

SOCIETY NEWS

"Guest Day" Is Observed Here By D. A. R. Yesterday

"Guest Day" was observed yesterday by the Daughters of the American Revolution with the chapter's regent, Mrs. H. G. Smith as the hostess assisted by Mrs. Buck and Mrs. Itay Murphy, all of whom were attired in the lovely colonial costumes. It was a most interesting meeting and one thoroughly appreciated by the daughters and their guests who were present. The program for the afternoon centered about the Sesqui-centennial observance of events connected with the capture of Vincennes. Its importance and significance to the entire northwest holding as it does a tremendous fascination for all interested in the history of our country and particularly this part of it. Adding very greatly to the discussions of the afternoon was the contribution which Mrs. Smith and Mrs. Buck were able to give. Having been born in Vincennes and thus having acquired a very intimate and personal knowledge of the history of that locality, they added a decidedly personal note and gave a number of touches to the picture which historians and story writers do not give and which made the program unusually interesting.

At a business meeting held during the afternoon, it was announced that flag codes had been distributed to a number of the local schools and that all would be supplied. These codes are now before the judiciary committee of Congress who have been asked to report favorably on their adoption as the standard and official code for the proper use of the country's flag. Mrs. F. A. Epling, who was a guest during the afternoon, told about the Caney Creek Community Center in Kentucky and the chapter voted to make a gift to this particular work.

In the dining room at the close of the afternoon, refreshments were served by the hostess assisted by Mrs. Murphy and Dr. Margaret Ingle. Red, white and blue were the predominating colors and the table was prettily with its red carnations and colored candles.

Mrs. Walter Lane Entertains Club

Mrs. Walter Lane entertained the Helonala club yesterday afternoon with three tables of bridge, high score prize going to Mrs. Clyde Hoppel and second to Mrs. Denver Charlton.

A two-course luncheon was served by the hostess. Decorations

followed the St. Patrick's motif. Baskets of pussy willows were arranged about the room.

March 29 is the date set for the next meeting of the club at the home of Mrs. Clyde Charlton.

Mrs. Ira L. Howell entertained at bridge last night at her home at 1916 W. avenue. A color scheme of green and yellow was used to carry out the St. Patrick's motif. Mrs. Blake Shields and Mrs. Howard Evans received first and consolation prizes respectively. The hostess served a two-course luncheon assisted by the Misses Maud and Thelma Lamm.

The guests were: Mrs. Orville Wright, Mrs. Wade King, Mrs. Viola Halsey, Mrs. Orson Brandt, Mrs. Evans, Mrs. Shields, Mrs. Nolan Skiff, and Mrs. Ray Brown.

Division A of the Loyal Sisters Aid of the Christian church met Wednesday afternoon at the home of Mrs. H. L. Putnam. Mrs. Harry Sander, president, called the meeting to order and prayer was offered by Mrs. Putnam.

Plans were made for the meetings of the division for the coming month. Sixteen members and three visitors were in attendance. Refreshments were served by the hostess and her daughters.

The Parent-Teacher association of Hiveria school is planning a meeting for tomorrow night at 7:30 o'clock at Lane chapel.

E. D. Towler, principal of La Grande High school will talk and a vocal number will be given by Mrs. W. H. Collingswood and piano numbers by Melba Shepherd and Gail McMaisters.

Mrs. Davis' camp fire girls group will also take part in the program.

At the silver tea given by the Supreme Forest Woodman Circle lodge Monday night Mrs. Fay and Mrs. Eva Olson assisted Mrs. Oliver, the hostess. In a former item it was stated that Mrs. Force instead of Mrs. Olson assisted.

Elect Mrs. Weeks As Lodge Delegate

Mrs. Stella Weeks was elected delegate to attend the convention of the Royal Neighbors of America to be held in North Bend in Coos county, Mar. 29, when the Royal Neighbors met last night. Mrs. Weeks will be accompanied by the district deputy of the lodge from Baker.

It was decided that the lodge meetings be held in the I. O. O. F. lodge rooms instead of the Knights of Pythias hall where the meetings are now held.

Mrs. Alta Winburn, organist, presided at the meeting.

Announcements

Chapter I of P. E. O. will meet for a 1 o'clock luncheon at the home of Mrs. A. B. Moe at 1704 Cedar street Friday with Mrs. Moe and Mrs. A. R. Hunter hostesses. Mrs. Lynn Wright will have charge of the program.

The Good Times Dancing club will hold a dancing party tonight at the La Grande hotel. It is a St. Patrick's dance and is in charge of Mr. and Mrs. Reynaud.

MENUS

By Sister Mary
Milk and fresh vegetables combine with eggs to make a perfect meal. Milk supplies the lime lacking in eggs and fresh vegetables furnish bulk as well as the mineral content. However, the mineral content of eggs is fairly high, so vegetables should be chosen chiefly for their "roughage."

Many grown-ups will welcome eggs if mushrooms are added for flavor. A bit of anchovy paste adds zest to the mildly flavored egg. A cream soup makes an excellent beginning for the dinner in which eggs figure as the main dish. Poached eggs on a bed of hot, nicely seasoned spinach make an attractive and satisfying "piece de resistance" for the Lenten season as the most fastidious may desire and if there are no children under 10 years of age at the family table the ways of cooking eggs are legion.

Eggs and Mushrooms
Six eggs, 1/2 pound mushrooms, 3 tablespoons butter, 1 tablespoon flour, 1/2 teaspoon salt, 1/2 teaspoon pepper, 1 cup milk, triangles or rounds of hot, lightly buttered toast.

Hard cooked eggs. Wipe or peel mushrooms and break in pieces. Melt butter, add mushrooms and cook over a low fire for ten min-

Grain Unhurt In Wallowa County During Winter

By G. C. Meek (Observer-Contributor)
WALLOWA, Ore. (Special)—Warm spring-like weather has prevailed over this section of the country lately, causing the snow to melt rapidly. The warmth has drawn most of the frost from the ground and no great lot of water is running off. Practically all of the snow has melted in the roads in the valley and lower hill sections. However, travel with wheeled rigs is quite difficult on some of the roads because of deep drifts that still exist in some places. Where the snow has been melted for any length of time the ground is drying and settling rapidly.

Some of the winter wheat crops in the hill sections has been uncovered recently and according to reports from farmers show appearances of having come through the winter in fine condition. Little fears were felt of damage being done to the wheat crop by severe freezing in early winter, when only lightly covered in snow, because of the fact that the small amount of moisture which fell last fall was not sufficient to wet the ground to any great depth and as a result the soil did not freeze. With the leaving of the snow the feed situation has been greatly relieved and most of the farmers now feel that they have sufficient feed to tide them over until the grass gets a start. Some stock are being put into the bushgrass pasture where there is a considerable amount of old grass which is providing some food for horses.

E. A. Downing and wife, of Leap, were visitors in town the first of the week. Because of the great depth of snow in the hills in the Leap section and no studding on this end of the road, Mr. Downing found it necessary to put four horses on his hack to pull it through the deep snow for about four miles.

Mrs. Victor Hearing last week started teaching the Liberty school in Middle Valley. The teacher's position there was made vacant by the resignation of Mrs. Emeretta Moffitt.

Mrs. P. A. Downing returned here the first of the week from Idaho, where she has been for the past several months visiting her sons J. A. and Harvey Downing. She is bringing her daughter Mrs. Pete Knott as present.

Some portions of the Whiskey creek road has been quite deep in water during the past week, because of water backing in a number of places with deep snow and some small slides off the hill sides.

E. N. Hunter, who has a few over 200 head of ewes at his farm in Middle Valley, has been busy the past several days lambing. Up to this time Mr. Hunter reports excellent success in saving the young lambs. From 100 ewes which lambed last week, he has 150 lambs. H. D. Bechtel is also in the midst of lambing and reports very good success.

James Crowley spent a few days at the H. D. Bechtel farm during the past week, helping with the lambing.

Mrs. H. C. Hearing and Miss Ann Murphy were visitors in town the last of the week.

Dee Gastin has been at the Charles Knouse farm near Lostine helping Mr. Knouse cut wood. Sam Meek and A. W. Harmon, of Leap, attended the Moffitt sale in Middle valley Thursday. The sale was attended by a large crowd and the greater part of the stock and machinery is said to have brought very satisfactory prices.

John Couch, of Leap, was a business visitor in town the latter part of the week.

A number of exceptionally large lambs have been reported by farmers in various parts of this community during the past three weeks, ranging in weight from 15 1/2 to 22 pounds each, with the largest being reported by G. C. McLean, of Middle valley.

Some of the farmers who did not get all of their horses off the ranges at the start of winter have been out to some of the ranges since the deep snow has settled, in some instances the horses are said to have fared pretty well while other have been found which were very thin.

A dance was given at the H. H. Whitmore farm in the Chapman district Friday night and according to some of those attending a large crowd was present all reporting an excellent time.

Mrs. J. J. Chapman, of Lostine, was a visitor in town the last of the week.

BEFORE MIDNIGHT

FRIDAY PROGRAMS

The National Broadcasting company program for Friday night follows: 4, Wrigley review; 6:30, Public program; 7, Challengers; 7:30, Half hour with Senators; 8 to 9, RCA hour; 9 to 9:30, new program; 10 to 12, dance music.

KFRC (610kc) 6, pep band, sports; 7, features; 10, Amos and Andy; 10:10 to 12:10, dance music.

THE GARDEN

THE SEASON FOR INDOOR GARDENING
Just as soon as the sun starts north and the days begin to lengthen over so little, there is a feeling of spry in the air. We may still hug the fire, but we feel an impatience, a stirring to be about affairs outdoors.

There is no better spring tonic to enliven the monotony of winter's final weary days, and make them seem shorter, than planning the garden. Fireside gardening, some one has called it. Let us get out paper, pencil and catalogs and sit by the fire to imagine the garden we would like to have next summer.

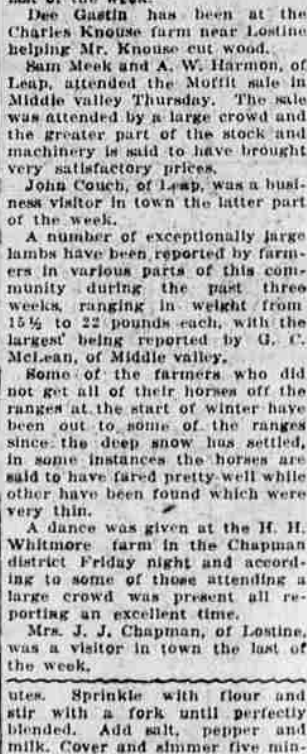

We can imagine better gardens than we grow, perhaps; but every garden will be the better for such imagination. A garden needs a plan as much as a house needs it. If you were going to build a house you would not go to a lumber yard to select doors that you liked, windows that appealed to you, and woodwork of various pleasing patterns, without a thought of how

Plan To Refurnish This Spring

BETTER HOMES

The lovely, attractive home does not just happen. It is planned. Just as the theatre set is designed to give a specific impression so may the home be planned, and how much more important to do so when one considers the permanent and constant influence of good furniture.

The things we have always had we are apt to keep just from force of habit, regardless of the possible improvements that have kept pace with present day conditions.

Do not give yourself or your home the unnecessary handicap of obsolete furniture. Today's needs are different. Look at your home critically, as the impartial stranger sees it, and you will undoubtedly find that you can profit by the opportunities we have to offer you towards a better home.

Plan refurnishing your home now. See what the new things are and add them one at a time or furnish your home at once complete.

CARR FURNITURE CO., INC.
Eastern Oregon's Largest Home Furnishers

you were going to combine them in a house. It is true that garden plants selected haphazardly, as too often they are, would still be beautiful in themselves, however poor their arrangement might be. But how much more beautiful they are when well arranged.

So in planning the garden we should study how to combine our plants so that they will make a picture. Then their individual beauty will be enhanced, and we shall not merely possess beautiful flowers but shall have transformed our home grounds into a place of loveliness, inviting, restful, satisfying. For these are the qualities of garden beauty which impart to the beholder a pleasure as definite and keen as any experience in life.

So let us make a garden picture now. We may not know how to sketch, but try it anyhow. Put something down on the paper to represent the picture in your mind of what your garden should be. You may know little or much of the rules which govern garden design, which are much the same as those that govern all artistic arrangement, including the arrangement of furniture and ornaments in your living room. However much or little you may know, an attempt to visualize your garden and set your vision down on paper will teach you more and help you to read with a greater understanding discussions of design in newspapers and books.

Planning your garden now will make the rest of the winter speed away and be sure to help you achieve new beauties next summer.

In The Spring Manner
HATS . . . hats . . . hats! Quite the smartest, newest, most sophisticated modes for the spring season are here, in all the new colors and shapes. There are swathed turbans, hats that are entirely brimless in the back, hats with brims all around, hats with accented side points. Soft felts vie with flattering straws for the center of the hat fashion stage. You'll need several, of course, for the new season.
