Money back
Your grocer returns your money at our expense on any Schilling Product, for any reason whatever. Your statement is enough. Don't return the goods.

When tea is first toasted in its Oriental gardens—it has a fresh fragrant flavor that is lost long before you can enjoy it—lost crossing the Pacific.

But Schilling tea is toasted by a secret process that retains that fresh garden fragrance.

This toasting also draws certain hidden aromatic flavors to the surface of each tea leaf—fragrant flavors that you have never tasted before.

While still warm it is sealed in vacuum. A vacuum tin is just as important for tea as it is for coffee. Tea loses flavor when packed in any other way.

If you would like to know the real delight of truly garden-fresh tea—try a tin of Schilling's. Compare it cup for cup with any other tea. Your money back if you don't like Schilling's best.
