OFFICE CAT

It's a good plan to hope for the best, but it's a better plan to work for it.

Marriage is a success when both parties realize themselves to making the best of what can't be helped.

A stadium of 40,000 persons watching two dozen men at play presents a wonderful picture of the way our race takes its exercise.

THE ONLY GIRL

First she's in your thoughts a lot. She has many charms: Soon she's in your motor car; Then she's in your arms; Oh, a heckaday! Then, of course, for evermore, She is in your way.

When a newspaper or a school pleases everybody the millennium will be the next stop.

Americanism: Scolding people who don't respect the law; yearning for a car that can pass anything on the highway.

"Love makes the world go round" sang the poet. Alas! It too frequently pokes along in the middle of the highway so the world can't go round.

A hard-boiled guy is one who can get rid of a pretty girl book agent without buying.

President Hoover Takes Exercise

WASHINGTON, Mar. 26 (AP)—President Hoover has yielded to the advice of his physicians to follow a routine of exercise to keep himself fit for the grueling hours he must spend in his executive office.

Once or twice a week the president throws the medicine ball with Dr. Ray Lyman Wilbur, his friend and secretary of the interior and on most evenings he takes long walks around the white house grounds.

As yet the new chief executive has not left the ground for the long strolls about the streets and parks which were popular with his predecessor, Calvin Coolidge.

SHE WAS TIRED

NEW YORK, March 26 (AP)—Worn out by the exertion of shattering three umbrellas over the masher's heads, Reena Bledsoe, beauty prize winner, called a policeman when a fourth accosted her. She told the judge she was too tired to hit him.

Michigan is to choose a state bird in April. If you have been in Detroit recently you probably won't be able to understand it if the bird designated isn't the Old Crow.

THE RIGHT WAY TO BANISH FAT

Combat a cause which modern research has discovered. Turn food into fuel and energy, rather than into fat. Supply a natural element which your system lacks. That is the method embodied in Marmola prescription tablets.

People have used Marmola for 20 years—millions of boxes of it. They have told others the results. Now, in almost every circle, you can see the results in new beauty and new vim. Why not learn the way to attain them?

A book in each box of Marmola tells you the formula, also the reasons for results. You will know why the effects come, and why they are beneficial. Go ask your druggist—in fairness to yourself—for a \$1 box of Marmola.

AT THE THEATERS

Colleen Moore Says It's Easy To Be Rotten Actress

For an exceptionally talented actress to be called upon to give an exhibition of terrible dramatic work might be considered a difficult assignment.

But Colleen Moore, who in "Synthetic Sin," the Star theater's next attraction, starting Wednesday, is soon in an episode as a hopelessly incompetent stage actress, declares it was easy.

"I simply remembered all the things I had learned not to do," she explained, "and then did them enthusiastically."

Miss Moore is seen as a young girl with a burning desire to be a great dramatic actress in "Synthetic Sin," in which she is supported by a cast including Antonio Moreno, Montagu Love, Gertrude Astor, Edythe Chapman and Kathryn McGuire. John McCormick produced this comedy-drama at the First National Studios. It was directed by William A. Seiter.

Olive Borden Is Featured In "Sinners in Love"

Olive Borden's rise to stardom in the short space of two years is considered phenomenal in film circles, because she did not serve a long "extra" apprenticeship. To be exact, Miss Borden worked but three days in the extra ranks. This happened on her arrival in Hollywood, where she came to seek her fortune in the movies. It was the late Scott Sydney, Hal Roach, director, who discovered her potential ability, and signed her for a two-year contract. Several leading roles followed, until Fox noticed her work, and engaged her on a two-year starring contract.

Olive Borden heads the all-star cast in F. R. O.'s latest release, "Sinners in Love," now running at the Star theater. This is her second picture for F. R. O., the first being "Gang War," in which she co-starred with Jack Pickford.

Since she began to freelance, Miss Borden's services have been very much in demand, and within a few months she has completed four pictures.

In "Sinners in Love," Miss Borden renders a characterization entirely different from anything she has ever done. It is a sympathetic role—that of the eldest daughter.

The story has to do with a young society man who replaces a friend on a sea voyage, under the friend's name and watermark. It is not until he falls in love with a pretty fellow-passenger that he learns he is supposed to be confined to his stateroom on a diet of goat's milk and that he is supposed to be slightly unbalanced mentally.
