Income Tax Pointers

No. 22

Depreciation may be claimed on all business property, which includes not only buildings and machinery of a permanent character, but automobiles, farm tractors, mining and mill equipment, office furniture, and books. A lawyer, doctor, or other professional man may not charge off as a current expense the cost of a library used wholly in his profession, this being a capital expenditure and the library a capital asset. But he may deduct an allowance for depreciation, based upon the useful life of the library.

A new provision included in the recent act of 1928 is that in the case of property held by one person for life with the remainder to another person, the deduction for depreciation shall be computed as if the life tenant were the absolute owner of the property and shall be allowed to the life tenant. In the case of property held in trust, the allowable deduction shall be apportioned between the income beneficiaries and the trustee in accordance with the pertinent provision of the instrument creating the trust, or, in the absence of such provisions, on the basis of the trust income allocable to each.

Florida Woman, 119, Is Laid To Rest

SANFORD, Fla., Feb. 28 (AP)—While more than 150 children, grandchildren, great grandchildren and great-great grandchildren mourned, six middle-aged grandsons yesterday bore to the grave the body of Mrs. Viney Oglesby. Mrs. Oglesby died Monday at an advanced age of 119 years.

Colonel Lindbergh chose a quiet, home-loving girl as his life's companion. An aviator, but evidently he doesn't care for the flighty kind. Each of us has \$2.69 less than he had a year ago, we are told by the Treasury Department. One fact that probably will not be ascribed to Republican prosperity.

STOP THE FAT AND GET THIN

The way to reduction is to stop the formation of fat. Modern science has found that way—by turning your food into fuel and energy—by supplying a natural element that helps do that. It is much better than starvation. That modern scientific method is embodied in Marmola's prescription tablets. People have used them for 20 years—millions of boxes of them. Now the results in slender figures, new beauty and vitality, are seen everywhere.

Each box of Marmola contains the formula, also the scientific reasons for results. So you know the effects are beneficial, and why they all occur. Learn what so many have learned in 20 years about it. Do it now. Ask your druggist for a \$1 box of Marmola and learn what it means to you.

AT THE THEATERS

Northern Film Showing At Star Theater

A photoplay as gripping as its title and as soul-searing as life is "The Grip of the Yukon," to be at the Star, opening Friday.

Francis X. Bushman in the leading dramatic role gives a portrayal that brings a catch in the throat and tears to the eyes. In the tragic role of a Yukon miner, who is the only survivor of an icy catastrophe which carries away the only people he loves, Bushman gives a powerful and deep delineation.

Neil Hamilton and June Marlowe inject a powerful romantic theme into the picture. Here are two young people who are outstanding. Hamilton being an exceptionally handsome and virile type and Miss Marlowe, beautiful and appealing. Both play their roles splendidly.

"Girl on Barge" Opens Run At The Arcade

Universal's "The Girl on the Barge," which opens today at the Arcade theater, is a photoplay of unusual charm.

It has everything that makes an outstanding picture—beautiful natural locale, a powerful story and a capable cast all under inspired direction.

Jean Hersholt, the beloved character star, has the leading role, into which he puts all his ability to bring out of what might be an ordinary villain, the character of a mean-tempered old man who is more to be pitied than censured.

The more simple method of getting rid of body lice on towels is to paint the top of the towels, inside the experiment station. Painting with a small amount of neocote sulfate kills not only the lice but the nits as well. A small quantity will prove effective applied just before the chickens go to roost at night. This treatment is harmless to the chickens.

BEWARE THE COUGH FROM COLDS THAT HANG ON

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a medical discovery with two-fold action; it soothes and breaks the inflamed membranes and inhibits germ growth.

Of all known drugs creosote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritation, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (adv.)

GETTING EVEN

The grouch was dissatisfied with the letter which his stenographer presented for his signature. He signed it, but made her put it back in the machine and add—"P. S.—Dictated to a poor stenographer." She folded the letter and put it in the envelope, but no sooner was her employer's back turned than she took it out and added—"P. S. No. 2—The reason I am so poor is because he pays me only \$8 a week."

Smith—I'd like to be able to meet famous people like Hoover and Lindy.

Brown—I'd be happy if I could meet the installments on the car and furniture.

Why take life too seriously? You'll never get out of it alive.

Husband—"I hate to admit it, dear, but I bought another \$10,000 policy."

Wife—"Oh, I could kill you!"

A woman of Jacksonville, Fla., saw what she thought were alligators in a city sewer. Police arrived with ropes and axes to find two city employees working.

The Russian revolution separated Eugene Brunel of Daytona Beach, Fla., and his son Basil for 11 years.

Eats Big Steak And Fried Onions—No Gas

"Every time I ate I had terrible stomach gas. Now, thanks to Adlerka, I eat steak and fried onions and feel fine."—Mrs. J. Julian.

Just ONE spoonful Adlerka relieves gas and that bloated feeling so that you can eat and sleep well. Acts on BOTH upper and lower bowel and removes old waste matter you never thought was there. No matter what you have tried for your stomach and bowels, Adlerka will surprise you. Red Cross Drug Store.—Adv.

Bad weather is almost over in Oregon and ground preparation may be made when sufficiently dry. Soil texture is best preserved when the ground is not made fit too early, an cultivation at this time is likely to ball the ground which will dry hard and lumpy.

Resolution Asks News Print Probe

WASHINGTON, Feb. 28 (AP)—Investigation by the federal trade commission of the news print manufacturing industry to determine whether attempts have been made to create a monopoly of paper supplied publishers and small dailies and weeklies was directed in a resolution adopted by the senate.

The resolution introduced yesterday by Senator Schall, republican, Minnesota, authorizes the commission to hold hearings and to submit a report and recommendations of legislation as soon as practicable.
