Copper And Rail Shares Active In Street Today

NEW YORK, March 5 (A.P.)—Heavy buying of the railroad and copper shares turned the general course of stock prices upward today after an early period of irregularity, early losses, which ran from 2 to 5 1/2 points in more than a score of issues, were substantially cut down, or wiped out, and a long list of issues sold 1 to 9 points above yesterday's final quotations. Trading was only moderately heavy in volume.

Prices began to crack in the final hour when the call loan rate was boosted to ten per cent. The railroads and coppers came down one to 3 points to their high levels while Johns-Manville was forced 5 1/2 points under its previous close. Electric Auto Lite 5, International Telephone, Montgomery Ward and Safeway Stores 4 each, E. S. Steel was among the issues to lose several points. The close was heavy.

Prices approximated \$200,000 shares. "Do Bor Coda" The common cold must be taken seriously, says one of the experts. In which case, it may be averted. It will probably be taken less frequently. —Boston Evening Transcript.

Over The Valley

Mabel K. Morton, Valley News Editor

(Continued from Page 6) strychnine, poisoning from 50 to 1000 daily. Of the 2000 shipped to outside points, 100 were white tail rabbits, which netted the shippers 40 cents each. Mr. Ringer stated, Worth brothers of the Medical Springs vicinity poisoned 1500 rabbits.

The Ringers cleared their section of rabbits quite thoroughly and went to Unity, where they poisoned 50.

When the weather becomes warm and the ground soft the rabbits will not eat the poison. Mr. Ringer said. It was pointed out that farmers by poisoning the fleet footed animals during the winter months could enjoy a tidy revenue and at the same time save themselves and their neighbors hundreds of dollars annually by eradicating the destructive pests. Jack-rabbit hides were selling recently at from 10 cents to 12 cents, according to quotations received here.

Mrs. Sefton Improves—Friends in the valley have received word to the effect that Mrs. Fred C. Sefton formerly of Elgin is recovering splendidly from her recent severe operation. She has been at the Willamette Sanatorium at Salem. Mr. and Mrs. Sefton were former owners of the Elgin Recorder.

Sunday at Home—The Misses Merle and Ardath Frizzell went to their home at Pleasant Grove Saturday and spent the weekend with their parents. Miss Merle who has been attending the business college all this year, finished her work this week. Miss Ardath is a student at the La Grande high school.

Have Big Meeting—Sunday evening the young people of the Island City Community church entertained the Epworth League from La Grande and there was a very large crowd present. Several car loads driving out from La Grande. The lesson topic had to do with American Indians and the hosts and hostesses had their church very prettily decorated with Indian blankets and shawls and had other curios on

exhibition. Pussy willows, also, in profusion, were used in the decorations. Bliss Lentie was the leader of a very enthusiastic and peppy meeting. The regular devotional hour was preceded by a social hour, which really was two hours long.

Day in County—Roy Fugate, of Portland, working under the United States biological department arrived in the county today and will spend some time here mixing poison to be used for the control and extermination of squirrels. Mr. Fugate is not from the college but cooperates in every way with it.

Down From Joseph—Miss Margaret Baker who teaches out from Joseph came down to La Grande to spend the weekend at the home of her parents. Mr. and Mrs. Roll M. Baker. She made the trip by stage.

Day in La Grande—Miss Adella Gates, teacher in the Enterprise high school came out Saturday for a visit with friends in La Grande.

Preaches in Lostine—Rev. George Waiz, pastor of the La Grande Presbyterian church drove to Lostine Sunday at the conclusion of his service here and preached in the afternoon for the Lostine congregation. The Lostine church is without a minister since Rev. Shields, who had served there for several years recently took up the pastorate in Enterprise.

Funeral of Miss Roberts—The funeral of Miss Ida Roberts, held yesterday at the Cove was very largely attended attesting to the esteem in which the deceased was held in that part of the valley. Miss Roberts was very active in church, school, fraternal affairs at Cove. Mrs. Grace, her sister, aged librarian at Cove is now left alone.

To Attend Banquet—Great interest is manifest in different localities over the Christian Endeavor banquet to be held at La Grande Thursday evening honoring the presence of Paul Brown, a Pacific coast official in that organization. Elgin, Lostine and Perry will have good delegations present, and word comes of a large delegation coming from Baker.

Pistachio nuts are imported from Sicily, Syria and Persia. Cashews are grown in India, Mexico and the West Indies.

After 50 Years of Service

De Laval Points the Way to Still Greater Dairy Profits

THE De Laval Company is celebrating its 50 years of unparalleled service by offering to the public the finest line of cream separators ever made. They are known as the "Golden Series" and we believe you will agree after seeing them that they are the most beautiful, convenient, and easiest running separators you have ever seen.

But the best of it is that these Anniversary Series De Laval will soon pay for themselves. They have the wonderful "floating bowl"—the cleanest skimming bowl ever made.

In order to show exactly how much money is being lost by poor separators, De Laval Dealers in 17 states during the past year held hundreds of tests, in which the skim-milk from some separator chosen at random in each community was run through a new De Laval and separated again.

In all these tests De Laval Separators never failed to recover butter-fat from such skim-milk. The butter-fat recovered in this way was immediately weighed and tested at the local creamery or cream station, and varied in value from a few cents to over a dollar.

The average results from all the tests showed that the separators from which De Laval skimmed the skim-milk were losing butter-fat at the rate of \$78.00 a year.

We shall be glad to demonstrate a "Golden Series" De Laval for you.
