To Celebrate Anniversary—
The members of the Christian Endeavor society at Perry are having a banquet and program this Friday evening, commemorating especially the 48th anniversary of the founding of Christian Endeavor.

neon there was a luncheon also. Girls are talking about 'schools for next year' etc., evidencing the fact that the end of their year's work is at least being anticipated.

County apparatus finished opening the lower Cove road yesterday and residents of that locality can get to either highway.

Farming Trend In Wallowa And Union Changing

In keeping with predictions made by agricultural authorities, as well as following pleas made by them, there is an increasing tendency among farmers of this and Wallowa counties to get away from the straight grain farming, according to G. C. Meek, of Wallowa, who also says that the straight grain farming has in the majority of instances not proved to be a paying proposition during the past number of years.

The change to other classes of farming operations has been marked by the increase in the number of dairy cows being kept on the farms and toward production of more hogs, sheep and so on.

Along with this change in methods of farm management have come problems which make necessary the planting of other crops in order that the proper kinds of hay, pasture etc may be had. This condition has caused various farmers over the country to try some experiments with such crops as sweet clover, dry land alfalfa and other grasses which provide a better class of summer pasture.

Truman Poulson of Promise, reports that he himself and other farmers in his section have been fairly successful in getting good stands of Grimm alfalfa started on their farms and that hay yields from these plots have been very good, it being possible to get one good cutting and a fairly good second crop in even dry years.

Two little lads at Wallowa figured in serious accidents last week, and in one case the accident might easily have resulted very seriously. The baby daughter of Mr. and Mrs. Pete Knott was severely burned when a kettle of boiling water fell from the top of the stove, the contents having been emptied on the child's thighs and back of the legs.

Another blood transfusion was planned for early in this week but the change and then the end came before it was resorted to. Mrs. Sanders leaves four small children besides her husband, who is the manager of one of the filling stations at Elgin. Her mother, Mrs. Ed Combs lives at Summerville. The funeral was held yesterday at the Summerville chapel.

The demand for hay has readily been increased as the cold weather and deep snow has remained. Much hay has been shipped from this point by railroad and more has been hauled out by trucks, most of this going to Union and nearby points. Tuesday of this week, Messrs. Butterfield and Pace of Enterprise, live stock man and banker, respectively, were here buying hay and made purchases of C. J. Forstrom and others. It is reported that hay in storage by dealers here and at Haines is about sold out. Bidwell-Evans company

A SEASONABLE RECIPE
"California" Chicken Pie
1 can tuna fish (12 oz.)
2 carrots diced.
2 medium potatoes, diced.
1 medium onion, chopped.
1 cupful peas.
1 tablespoon butter.
2 tablespoons flour.
1 cupful milk.
1 teaspoon salt.
1/2 teaspoon paprika.
Dash of pepper.
Pastry.

Boll carrots, potatoes, onions and peas together until tender in a small amount of salted water. Make a white sauce as follows: Melt butter, add flour, and cook until bubbling; add the milk gradually and cook till smooth and thickened. Add seasonings and mix sauce with the tuna.

Line a baking dish with plain pastry. Fill with the vegetable and creamed fish in layers. Cover with an upper crust in which vent holes have been made. Bake until the crust is browned.

SIXTH UNION COUNTY CONFERENCE OPENS HERE MONDAY, FEB. 25

The Sixth Union County Economic conference is practically upon us. The sessions open Monday morning at 10 o'clock for the men and at 1:30 for the women, and they will continue through Saturday. The plan of the program this year has been changed considerably from those of previous years, an arrangement which, those who know say, will give much better results, will permit the attendance of more specialists in the various lines and will allow any person to attend the sections in which he is especially interested and not attend at other times. We give in detail today the program for the first three days and on Tuesday will give the program for the balance of the week.

Plan to attend. Union county was a pioneer in this work and the support by attendance should be very nearly 100 per cent, roads and weather being taken into account.

Dairy Day, Feb. 25th
Chairman, S. T. Baile
10 a. m. Progress in Abortion Control. N. C. Jamison, Dairy Specialist, O. A. C.

10:45 a. m. The Cow Testing Association. Hans Seltors, Cow Tester.
11:15 a. m. Hay and Pasture Discussion. W. Wray Lawrence, Acting County Agent.

11:45 a. m. Summary of Local and Farm Home" project. Mrs. Jessie D. McComb, State Home Demonstration Leader, O. A. C.

1:15 p. m. Dairy Outlook Situation. N. C. Jamison, Dairy Specialist, O. A. C.

1:30 p. m. Cream Grading and Marketing. J. D. Mickle, State Dairy & Food Commissioner.

2 p. m. Cooperative Marketing of dairy products. W. B. Wagner, Payette Cooperative Creamery Ass'n.

2:30 p. m. Dairy Feeds. N. C. Jamison, Dairy Specialist, O. A. C.

Home Makers Day, Feb. 25th
Chairman Mrs. W. T. Phy
1:30 p. m. Review of 1928 Resolution etc.

1:45 p. m. Talks, "Feet, Shoes and Health." Miss Ruth Glasgow, Director of Physical Education for Women, O. A. C.

and Farm Home" project. Mrs. Jessie D. McComb, State Home Demonstration Leader, O. A. C.
