### CHICAGO SQUAD SPEEDY OUTFIT

White Sox Appear Strong,  
Blackburne Staking  
Reputation on Youth

(Associated Press Sports Writer)  
DALLAS, Texas, Mar. 18 (AP)—If the championship of the American league depended on a relay race instead of a long baseball stretch, probably players wearing the uniforms of the Chicago White Sox would win it. The Sox are blessed with two assets—speed and youth. Whether they can run into the first division will be decided later.

Led by the fleet footed Carl Reynolds who will be one-two-three in any foot race restricted to baseball players, the Chicago athletes can show their heels to many of their fellows.

**Depends on Speed**  
Russell (Leda) Blackburne, starting his first season as manager of the club, points with pride to the racing gear installed in his baseball machine and expects speed to carry him to managerial fame.

Manager Blackburne in a message is staking his reputation on the ability of Johnny Kerr, his new second baseman. With previous major league trials with Detroit behind him, Kerr was drafted from the Hollywood club of the Pacific Coast league.

The remainder of the infield will be unchanged from the arrangement in force at the close of last season. Bill Kamm at third base; Chalmer (Chest) Short and Art Shires, first. Shires, although only

21 years old and a major league player of record for only 22 games, will captain the team, succeeding Kamm, the veteran of the infield at 29.

**No Outfield Famine**  
There is no outfield famine at Chicago. In addition to Reynolds, who shows promise of being one of the game's great stars, Alex Metzler, Johnny Mostil and Bill Barrett, who is at home in either the outfield or infield, are back again.

Handolph Moore, with the club a while last season and later in Texas, George Blackberry, who finished the season in Chicago, Chicago Hoffman, high priced addition from the Pacific Coast league and John C. Watwood, late of Alexandria and Shreveport, La., must be reckoned with before all the places are filled. Hoffman seems certain to stay as he has shown that he can hit.

Martin Antry, a catcher who had little chance to catch on the Cleveland club, top heavy with good receivers, came to the Sox in exchange for Ith-Park and was at once installed as first string battery man. Antry a big fellow who thrives on work, will be assisted by Morris Berg, reformed infielder, and Clyde Crouse, a near veteran.

The White Sox have little experimental work to do in discovering additional pitching talent.

**The Pitching Staff**  
Ted Lyons and Alphonso Thomas, great pitcher when right, Urban Faber, 40 years old but still going strong, Grady Alden, with a puzzling delivery; Ed Walsh, Jr., son of a star of other days but lacking for the time at least his father's control, the Georges Connelly and Gus, who did little work in 1928, and Ted Blankenship, threatening to become a star, make up the hold-overs.

Long shy a capable fourthander,

### BILLY BARTON DOPED TO WIN AT AINTREE

WROUGHTON, Eng., Mar. 18 (AP)—Billy Barton, American bred, candidate for grand national steady-hase honors, had a good coquer this morning, which virtually completes his preparation for the great event at Aintree Friday.

Billy will go to Liverpool tomorrow in splendid condition, traveling aboard a special train carrying horses for the Aintree meeting.

Billy's stable connections are all hopeful he will have better luck than he did last year and will annex the big prize.

LONDON, Mar. 18 (AP)—The latest betting odds make Billy Barton, American race horse, second favorite with Great Span at 160 to 1 to win the grand national steeplechase at Aintree Friday. Paster Hero is the favorite at 10 to 1.

The club's search may have been rewarded by the acquisition of Bob Welland a giant from the Moine club of the Mississippi Valley league.

A college campus, St. Louis university has supplied another southpaw, Dan Dugan, who shows promise but may need patience as well.

George Redfean, a player of parts, John William Ciancy, who was the regular first baseman until Shires reported, and Bill Hunnebeck make up a trio of infield reserves. Hunnebeck, who is an able hitter, is one of the few surviving holdovers in the majors, and may be traded.

### Wallowa Squad Returns Home From Tourney

Coeach Charles Dawson and the Cougars of Wallowa High school, Eastern Oregon basketball champions and ranked as fourth strongest in the state, have gone back home to resume their school work. They passed through La Grande yesterday en route to Wallowa from Portland and Salem. During the last three weeks they have been in three tournaments. The season is over now with next year promising a good team, comments Mr. Dawson. "Five of this year's team are graduating and three will remain, but we have some wonderful material coming up."

"This thing of sitting on the side lines and watching the score go a point ahead and then a point behind is nerve racking," the coach asserted, when someone remarked to him that he looked tired. "I am tired, very tired," he admitted.

"We have a wonderful bunch of boys. I'm proud of them all. They established a reputation.

"As soon as we had started everyone was pulling for us. We had wonderful co-operation.

"It helped us a lot to go down Monday and have time to become acclimated. We had hard luck when we drew Washington High to play twice. In the first game we were ahead until the last two minutes when the Colonial center who is 6 feet 7 1/2 inches tall, made three baskets in succession." Mr. Dawson is an experienced and modest smile.

### Dempsey Has No Place In Garden Reorganization

By Herbert W. Barker  
(Associated Press Sports Writer)  
NEW YORK, March 18 (AP)—The activities of Jack Dempsey and the Madison Square Garden corporation in promotion of fights were on different paths today.

An hour after Dempsey had made public plans for a light-weight titular battle between Sammy Mandell, the champion, and Ray Miller, Chicago contender, under his sole direction, the Garden, through Richard P. Hoyt, chairman of the board, announced that William F. Carey was to be chosen president of the corporation in succession to the late Tex Rickard.

In the Garden's reorganization plan, Dempsey will have no place. The corporation is extremely friendly to the former champion and perhaps will be eager to have his cooperation on some of its future fights. But it is not ready, now at least, to meet Dempsey's financial demands for aligning himself permanently with the organization that Rickard built.

Dempsey is debating terms with Hamilton Pusey, metropolitan promoter. They conferred yesterday.

Later Jack came out with his plans for the Miller-Mandell battle either in Detroit or New York on or about June 7. Beyond getting both Mandell and Miller to agree to the match Jack's plans apparently have not progressed beyond the early stages.

It was generally thought that either Floyd Fitzsimmons or Pusey would be associated with Dempsey when fight time rolls around. Fitzsimmons and Dempsey are close friends and have tentatively agreed to promote both boxing and racing in Detroit.

For several years before Rickard's death Carey was the guiding genius behind the business end of the corporation's activities. He was the contractor who built the new Madison Square Garden.

### One-Round Hogan Sues Warner Bros.

SAN FRANCISCO, Mar. 18 (AP)—George F. Hogan filed suit here yesterday against Warner Brothers, Inc., motion picture producers, alleging that a film made by the

company, depicting the life of a prize fighter, had caused him \$750,000 worth of anguish and humiliation. Hogan said he earned the title "One Round Hogan" by knocking out 18 consecutive ring opponents in the first round. He alleged that the motion picture outlining his ring name, held him up to ridicule.

# "I reach for a Lucky instead of a sweet"

"Whirling along the ground at 231 miles per hour to a new world's record was a thrilling experience. It was speed in breath-taking fashion. When I finally brought 'The Golden Arrow' to halt, the nerve let-down was terrific. But out came my pack of Lucky Strike and I soon was smoking in complete happiness. After the strain of my ride the toasted fragrance of Luckies was like a tonic. I reach for a Lucky instead of a sweet. I want to keep trim and fit. I want to feel the glow of pep and health at all times—the thought of excess weight really frightens me. I welcome a Lucky instead of sweets and things that would make me soft."

**Note:** Authorities attribute the enormous increase in Cigarette smoking to the improvement in the process of Cigarette manufacture by the application of heat. It is true that during 1928, Lucky Strike Cigarettes showed a greater increase than all other Cigarettes combined. This confirms in no uncertain terms the public's confidence in the superiority of Lucky Strike.

Reach for a Lucky instead of a sweet.
