GRAND JURORS WILL HEAR OF RAID ON CLUB

BAKERSFIELD, Cal., Feb. 4 (AP)— The grand jury today was waiting to hear from the lips of 25 boys and girls the full story of an alleged "juvenile night club" in which they were arrested in a sensational raid. Officers said liquor was being sold at the club, that "lewd" pictures were on the walls, and that the places "cloaked" various actions of a nature objectionable to parents.
Most of the boys and girls arrested are high school students, many of them from prominent families.
When the raiders closed in on the place, officers said it disgorged boys and girls "like an overturned rabbit hutch" and that there were cries, screams and frantic running.
Al Cox, an adult is being held as responsible for running the club. Superior Judge Erwin W. Owen said some of the boys told him they would be "bumped off" if they told where they got the liquor. County officers promised a "complete" investigation.

Potato Grading Move

Compulsory grading of potatoes according to the U. S. standards in the state of Oregon, and other regulatory provisions in the marketing of potatoes are provided for in a potato bill introduced to the house this morning by Children of Clackamas. Administration of the provisions of the act are placed in the state market agent.
Under this bill all potatoes hereafter sold or offered for sale or shipment in the state must have the container labeled with the name of the state in which the potatoes were grown, with the grade of the potatoes, the name and address or brand of the grower or dealer, and if sold for the seed the name of the variety.

New Cable Opened Across Atlantic

Announcement was made today by the La Grande office of the Western Union that the newest transatlantic cable between Newfoundland and the Azores has been opened for commercial traffic, effective today. The statement was accompanied by an announcement from Newcomb Carlton, president, that the traffic showed an increase of 11 per cent for 1928 as compared with 1927.
When the raiders closed in on the place, officers said it disgorged boys and girls "like an overturned rabbit hutch" and that there were cries, screams and frantic running.
Al Cox, an adult is being held as responsible for running the club. Superior Judge Erwin W. Owen said some of the boys told him they would be "bumped off" if they told where they got the liquor. County officers promised a "complete" investigation.

Historic Ring Displayed

A ring presented by Robert Burns to Mary Campbell, the Highland Mary of his poems, was recently displayed by Alexander Baird, the owner, of Dunoon, Scotland. The ring, which is now rather thin, is of gold, and resembles a "keeper" being carved on the inside. The initials "M. C." can be distinctly seen. Mary Campbell was born at Auchamore, near Dunoon.

number of bills introduced in the house during the session to 425. Representative Goldstein, of Multnomah, offered house bill 292, pre-empting the certificates of such established motor bus and truck lines are operating and requiring that new lines seeking to enter the field in Oregon must file their applications with the state public service commission, which shall hold hearings on the application after serving notice of such hearings upon the cities and towns and competing transportation lines and shall grant or deny the permission sought upon the basis of necessity and public convenience to be served by the establishment of competing service.
House bill 282, by Children of Clackamas, provides for the licensing, regulation and inspection of restaurants by the state dairy and food commissioner, and imposes a licensing fee of \$10 per year upon all restaurants to defray the costs of enforcement.
Representative Tompkins is the sponsor of house bill 480, which would designate the present county road between West Salem and the west side Pacific highway, by way of Dayton, as a part of the state highway system. Locally the road is known as the Wallace road.

Time Limit Included In Cruiser Bill

(Continued from Page One)
is some confusion in the minds of senators over the proposal to take out the time limit. He feels that it is not a proposal to postpone construction of the vessels. The Coolidge plan, however, was to eliminate the time restriction, while making appropriations for starting work on a substantial number of the vessels at once.
The senate wrote into the cruiser bill today a statement that it favors a treaty with the principal naval powers to regulate the conduct of belligerents and neutrals at sea.

CALL 20 WITNESSES

WASHINGTON, Feb. 5 (AP)— Resuming his hearing on flax, hemp and jute tariff rates, the house ways and means committee today called approximately 20 witnesses in an effort to clear the way for consideration tomorrow of wool rates.
As an aid to Oregon flax growers who have 290,000 acres under cultivation, W. B. Hartman, of Salem, Ore., asked duties of 2 cents a pound on flax tow, six cents on unbleached flax, and 8 cents on bleached flax. Present rates are three-quarters of a cent, and one and two cents respectively.

COL. LINDBERGH COMPLETES HOP TO NICARAGUA

(Continued from Page 1)
starting the second lap of his inaugural air mail flight to Panama, hopped off from Belize at 9:10 o'clock this morning. Eastern Standard Time.
The famous aviator, celebrated his 27th birthday yesterday in business-like fashion by making the first lap from Miami, headed for Tela, Honduras, enroute to Managua, Nicaragua, where he will spend the night.
Today's flight will carry the Colonel across the Gulf of Honduras to the Honduran coast, and from Tela straight across Honduras and Nicaragua mountains to Managua. When the colonel flew across Northern Nicaragua last year, there was some speculation as to whether he would become the target of Nicaraguan rebels then in the field, but this year the area is quiet.
The route which the air man will cover today totals about 500 miles over sea and mountains.
During his stay here yesterday Colonel Lindbergh, who is well known in Belize where he stopped last year on his famous good-will flight to Central America, was feted cordially despite his desire to make his trip purely a business affair.
In the afternoon Colonel Lindbergh made a short flight over Belize with Governor and Lady Burton and members of their suite. His chief object was to study the site of a future landing field from the air.
Important Date
The opening of the first railway in England took place September 2, 1825.

Captain Hawks, a former war aviator and multi-pilot, hoped to break the present west-east record which was established by Colonel Art Goebel in the "Yankee Doodle" which is a sister ship of the plane making the current flight. He was so confident of making the flight successfully that he telegraphed his wife in New York to be waiting at the landing field.
"We'll do it in either 14 or 17 hours--if we get the breaks," Captain Hawks said.
In the 1927 and 1928 national air tours Hawks was among the leaders winning places each year. Last year he was said to have flown 50,000 miles in commercial flights, carrying 7,200 passengers.
