

Local News In Brief

Many Wives at Convention

A great many of the delegates to the Masonic convention in session in this city today are accompanied by their wives. Among those who are present to enjoy the social events which have been planned for them by the local women are: Mrs. Stowell A. Dawson, Albany; Mrs. Thomas Sims of Woodburn; Mrs. Herbert L. Toney, of McMinnville; Mrs. Milton L. Meyers, of Salem; Mrs. D. Rufus Cheney, of Portland; Mrs. Ernest P. Bands, of Oregon City; Mrs. Lewis M. Snow, of Portland; Mrs. Hugh R. Holman, of Portland; Mrs. L. Burt Stillwell, of Pendleton and Mrs. Wayne F. Wheelton, Portland.

Reappointed—Dr. R. G. McCall and Dr. F. L. Hinton, who have again been appointed by the department of agriculture to the positions of federal medical examiners for the air service, have just received word of their reappointment from Washington, D. C. The work of the two physicians in that capacity includes the giving of physical examinations to students who anticipate learning to fly and to transport and commercial pilots. All such pilots must undergo rigid physical examinations every six months, Dr. McCall states.

Sees La Grande in Storm—Mrs. D. Rufus Cheney, of Portland, wife of the grand secretary of the Royal Arch Masons, is visiting La Grande for the second time and both times her visits were made during bad weather and storm, and once last winter it was during an "awful thunder storm," she says, but she doesn't mind for she enjoys the city anyway. "It's April now, of course, and I think the Masons should have their conventions in May when the weather is more settled," is Mrs. Cheney's opinion.

Beard Weather Sunny—A visitor in La Grande is Clyde McKay, of Bend, who is a delegate to the 69th annual convocation of the grand chapter of Royal Arch Masons convention in session here. Yesterday Mr. McKay talked to his wife by long distance and she reported the weather to be sunny and pleasant. Mr. McKay is past grand commander of the commandery and is deputy illustrious master of the council. In business he is connected with The Beard company, realtors in Bend.

Works for La Grande Theaters—L. B. Ryan, of Portland, arrived in La Grande last night to assume his duties as stage and exploitation manager of the La Grande Theaters, Inc. For six years Mr. Ryan held that position in Eugene at the Macdonald theater in Eugene and has just come from Portland where he worked in the same capacity for the Geller theater. Mrs. Ryan is in Portland and expects to come to La Grande later to join Mr. Ryan.

O. N. G. Drill Tonight—During the regular drill period tonight at the Zuber hall, Company E, 18th Infantry, will receive rifle medals presented by Col. Hines. Five-year medals will also be given to members of the company who have qualified. Capt. W. A. Bean urges that every member be in attendance. Drill begins promptly at 7:30 o'clock. Col. Hines arrived here this morning on train No. 24.

Taking Mrs. Devine's Place—Mrs. R. H. Clement, of Portland, is taking Mrs. C. H. Devine's place at the Three A. office at the La Grande hotel during Mrs. Devine's short absence in Portland. She will return to La Grande soon. Mr. and Mrs. Clement are leaving tomorrow for Baker where Mr. Clement is getting subscriptions for the Three A. In Union county he has 100 new members, he reports.

In La Grande—G. L. Dutton, formerly of this city, but now in Portland, is a visitor here today. He was in the insurance business when in La Grande, sang in the chamber of commerce male quartet and was captain of Company E, 18th Infantry.

Banquet Postponed—Desiring not to conflict in any way with the Masonic convention now in progress here, the Union County Development league has postponed its banquet at the Saccawewa Inn until Tuesday, Apr. 16. The banquet was to have been held tomorrow night.

Car Representative Arrives—J. H. Llewellyn, of Portland, has arrived in La Grande where he will make his home. Mr. Llewellyn is Eastern Oregon territory representative for the Chevrolet Motor company.

To Visit at McCall Home—Mrs. John Scott Montgomery, of Portland, will be a guest at the home of Dr. and Mrs. R. G. McCall. Mrs. Montgomery is expected to arrive tonight from Portland.

Pilot is Forced Down—Mr. Price, airmail pilot for the Varney Air line, was forced down about 11 o'clock yesterday morning as he was piloting his plane. He landed in the emergency field in La Grande due to the storm.

Return to Payette, Idaho—Merrill Dean, brother of Orville E. Dean, of this city, and a friend, Wilson Irwin, both of the Payette, Ida., have returned to their homes following a weekend visit in La Grande at the Dean home.

Go to Spokane—J. T. Longfellow, superintendent of La Grande schools, is in Spokane where he is attending a convention of educators.

Bomb Mailed To Governor Found In Post Office

NEW YORK, April 8 (AP)—A bomb found in a parcel post package addressed to Governor Franklin D. Roosevelt, contained only black powder instead of dynamite and was merely of the variety known as a "scare bomb," bomb squad detectives announced today.

NEW YORK, April 8 (AP)—Police today sought the sender of a bomb addressed to Governor Franklin D. Roosevelt. It was accidentally discovered by a porter in the parcel post room of the general post office at 324 street and Eighth avenue yesterday.

The internal machine consisted of six ounces of dynamite in a six-inch length of one-inch pipe, capped at both ends and provided with a fuse and detonating device. The whole thing was imbedded in wax in a tin candy box wrapped in brown paper.

Thomas Callegry, of 215 Jefferson street, Hoboken, N. J., the porter, found the bomb when he accidentally hit it with his broom while sweeping the parcel post room. At the contact there was a hiss and smoke curled from the package. Callegry promptly tramped upon it.

The porter's action in stepping on the bomb, police said, probably saved his life and those of the clerks at work in the room, as he broke off the fuse and extinguished the matches.

Governor Roosevelt at his home at Hyde Park expressed no alarm when told of the finding of the bomb.

150 MASONS ARRIVE FOR CONVENTION

Grande were entertained at luncheon at the La Grande hotel. This afternoon they were driven about the city and to Hot Lake, where they visited the sanitarium.

Tomorrow at noon the visiting women will be guests of the Order of Eastern Star at Union for a luncheon at the Union hotel and upon Secretary Stinson to go over this situation with him today, including the steps taken by the state and war departments to protect American lives and property.

Organized labor's views on revision and administration of the tariff were presented to President Hoover today by a delegation representing the American Federation of Labor.

Adoption of the American valuation principle in determining tariff schedules was urged as a more effective means of fixing duties and one which is fairer to the wage earner than the one now followed.

The delegation also asked consideration of the law providing for the registration of trade marks under which, it is said, it is possible for manufacturer to register his trademark in this country, produce abroad and still have the protection of the American government.

Fishing Season To Open Next Monday

PORTLAND, Apr. 8 (AP)—One week hence rippling waters of Oregon will sing to the whir of the reel and the twang of a trout line. Next Monday the annual trout fishing season will open and that morning will find throngs of rod wielders distributed along the banks of Oregon streams.

Many will journey afield while others will find their recreation closer by. This year there will be better fishing on creeks and rivers accessible, due to the cooperation of Malt Rysokman, superintendent of hatcheries of the state game commission, with anglers' clubs in all sections of the state.

I'M ALONE CASE REPRESENTATIONS REACH CAPITAL

(Continued from Page 1) wealth—than they are over the actual sinking.

On two previous occasions when Canadian vessels were seized by coast guard vessels for rum-running, the Canadian government informally made known that it was not in sympathy with certain interpretations placed by the Americans on points in the 1924 treaty under which the ships were seized.

Embassies Contested Points—It has been said in reliable quarters here that Great Britain and Canada are particularly interested in having these divergent viewpoints straightened out before a case more serious even than that of the I'm Alone arises. The I'm Alone case is regarded as embracing most of the contested points and enables the governments to bring the matter up for discussion.

The Canadians are said to recognize the obligation that the right to search and seize within one-hour's sailing distance carries with it the right to use violence to effect the seizure. They are understood, however, to question whether this implication holds on the high seas in cases where the pursuit has merely been begun within the treaty limit.

SALEM, Ore., Apr. 8 (AP)—Fred R. Foxton, 25, was arrested today charged with doing "an act which manifestly tends to make a minor delinquent." Foxton was released from jail when \$2000 bail was furnished by bondsmen. Date for preliminary hearing has not been set.

GOOD FOR BASEBALL—WASHINGTON, April 8 (AP)—The warm weather of Washington's spring and early summer is expected to induce millions of the

STORM KILLS EIGHT

MADISON, Wis., April 8 (AP)—Captain Warren D. Leary of the Wisconsin National Guard, on duty in the storm area near Itasca Lake, today reported to Ralph Immel, state adjutant general of Wisconsin, that at least eight were known dead from the tornado that swept the region Friday.

PENDELTON WEATHER MIXED

PENDELTON, Ore., Apr. 8 (AP)—Pendleton received an assortment of weather yesterday, including rain, wind and a light flurry of snow that melted as it struck the ground. The temperature fell to 21 degrees above zero last night, the lowest mark recorded since February.

Farmers say they believe last night's heavy frost will result in no damage to winter wheat crop in Umatilla county.

L. H. S. BAND PLACES HIGH IN CONTEST

(Continued from Page 1) sary to win. The band contest, which is sponsored by Kappa Kappa Psi, national band honor fraternity, attracted more than eight bands from the largest cities of the state.

Grant high, of Portland, was fifth, and Franklin high of Portland was sixth. The Girls' band of Seaside was first in the Class B competition, which was for bands from schools with less than 400 students.

Jefferson high, winner of first prize, received a large silver loving cup from the Selberling Lucas Co. of Portland and was also awarded a loving cup by the college cadet band. J. L. Wallin, musical critic editor of the Oregon Journal, and Ward V. Croft, director of the Ashland High school band, were among the judges.

Following the contest, the Jefferson high band broadcast its winning program over KOAC, the State college radio station.

A Signal Honor—The winning of third place in the entire state, competing with the crack bands of the Portland and Western Oregon schools—which have been organized for many years—was regarded as a slight honor for the La Grande boys and girls. The local band has received the support of the city of La Grande, the high school and other organizations and its excellence is attested to by the fact that several of its members are graduating into the La Grande municipal band, regarded as one of the best amateur musical organizations in the Northwest.

Contest Very Close—The band left here Friday morning, accompanied by the director, and reached Corvallis Saturday. Following the contest several of the winners went back to La Grande, telling of the contest, and all were of the opinion that between the La Grande, Jefferson high and Corvallis bands, there was difficulty in judging which was best. The scores indicate the extreme closeness, with La Grande only five hundredths of one point behind Corvallis.

To Play in Spokane—Following the weekend at Corvallis Mr. Nusbaum, accompanied by his son Wayne, Stanley Zundel, Adolph Siegrist, Jennie Nielsen and Effie Blanchard, went to Spokane. The five school musicians will play in a symphony orchestra of 200 pieces. They were selected to take part in the orchestra several weeks ago. It is understood that the orchestra will broadcast on Thursday, and that the next two days will be spent at practice.

Besides the five boys and girls mentioned above, the following took part in the band contest: Lee Johnson, Harold Browning, Donald Pouch, Nick Hughes, Henry Culp, Cleland Wallsinger, Edwin Kirby, Virgil Kochensperger, Ned Jones, Max McMillan, Alvin Bork, Roscoe Hurley, Betty Caldwell, Ron Zaig, Cameron Miller, Marvin Mackey, Bernard Powell, Clair Prockins, Robert Galin, Jr., Mildred Stanley, Clark Ruckman and Russell Nelson.

U. S. PLANES PATROL THE BORDER

(Continued from Page 1) vent a few bullets crossing the international line at Neco.

BULLETS CROSS BORDER—PUEBLO, Tex., April 8 (AP)—Krawville Mexican Rebels turned suddenly loyal today through President's Pass before General Calles' troops of the southwest advance of the insurgent commander and routing their former comrades who sought to uphold his command.

Many bullets fell on the American side with no resultant damage or injuries. Soon after the rifles started cracking around the customs house, when the engagement started, United States cavalrymen drew up on this side of the river, protecting Americans from possible harm by keeping them out of the danger zone.

JUALEZ, Chihuahua, April 8 (AP)—Rebel forces are believed to be making every effort to reach Casa Grande today through President's Pass before General Calles' troops of the southwest advance of the revolutionary troops.

NACO, Ariz., April 8 (AP)—The end has come to the Rebel army's air forces in Northern Chihuahua, consisting of three planes. Two of the ships were interned at Fort Bliss, El Paso, Tex., and the third had not been reported sighted since it left for points unknown in the United States.

It was said General Jose Gonzalo Escobar's three pilots "went over the hill" yesterday.

WASHINGTON, April 8 (AP)—The warm weather of Washington's spring and early summer is expected to induce millions of the

from injuries received in an automobile accident early Sunday morning.

A charge of involuntary manslaughter is to be filed against E. Hess, driver of the automobile which crashed into that in which Miss Knutsen was riding, coroner E. R. Perry announced.

CARDINAL SCORES PROF. EINSTEIN (Continued from Page 1)

about the so-called theories of Einstein, with his relatively and his utterly befogged notions about space and time. It seems nothing short of an attempt at muddying the waters without perceiving the drift. Innocent students are led away into a realm of speculative thought, the sole basis of which, so far as I can see is to produce a universal doubt about God and His creation.

I mean that while I do not wish to accuse Einstein at present of deliberately wishing to destroy the Christian faith and the Christian basis of life, I half suspect that if we wait a little longer he unquestionably will reveal himself in this attitude. In a word, the outcome of this doubt and befogged speculation about time and space is a cloak beneath which lies the ghastly apparition of atheism."

EINSTEIN WON'T QUARREL—BERLIN, Apr. 8 (AP)—Prof. Albert Einstein, today said Cardinal
