Selling Waves Sweep Through Stock Exchange

NEW YORK, Mar. 18 (AP)—Several waves of selling swept through today's stock market, carrying heavy industrial and public utility issues down 1 to 6 points but fresh buying support was quickly provided and a general recovery was seen under way.

Coppers rallied heavily, with several of the leaders moving into new high ground.

Industrial equipment shares were in brisk demand on reports of rapidly expanding business. Baldwin Locomotive, which has been quiet for months, soared 35 points. American Locomotive moved up 4 1/2 to a new high at 122 and Lima Locomotive advanced 2 to a new top at 57.

Oils Elevation ran up 15 points to a new high of 246. Among the issues to see other issues to sell at new peak prices were Anaconda, Kennecott, Miami and Nevada Coppers.

Food operators bought with confidence in the late afternoon in face of an advance in the call money rate to 4 per cent. Metal shares attracted strong support. National Lead rose 3 1/2 points to a new high record of 155.

Headline Locomotive rose over 20 points to 250, a new high for the year. St. Joseph Lead, American Smelting, Quincy, Myers, U. S. Cast Iron Pipe and Western Union were raised 5 to 4 points. The closing tone was firm.

Total sales approximated 4,700,000 shares.
