Sanford, of Portland, who returned last night to his home, following a business trip in Enterprise. The Forsythes returned this morning. They report that the La Grande-Wallowa Lake highway is in fine condition for traveling.

**Church Play Night**—Members of the Presbyterian church and congregation are invited to a Thursday evening social to be held in the basement of the church. Fellowship supper will be at 6:30 o'clock, followed by a program of games, stunts, etc., directed by Mrs. Stella Huse, Miss Margaret Anson and Miss Arta Verby. "Whether you were in attendance at the school of missions or not, you are invited," the Rev. J. George Wain says. Each family is requested to bring sandwiches and some other dish.

**Aldrich Returning**—The Rev. Ira B. Aldrich, pastor of the Methodist church at Bend, Oregon for the past three years, has been asked to be released from the pastorate for a time and will again take up his residence here in his apartment building at 707 Fourth street in La Grande. Mrs. Aldrich will be remembered by many for her singing in church and social circles. His daughter, Ruth, will be a sophomore in the local high school and an older daughter, Heidi, who is a junior in Gooding college, will be at home for the summer. By request of the church authorities Mr. Aldrich is remaining in Bend until Easter, and will move to La Grande the first week in April.

**K. P. Plans Made**—Plans were made at the meeting of the Knights of Pythias lodge in La Grande last night for attending a ball at the district lodge meeting to be held at Wallowa the latter part of March, either the 27th or the 30th. At the meeting last night two candidates were initiated into the first rank.

**Legion Meeting**—The American Legion and the Legion auxiliary will hold meetings tomorrow night at 8 o'clock at Honan hall. It is announced also that after the meetings the two organizations will join for a program and for refreshments to be served by the auxiliary.

**Go to Wallowa**—Emerson Dooliver, of Seattle, Wash., passed through La Grande today on the way to Wallowa where he will inspect the chlorinator used for the city water system there. Water is divided into two classes, Mr. Dooliver says. There is surface water which includes rain water which runs into a creek or river. The other kind is spring water which, if taken where it bubbles up from the spring is pure. Snow water, Mr. Dooliver says, is no more pure as a rule than other kinds. It is very soft, lacking the mineral content which appears in other types. The use of chlorine for sterilizing drinking water is common in all cities on the Pacific coast, he says. Chlorine kills typhoid and other kinds of germs.

**Judge U. G. Couch Returns**—County Judge U. G. Couch returned to La Grande this morning after a seven weeks' sojourn in Oakland, Cal. Mrs. Couch will return home next month. Her friends here will be glad to hear that her health has been greatly improved during the California visit and her family and relatives are much encouraged. "During the time she has been in California there has been some part of each day which was pleasant enough for her to take a walk in the fresh air," Mr. Couch says. They visited with their daughter, Mrs. O. K. Smith, whose home is in Oakland, in Santa Maria, Cal. Mr. Couch saw J. E. Morris, who came to La Grande in 1882 and left in 1883 and has not been back since. He is a cousin of Henry Lewis, of La Grande. One day in January while riding on a street car in San Francisco Mr. Couch saw Judge C. H. Finn walking along the street. Judge Finn is a former resident of this city and was here for a visit about a month ago. The Californians have been complaining of a long, cold winter, Mr. Couch remarks. "It didn't seem so cold to us." On some days in January and February the thermometer got as low as 32 degrees above which is cold in California. Last Friday and Saturday, however, were the warmest days of the year.

**Reduction of automobile license fees an average of 25 per cent through the addition of a one-cent tax on gasoline.**

**Constructed a complete six-year program involving creation of a paid tax commission of three members, providing for an equalization of assessments calculated to add \$500,000,000 to the state tax rolls, levying 5 per cent taxes on banks and other corporations, and the earnings of stock, bonds and other securities.**

**Enacted a personal income tax measure, which comes outside of the recommendations of the property tax relief commission, and is already threatened with the referendum which would make it inoperative before November 1930, even if it is finally approved by the people.**

**Further recommendations of the tax relief commission enacted into law, subject to the approval of the governor, limit the bonded indebtedness of municipalities and other taxing units and provide for uniform budgeting and accounting systems throughout the state and its subdivisions.**

**Two other measures passed and approved by Governor Patterson impose upon persons voting at special elections the necessity of owning real or personal property subject to taxation.**

**Enacted a measure providing for the matter directly into the supreme court and secure an early determination of the points at issue.**

**Among the plans for conducting a defense of the 35 resolution discussed was that of mandating the secretary of state and treasurer to issue and pay the warrants for the expense money. Such action, it was argued, would cut the matter directly into the supreme court and secure an early determination of the points at issue.**

## Gay Splash Of Color Features Inaugural Ball

WASHINGTON, Mar. 5 (AP)—A gay splash of color rising out of the wet drabness of the weather marked the evening's end of inauguration day.

The inaugural charity ball ushered the day into history with a blaze of bands, a riotous mass of brilliantly colored gowns, and a ceremonial dash of officialdom in the persons of 30 governors of states and the vice president of the United States.

With Mrs. Edward E. Gann, his sister, and official Washington hostess, on his arm, the vice president made his way through a hurriedly lined pathway across the floor of the old Washington auditorium, to the stage reserved for the dignitaries.

The barn-like structure was transformed by a mass of national and state flags that draped from every corner of the ceiling and balcony. The boxes were resplendent with their rhinestone-bedecked women and the gold-braided officials who hovered gallantly in the background.

With Curtis and Mrs. Gann were the two Curtis daughters, Mrs. Leona Curtis Knight, of Providence, R. I., and Mrs. Elizabeth Curtis George, of Fort Sill, Okla. The dark, Indian-like beauty of the two girls was vivid against the brilliant background. Mrs. Knight, dark, and slim, wore a crimson and silver lace gown that flared gracefully about her ankles. Mrs. George, just as dark, and bearing a remarkable likeness to her sister, wore a white satin frock and a brilliant cerise shawl which was thrown carelessly over one shoulder.

Mr. Hoover also received delegations from Florida and Texas. These are two of the four states of the solid south which cast their electoral votes for the president.

heating, due to the cold weather which stopped nearly all construction work temporarily.

**Electricians Busy**—Electricians have been busy since last week on the wiring. The plumbing and heating plant installations are under the direction of the Hastorf-Lord, Inc., of Portland.

The work on the normal is being done by the Northwest Contract company.

**Total of 67 Rooms**—The building will contain a total of 67 rooms counting the corridors. All of the class rooms average in size about 24 by 33 feet. The largest room in the building is located in the basement. It is 24 by 30 feet and will be suitable for a class room, cafeteria, laboratory or can be divided into smaller rooms for other purposes. The corridor runs the full length of the basement, with rooms located on each end of the basement.

Besides the boiler room and large room in the basement there are four other rooms of considerable size.

The auditorium including the stage is 80 by 75 feet in size.
