

THIS IS
THE NEW

ShadoWeve

Eastern, Mill-Shrunk, No-fade, Blue Denim

Every really worth while improvement in overalls during the last ten years has been made by Oshkosh B'Gosh. In 1921 Oshkosh B'Gosh changed to the heavier, stronger, longer-wearing 8 oz. Eastern denim. Today 8 oz. overalls are the accepted standard. In 1923 Oshkosh B'Gosh brought out the now famous Vestback overall, the fastest selling overall ever designed. It is now copied by all manufacturers of standard overalls. This year they have added to the wear,

fit and appearance of overalls with Shado Weve denim and graduated patterns. ShadoWeve is a still better overall cloth—Mill-Shrunk, No-Fade full 8 oz. weight. It is woven differently than ordinary denim and is softer feeling, stronger and longer-wearing. The method of weaving gives it a striped effect from which the name was derived. This is a new cloth used exclusively for

OSHKOSH B'GOSH

UNION
MADE OVERALLS

The way Oshkosh B'Gosh ShadoWeve overalls are cut insures a perfect fit. No more cutting overalls from one pattern. Each leg length and each waist size has a separately designed pattern. Eighty-four different patterns in all. It costs more to make them this way, but whether you are tall, short or medium you are sure of a perfect fit.

CONDITION OF WHEAT IS GIVEN

Reports Show 82.6 Per
Cent of Normal on
April 1

WASHINGTON, April 9 (AP)—The Department of Agriculture reported today that the condition of winter wheat on April 1 was 82.7 per cent of normal compared with 68.3 per cent a year ago and 84.4 on December 1, 1928.

The department said that winter wheat was showing up better than usual being nearly 3 per cent better than the average over the past ten years and comparing extremely favorably with the very low conditions April 1 last year.

Conditions are close to average in the Plains states, except the south-west, where they are noticeably better. Conditions for the Eastern states are above normal and distinctly above normal in the upper Mississippi and Ohio valley states. Michigan is below average and the Pacific Coast states show conditions considerably below average at this date.

The department announced that while the abandonment is not estimated until May 1, judging from the close relations that have existed in the past between the April 1 condition and the percentage of winter killing, and from reports concerning probable abandonment, the loss this year will be considerably below the ten year average of about 12 per cent. The report said that while it is too early to fix a definite figure because of loss that frequently occurs in April the best indications point to about 7 per cent loss from winter killing.

No large area, the report said, appears to be suffering extreme loss last year when two-thirds of the planted acreage of soft red winter wheat, in the Ohio valley states was lost. The average loss in that region this year promises to be very light except in Illinois. In the hard red winter wheat area of the West Central states as well as the Pacific Coast states loss promises to be heavier, approaching ten per cent.

PORTLAND LIVESTOCK

Cattle and calves: Steady for all classes except strong weight, and heavy steers which closed Monday, 26 to 50c lower. Receipts, cattle 20. Steers (1100-1200 lbs.) good 11.25@12.00; do (950-1100 lbs.), medium 10.50@11.25; do common 9.00@9.50. Heifers (850 lbs. down) good 10.75@11.00; do common 9.00@9.50. WOOL MARKET

BOSTON, Apr. 9 (AP)—Some fair qualities of Ohio and similar 56, 48 and 50 choice strictly combing wools are moving at 50 to 51 cents; in the grease for 56 and 48 to 50c in the grease for 48. 56c. The secured basis prices are estimated on the low side of the ranges 52 to 55c for 56s and 55 to 58c for 48s.

Real Liquidation In Market Today

NEW YORK, April 9 (AP)—The stock market ran into some real liquidation today, and prices broke sharply after an early interval of irregularity. Failure of speculation for the advance to attract an outside following, coupled with the increasing tenacity of the credit situation, led to a resumption of heavy "bear" attacks, which disclosed a number of investors and traders.

Cash money renewed at 7 per cent but advanced to 8 as banks called \$40,000,000 in loans and threatened to go higher. Time money held firm at 9 per cent with little business done at that figure.
