Why You Get More For Your Money in Goodyear Tires. Tires represent a considerable item in the cost of driving a car. Many dollars each year are, however, saved by remembering a few facts about tires. In 1915, Goodyear passed all other companies and became the world's largest producer of tires. Goodyear has steadily widened this gap in the years following. Now, Goodyear alone uses almost 50 per cent more crude rubber than the next largest company. "Advertising" is not the reason for this leadership. Advertising may induce you to TRY a product, but only SUPERIOR SERVICE will cause you to BUY IT AGAIN AND AGAIN. There are few car owners, today, who have not tried various makes of tires. Results, experience—these are now the strongest guiding factors in the purchase of tires. And more people—yes MILLIONS more people!—ride on Goodyear Tires than on any other kind. This significant fact conclusively proves that you get MORE FOR YOUR MONEY in Goodyear Tires. The motoring public, traveling billions and billions of miles in millions and millions of cars, has discovered the truth of this by experience. The logic back of it is simple. By reason of producing MILLIONS MORE tires than any other company, costs are lowered. This permits Goodyear to give you MORE FOR YOUR MONEY.

Four Union High Students Graded Over 92 Per Cent. By W. V. Connor (Observer Correspondent). UNION, Ore. (Special)—By checking over the grades of the members of this year's senior class in the Union High school, it was found that the four students who ranked highest in their grades for the four years were: LaVerne Clark, 93 1-11; Louene Hutchinson, 93; Ruth Connor, 92 5-7; and Robert Cox, 92 3-19. Following the custom of the school these averages decide that Miss Clark will deliver the valedictory and Miss Hutchinson the salutatory during commencement week. Girls and boys of the local schools who are members of the various stock or sewing clubs, and also those who intend forming new clubs, were entertained Wednesday morning at the Cozy theater with a musical play put on by R. C. Kiehl, assistant state club leader. The arrangements for the meeting of the local theater for the meeting were made by President Hess of the Union commercial club. Several auto loads of Odd Fellows and Rebekahs from Union are planning to attend the district meeting in Summerville on Friday night of this week. Mrs. Tillie Hugg, of La Grande, was visiting in Union for several days last week and over Sunday. She was a guest at the William Wheeler home in North Union. An alarm by the electric fire siren at midnight Thursday night called the volunteers of the department to the extreme northern part of the city, where a woodshed at the 1st Hall home was burning. The hose cart was taken to the scene of the fire but could not be used, owing to the distance from a hydrant, so an old style bucket brigade was formed. The building and contents were destroyed and the dwelling threatened before the fire was under control. Nothing fire's origin.
