother: "Tommy, what is the matter? Don't you like your apartment?"

Tommy: "Yes, I like it, Mom, but the landlords are too hot!"

It took the rescuers half an hour to clear away the mass of stones from whom the wall had fallen, and they had no expectation of finding him other than crushed flat.

To their amazement, he rose to his feet and asked for a clothes brush.

"Aren't you crushed?" asked an onlooker.

"Not likely," he said, with a smile. "I go through worse every evening. I teach dancing at a night club."

"Now, sonny, tell me why papa whipped you?"

"Gosh! Pop, don't you know either?"

Many a pair of ruby lips these days need the warning sign "Wet Paint!"

AT THE THEATERS

"Woman Of Affairs" Opens At Arcade

"A Woman of Affairs," a syndicated film from a story by Michael Arlen, with John Gilbert and Greta Garbo as stars, and with a supporting cast which includes Lewis Stone, Hobart Bosworth, Dorothy Sebastian, John Mack Brown and Douglas Fairbanks, Jr., will open at the Arcade theater today.

Clarence Brown, who directed Gilbert and Miss Garbo in "Flesh and the Devil," their first appearance together, was the director.

The reaction on the screen of Gilbert and Miss Garbo was said at the time the picture was being cast at the Metro-Goldwyn-Mayer studio, to be due to the unusual interest of cinematographers.

It was felt that the Michael Arlen story, the unusually strong supporting cast, and the direction of Brown would furnish the necessary additional ingredients for a dramatic picture of the sort that would not be likely to disappear into those who enjoy the two stars in close-ups.

Miss Garbo has the role of a high spirited English society girl, a very different type from those she has essayed before. For the part she has relinquished what has been termed the "Garbo smile," and has even changed the style of her clothes.

One of the interesting scenic episodes in the film is the Oxford and Cambridge boat race on the Thames, and a deal of research and preliminary training was required.

For one item, two eight-oared crews had to be rehearsed. For another, all the details of the race had to be made as authentic as if they were photographed in the actual location.

Second Chapter Of Serial At Colonial

"For twenty years I've been doing things I detest," Kilmer Bennett is told by her father in "Decoyed," the second chapter of "Mark of the Frog," the Pathological showing Friday at the Colonial theater.

He is the "Frog," unidentified leader of the criminal ring that has terrorized New York and environs.

On the other hand, many of the Frog's victims are depositors of Malfand's bank, and Malfand is a man of mystery, living in a squalor covered with gloves, and on his arm tattooed snakes, anchors and—perhaps a frog?

Then there is Broad, the wealthy author who has a deal with the police, claiming to be studying criminals for literary reasons, and whose movements are certainly not above suspicion.

Who is the Frog? It's a teasing, tantalizing, baffling puzzle that is providing much excitement.

A hand picked company of the world's most beautiful and most graceful women appears in "Manhattan Cocktail," which is now the feature of the Star theater bill, with Nancy Carroll and Richard Arlen co-starring.

The women were gathered together by Marian Morgan, whose dance dramas have been presented throughout America and Europe, over a period of time. She has trained them in dancing and acting and they are used by her in spectacles which she organizes for

various film productions.

In "Manhattan Cocktail," which is a modern story of backstage life in New York, the outstanding beauty appears in a brief prologue depicting a story of ancient Crete, ruler of the world 6,000 years ago. Incidentally, this is the first time that motion pictures have attempted to portray the life of that time, famous for its luxury.

To Get Rid of Moths

There are several methods that can be followed to get moths out of a fur collar. A simple one is to place the fur over a warm radiator or on the top of a lighted gas oven with a very low flame. The moths will come to the surface and hug the heated off. These garments in the sun for several days.

Scottish Tartan

The act of parliament of 1718 which forbade Scottish highland clans to wear or use such parts of their native dress as were called the plaid, ghillie, or tartan kilts, was repealed in 1782 and soon after George IV, on a visit to Edinburgh, himself appeared in the tartan as a compliment to the people of the North.

STOP THE FAT AND GET THIN

The way to reduction is to stop the formation of fat. Modern science has found that way—by turning your food into fuel and energy—by supplying a natural element that helps do that. It is much better than starvation. That modern scientific method is embodied in Marmola prescription tablets. People have used them for 20 years—millions of boxes of them. Now the results in slender figures, new beauty and vitality, are seen everywhere.

Each box of Marmola contains the formula, also the scientific reasons for results. So you know the effects are beneficial, and why they all occur. Learn what so many have learned in 20 years about it. Do it now. Ask your druggist for a \$1 box of Marmola and learn what it means to you.
