**SWIM IN COVE
POOL DESPITE
COLD WEATHER**

By Mrs. A. G. Conklin
(Observer Correspondent)

COVE, Ore. (Special)—The Cove swimming pool is still an object of much interest, even in the middle of the winter. There are visitors who take a plunge when the mercury registers only a few degrees above zero. Mrs. Senter says that last Sunday in spite of the bad roads, three young men from La Grande, Edwin and Harold Rogers and Howard Peterson, came through the snowdrifts for a dip in the pool.

Prof. C. G. Springer and part of his basketball team, Dean and Dell Pickett, Edward Bloom and Eugene Robinson, went to La Grande Monday evening to attend the drawing for the basketball tournament to be played at La Grande Friday and Saturday. Cove drew Wallawa for the opening game of the series which will be played at 6 o'clock Friday afternoon. The Cove boys realize that they have drawn a pretty strong opponent but their hopes are high for entering the tournament to be played at Union Feb. 28 and March 1.

Last Friday Mrs. W. A. McNeill received the sad news of the death of her sister, Mrs. Bates, at Tillamook. She left the same evening for Tillamook. Mrs. Bates has been ill in health for some time, but her death was a sudden shock to her friends as well as relatives.

The Cove basketball girls play the Tubbler sextette at Cove Wednesday, Feb. 27, at Cove.

Cove Athletic club will play Tubbler at Cove tonight.

A scientist predicts that we soon will broadcast odors by radio in addition to sound and sight. Is that anything new?

**MAGNOLIA NAMED
TO REFEREE BOUT**

New Yorker Unexpectedly Selected; Other Complications Develop

By Edward J. Neill
(Associated Press Sports Writer)

MIAMI BEACH, Fla., Feb. 20 (AP)—Now that a referee has been named who is satisfactory to both Jack Sharkey and Young Stribling, youthful gladiators in the civil war of the north and south, it would seem that the way is paved for a comparatively peaceful conclusion of the fight Jack Dempsey built.

It would seem so, but the under currents and loop holes in arrangements that brought about the naming of Lou Magnolia, tall New Yorker in place of Johnny Brassell, Boston veteran as referee of the heavy-weight match one week from tonight really indicate just the opposite.

Selection Unexpected
Magnolia, one of the most capable referees in the east, gained the assignment unexpectedly after a protracted and somewhat violent meeting last night of the fighters' managers and Jack Dempsey. The rugged New Yorker, a demon worker on fighters of the clinching type, replaced Brassell, and also Jack Sheehan, the alternate named by the Massachusetts state athletic commission.

Through the technicalities of fight contracts, it was explained that the Massachusetts commission merely was asked for an opinion on the qualifications of referees, that the boxers were able to get together and choose a man both ready to accept a few days ago.

Possible Complications
The possible complications, however, are manifold. Since Florida has no boxing commission and no ring code, a set of regulations acceptable to both boxers must be arranged. Conferees started today with Sharkey camp set stubbornly against any but Massachusetts rules, preclude draw decisions, and the fighting forces equally determined that New York state regulations shall rule the contest.

There is a chance, also, that the referee squabble has only started. Last winter the New York commission ruled that referees licensed within the state could not officiate indiscriminately in other sections of the country. Since the New York board has a working agreement with the Massachusetts commission, which seems to have been floated after acting in good faith, the well-informed believed that Magnolia might not receive permission of the home states to travel south.

Picking up Momentum
The match is picking up momentum each day. Visitors, arriving in flocks, have taxed housing facilities of Miami Beach to the utmost. Although accommodations are being found in neighboring towns, an addition to the arena will be completed tomorrow.

Financially, the struggle for success is over. The cash receipts today stood at \$256,000, the approximate cost of staging the match. Officials said that, with the exception of federal taxes, additional receipts during the coming week will total the Madison Square Garden corporation profit.

Three officials for the bout, all time keepers, have been chosen. They are Jimmy Dorr of New Or-

Coast's Leading College Swimmer

JOHNNY ANDERSON
Here is a picture of Johnny Anderson, star swimmer of the University of Oregon team, who holds a half-dozen coast conference and P. N. A. records. Johnny also proved to be an outstanding long distance swimmer when he won the Seattle Post-Intelligencer marathon swim over a 3 1/2 mile course last summer. In the national contest in the East, Johnny placed fourth in the 150-yard backstroke.

NEW YORK, Feb. 20 (AP)—Hadium-covered hooks that fish will be able to see in the darkness of the ocean depths will be used for the first time by William Beebe in an oceanographic expedition to Bermuda on which he will sail March 13.

Another innovation planned is the attaching of sounding wires to fish nets to enable those above to know when a catch is made.

NIGHT FIGHTS

By the Associated Press
SAN CLEMENTE, Cal., Feb. 20 (AP)—Tom Turner, president of the Portland club, traded Dave Barbee, outfielder, to the Seattle Indians of the Pacific Coast league, last season for Jack Knight, pitcher. Now he is trying to get Barbee back.

It was revealed today that Turner, during a visit to the Indian's training camp here a couple of days ago, made an offer to William Klepper, Seattle president, for Barbee. The bid was turned down.

Turner offered Edwin Tomlin, pitcher, who turned in a record of nine victories and eight defeats last season, for Barbee.

The number of Indians in spring training was increased to 29 yesterday with arrival of Barbee, Eddie Ainsmith, catcher, Rudy Kallio, pitcher who was obtained in a deal with Sacramento, and Larry Canton, twirling recruit from Sioux City, Iowa.

Charlie Horreani, catcher, was due in today.

**GEORGE
• UBLE •**
A LOT OF THE TIGERS' HOPES
ARE IN HIS RIGHT ARM.

The dopsters picking the Detroit baseball club as the dark horse in the coming American League pennant chase are taking into consideration the right arm of George Uble.

If Uble can regain the form of two years ago, the already strengthened Tigers should be in a nice spot to make a strong bid against the Yankees and Athletics.

Uble, who came to Detroit from Cleveland in exchange for Jackie Tavenor and Ken Holloway, has been taking treatments for his arm under a bright California sun and is reported eager for the sun.

That he has outlived his usefulness at Cleveland is generally accepted. Quite often, however, an athlete transplanted into new pastures enjoys a surprising reversal of form. This is one of the fondest dreams of the well-groomed Buckly Harris, manager of the Bengals.

**Railroad Team
Loses Three To
Bookmen Bowlers**

The O. W. bowling team, leading the city league, experienced a crushing defeat last night at the hands of the La Grande Book & Stationery quintet. A 27-point handicap was given the bookmen but, disregarding this, they scored a total of 2,594 to the Railroaders' 2,338. This gave the Bookmen a tie for second place and put the O. W. within striking distance.

Club was high for the Railroaders with 520 but was second to Campbell who scored 558. Hodgren was third with 509. All scores were above 400.

O. W.	1	2	3	Total
Bookmen	828	772	728	2,328
Railroaders	590	759	886	2,135

League standings follow:

**Mushy Callahan Is
Victor in Fresno**

FRESNO, Cal., Feb. 20 (AP)—Mushy Callahan, junior welterweight champion, won a technical knockout over Frankie Fuente of El Paso, Texas, here last night in the fourth round of a 16-round bout when Fuente's seconds threw in a towel to save Fuente further punishment.

Fuente was knocked down twice in the second round, once in the third and was off his feet three times in the fourth before the fight ended. Callahan weighed 147 and Fuente 143.

**Whitman College

**PEDRO AMADOR
IS BEATEN IN
PORTLAND GO**

PORTLAND, Ore., Feb. 20 (AP)—Billy Townsend, Vancouver, B. C. lightweight, apparently on the road to a dramatic win in the fourth round of his thrilling battle with Pedro Amador, the fighting San Blas Indian of Panama, came back in the sixth round to win on a technical knockout. Billy was floored for the count of eight with smushing left hook in the pit of the stomach as the fourth ended. The blow took all his wind and made him sick. He took more punishment and was senseless in the fifth. They came out for the sixth with Billy somewhat revived and with the round about half over, Townsend shot his first twice against the same Indian's jaw. Amador staggered up at the count of eight and Townsend was setting to deliver the finishing punch. Referee Gruman stepped between them and stopped the battle.

In the preliminaries Fred Kelly took a decision over Bobby Vernon; Billy Church knocked out Sammy Goldstein in the third round; Frankie Warnecke and Bob Judd went six rounds to a draw and Sam Warren got a technical knockout over Speed Murphy in the fourth.

FIGHT WHIRLWIND DRAW

LOS ANGELES, Feb. 20 (AP)—Ernie Peters, the Chippewa Indian from Chicago, and Speedy Dado, flashy Filipino flyweight, fought a whirlwind ten-round draw here last night. Knocked down for a no count in the first round, Peters made a strong finish in the last canto to earn a draw. The decision was not altogether popular with the crowd.

PORTLAND BLANKS VICTORIA

VICTORIA, B. C., Feb. 20 (AP)—Smarting under their overwhelming defeat by Vancouver, the Portland hockey team vented their wrath on the Victoria Cubs here last night, and skated away with a 4 to 0 victory.

**Vandals Beaten
At Corvallis In
Close Tilt, 44-39**

CORVALLIS, Ore., Feb. 20 (AP)—Oregon State college basketball youngsters pulled a surprise on the fast going Idaho Vandals here last night, sending the latter home with a 44 to 39 defeat. The Staters led from the start, the first half ending 25 to 12 for the Oreganmen, with eight of Idaho's points gained on free throws. McMillan, Idaho's forward and leading scorer, accumulated 15 points, doing most of his execution in the second half, being down to 150 counts in the first by Buck Grayson's fine checking. Aase stated the scoring for the Staters and from then on it was an Oregon parade.

**Everett Billiard
Player Takes Lead**

LOS ANGELES, Feb. 20 (AP)—M. C. Wallgren, Everett, Wash., cue artist took the lead in a match for the amateur 18.2 balling billiards championship of the Pacific coast here last night by defeating Joe Chamorro of Los Angeles, 309 to 279 in the first block of a 900 point match.

Trailing Chamorro 58 to 107 at the end of the tenth inning Wallgren gave an exhibition of high class billiards with a beautiful run of 99, to take a lead which he never relinquished. Chamorro's high run was 28.

SWIMMERS TO MEET

LOS ANGELES, Feb. 20 (AP)—The University of Southern California swimmers will meet the fast paddlers of the University of Oregon here Friday night in a meet and water polo game. The Web-footers of Oregon boast of some of the fastest paddlers in collegiate ranks.

Eggs Long Human Food
Eggs appear to have been used as a food in all ages. The ancient shepherds in the Far East were accustomed to carry them in a sling. Homer says that the Romans began their custom of smothering with eggs. It is probable that they formed one of the main foods of primitive mankind.

Triumph of Genius
Jo Hoffmann posed for Whistler's "White Girl," or, as Pennell says, "This plute was most likely done when Jo, tired out, threw herself back and refused to pose any longer, and yet Whistler, never tired, always with so much more to do than he knew he ever could do, seized the chance, and made an other masterpiece."

**Fuel system of the
new Ford has been
designed for reliability
and long service**

THE practical value of Ford simplicity of design is especially apparent in the fuel system.

The gasoline tank is built integral with the cowl and is unusually sturdy because it is made of heavy sheet steel, terne plated to prevent rust or corrosion. An additional factor of strength is the fact that it is composed of only two pieces, instead of three or four, and is electrically welded—not soldered.

Because of the location of the tank, the entire flow of gasoline is an even, natural flow—following the natural law of gravity. This is the simplest and most direct way of supplying gasoline to the carburetor without variations in pressure. The gasoline feed pipe of the new Ford is only 18 inches long and is easily accessible all the way.

The gasoline passes from the tank to the carburetor through a filter or sediment bulb mounted on the steel dash which separates the gasoline tank from the engine. The carburetor is specially designed and has been built to deliver many thousands of miles of good service. Since all adjustments are fixed except the needle valve and idler, there is practically nothing to get out of order.

The choke rod on the dash acts as a primer and also as a regulator of your gasoline mixture. The new hot-spot manifold insures complete vaporization of the gasoline before it enters the combustion chamber of the engine.

As a matter of fact, the fuel system of the new Ford is so simple in design and so carefully made that it requires very little service attention.

The filter or sediment bulb should be cleaned at regular intervals and the carburetor screen removed and washed in gasoline. Occasionally the drain plug at the bottom of the carburetor should be removed and the carburetor drained for a few seconds.

Have your Ford dealer look after these little details for you when you have the car oiled and greased. A periodic checking-up costs little, but it has a great deal to do with long life and continuously good performance.
