Babe Accepts For His Yankee Mates

NEW YORK, April 15 (AP)—A challenge by the New York Giants has been taken up with alacrity by Babe Ruth on behalf of the New York Yankees.

Members of the Loyal Giants' list gave a dinner to John McGraw, manager of the Giants, at the Baltimore last night. Speakers insisted that the Giants would win the National league pennant and challenge the Yankees for the world's title. The radio carried forth the challenge.

A few minutes later, the telephone in the banquet hall rang. Babe Ruth was on the other end with this message:

"I have heard you on the radio and in regards to that challenge—the Yanks accept with pleasure."

SHOT TO DEATH
EASTON, Pa., Apr. 15 (AP)—John R. Crawford, head of the department of Latin and Greek and librarian of Lafayette college, was found dead in his office today from a bullet wound in his head.

DIL BUTLER UNDER KNIFE
NEW YORK, Apr. 15 (AP)—Dr. Nicholas Murray Butler, president of Columbia university, underwent an operation for gall stones at the Presbyterian hospital this morning and his condition was afterwards described as "excellent."

Quincy, Mass., claims an unusual case. Fomico takes a daily swim in the pool at the Y. M. C. A. where she functions as mascot.

ANGELS OUT IN FRONT ON COAST

Two Victories Over Oakland Sends 'em Up; Portland Idle Sunday

Pacific Coast League Standings

W. L. Pct.	San Francisco	Oakland	Portland	Sacramento	Hollywood	Seattle
14 6 .700	11 7 .611	9 8 .529	10 10 .500	10 11 .476	5 11 .313	5 13 .278

By the Associated Press
The Pacific Coast league struggle for the 1929 pennant assumed almost the character of a neck and neck race yesterday, when the results of three thrilling games grouped the Los Angeles Angels, the Mission Reds and the San Francisco Seals in first, second and third places respectively.

Hain at Portland caused postponement of the games scheduled for the Beavers and the Hollywood Stars.

The Seals gave the fans something to write home about when they captured both games in the fore and afternoon, defeating Sacramento's Senators seven straight games in a week. In the morning fray, the Seals hammered Lefty Vines for 19 hits, and a 13 to 5 walkaway. The second contest was a 5 to 3 finish, with Malls outpitching Keating.

Reds Win Game
At Seattle the San Francisco Mission Reds won a game from the Indians 7 to 2. Another scheduled battle was postponed due to the wet condition of the grounds. The red-skin hurler allowed no earned runs until the ninth inning, when Sherlock hit for the circuit with Huff on. But long before that, four Indian errors had given the Reds five runs and the game.

Los Angeles took both ends of a double header from Oakland 8 to 5 and 5 to 4, and strengthened its position at the head of the league thus far in the season. The Angels won the week's series 5 games out of 7.

Angels Win Twice
In the ninth inning, Augie Walsh weakened, and the Oaks threatened to wipe out the lead Los Angeles established off Pete Daglia, but Russ Miller stepped into the breach with two on and none out to check the rally. Walter Berger of the Angels, John Verges, and Buzz Arlette of the Oaks, garnered home runs in the first game.

The nightcap saw the lead shift in three successive rallies, with the Angels capturing the game in the home half of the last. Stutz brought in the winning run when he singled, took second on a

wild pitch by Boehler, went to third on an infield hit, and slid safely when Fenton threw Webb's grounder home too late.

Yesterday's coast league results follow:

Portland-Hollywood, postponed wet grounds.

AT LOS ANGELES—
First Game: R. H. E.
Oakland 5 7 1
Los Angeles 8 1 1
Batteries: Daglia, McEvers and Burns; Walsh, Miller and Hannah.

Second Game: R. H. E.
Oakland 4 3 6
Seattle 2 3 4
(7 Innings by agreement.)
Batteries: Craighead, Boehler and Head; Roberts and Senberg, Warnne.

AT SEATTLE—
First Game: R. H. E.
Mission 7 8 2
San Francisco 13 19 1
Sacramento 6 10 4
Batteries: Keating and Severoli; Malls and Schmidt.

Afternoon Game: R. H. E.
Sacramento 3 9 5
San Francisco 5 11 1
Batteries: Keating and Severoli; Malls and Schmidt.

AT SAN FRANCISCO—
Morning Game: R. H. E.
San Francisco 13 19 1
Sacramento 6 10 4
Batteries: Glenn and Reed; Vines and Severoli.

Afternoon Game: R. H. E.
San Francisco 5 11 1
Batteries: Keating and Severoli; Malls and Schmidt.

PETE GAVUZZI SHOWS WAY TO MARATHONERS

COLUMBUS, Ohio, April 15 (AP)—C. C. Pyle's pavement pounders were free to continue their cross country jaunt as far as Springfield, Ohio, today, but writs of attachment held in Columbus three automobiles and a van with much of the artistic talent of the side show, while the promoter strove with financial problems.

Sheriff's deputies kept unwavering eyes on the Pyle impedimenta in the interests of the Chevrolet Motor Car company of New York.

The runners had a forty mile gallop to Springfield, with no attachments about them whatever but their hunches. Pete Gavuzzi, of Southampton, England, was at the head of the pack. He finished first with Ed Gardner, Seattle negro, in the 54 mile run from Zanesville here yesterday and retained his lead in elapsed time.

ADMITS CRIME
OAKLAND, Cal., Apr. 15 (AP)—Red Murray, 15-year-old office boy, admitted he was the attacker of two young women here, police said. He has been sought for weeks.

Local Shooters Drop 3 Matches In State Event

Shooting in poor weather conditions, members of the La Grande Gun club lost three matches in the Oregonian telegraphic trapshoot yesterday morning at Lone Tree. The local score was 55, made by the following: Floyd Lanning, 24; Tracy Kollister, 22; and Nate Zweifel, 22.

The three clubs shooting against La Grande scored as follows: Klamath Falls 75, Salem 7 and Monitor 74.

The three losses definitely puts La Grande into the second division. Hereafter the shoot Sunday the local club, with a percentage of 425, was tied for 13th place. The standing in the percentage column is now nine wins, 15 losses, for a mark of .375.

The final shoot will be held next Sunday.

Name Reynolds, Maple All-Time O. S. C. Quarters

Charles H. Reynolds, former coach of La Grande High school, and at present one of the leading insurance men of this city, gained considerable fame during his college days at O. S. C. when he was quarterback on the Aggie varsity.

In Sunday's Oregon, a story from Corvallis contained all-time football teams picked by O. A. C. graduates. Ed Allworth, '16, now alumni secretary of the college and a member of the Orange eleven that walloped the Michigan Aggies, named Howard Maple and "Brim" Reynolds as quarterbacks on his all-star team.

Mr. Reynolds was one of the outstanding stars of the 1912 Aggie eleven.

Ruth Denies He Will Wed Actress

NEW YORK, April 15 (AP)—A report that Babe Ruth was to be married today to Mrs. Claire Hodgson, former folkie girl, today caused widespread interest among the ball player's friends and admirers, but Ruth himself denied the rumor.

Questioned at Ebbets field, where the Yankees played Sunday, Ruth said, "If I'm getting married it's news to me. But every one knows more about my life than I do myself. No, I'm not getting married tomorrow or any other time that I know of."

MAJOR LEAGUES START TUESDAY

Four Teams Given Chance in National; Yanks Favored in American

By Herbert W. Barker
(Associated Press Sports Writer)
NEW YORK, April 15 (AP)—The National league starts a fight tomorrow that won't be decided one way or another for six months or so. Some critics contend that the 1929 pennant won't be clinched definitely much before the closing day of the season, Oct. 6.

In a league as well-balanced as the National, experts forecast the eventual result only at their own risk. Most of them have contended themselves with stating that four clubs—the New York Giants, Chicago Cubs, St. Louis Cardinals and Pittsburgh Pirates—are the outstanding contenders, so closely matched that no one of them can be selected as a favorite. This quartet is almost unanimously picked to take the first four places.

Differences of opinion creep in when an attempt is made to predict in what order they'll finish.

Giants, Cubs Favored
Of the four, the Giants and Cubs have received the most preseason support. John McGraw, a driving leader of men, has a well-rounded team of Giants with good pitching and a powerful lineup. Second base may prove to be the Giants' undoing unless Andy Reese or Andy Cohen come through.

With Joe McCarthy at the helm and Rogers Hornsby, league batting champion, at second base, the Cubs are looking for their first pennant since 1918 and many observers think they are going to get it. Much depends upon whether Charlie Root, crack right-hander, can perform as he did in 1927.

Armand Emanuel To Meet Hudkins In Los Angeles

By Victor G. Sidler
(Associated Press Sports Writer)
LOS ANGELES, April 15 (AP)—Although he once tasted the bitterness of a knockout at the hands of a middleweight, Armand Emanuel, young San Francisco brawler-boxer, tonight again will try conclusions with another fighter of that class—Ace Hudkins, low-haired Nebraska "wild cat." They will meet at Wrigley field.

Emanuel last year entered a San Francisco ring with Mickey Walker, king of the middleweights, only to be toppled into knockout oblivion by the rugged fists of the champion in two rounds. In tonight's scheduled ten round outdoor match with Hudkins, considered the leading contender for Walker's crown, Emanuel is confident the San Francisco detour will not be repeated.

While Hudkins will concede Emanuel 12 pounds in weight, that is expected not to handicap him as much as half a score pounds of excess weight he is forced to carry in order to fight the San Francisco. Normally a 156-pounder, Hudkins will be forced to weigh in at 2 o'clock this afternoon at 155 pounds even, a poundage he will make, many believe at the expense of speed. Emanuel is contracted to make 178 pounds.

Emanuel was a general 10 to 8 favorite to halt the rushes of the "wildcat" with his jabbing left hand, and take the decision.

Women drivers had 1,279 accidents last year in Grand Rapids, Mich., but men figured in 14,191.

horizon and chilling interest. The American league tomorrow launches what promises to be just another one-sided championship race. Six to Eight

Three years straight and six times in eight years have Babe Ruth and his Yankee mates blasted their way to the championship. American league officials and rival club owners and managers, who admit they and the box office receipts are a bit weary of this prolonged Yankee domination, dispute the "experts" by predicting a tight race from the first clarion call of "play ball" tomorrow to the last game in October. It is generally to Philadelphia, the team that gave the Yankees a scare last year; St. Louis, a combination of fair hitting strength and great defensive power; Washington, a great offensive team with Walter Johnson at its helm, and Detroit, with several heavy hitters and the brain of Buck Harris, that they look for breakers in New York's pennant surge. The other entries—Chicago's weak hitting, erratic fielding White Sox, Cleveland's mysterious Indians and Boston's mediocre team, are not expected to cause much trouble.

Hoover to Start Game
The piece resistance of tomorrow's four-game menu will be the clash between Philadelphia and Washington at the capital. President Herbert Hoover is expected to start hostilities, by throwing out the first ball. Official Washington and President E. S. Barnard of the American league will attend the contest. "Lefty" Grove probably will get Philadelphia's pitching assignment, being opposed to the veteran, "Red Sam" Jones.

President Hoover has found a couple of fishing places in Maryland and Virginia. Looks as if the cameramen are going to get in a little more angling this summer.

What about the Super Sixes ... the HUDSON .. the ESSEX

"Super Six" principles, sound engineering ideas developed over a long period, have produced these fine motors. Among their advantages is high compression, of course—the accepted thing nowadays. Here is a diagram of a Hudson cylinder. The Essex is at the right.

Two fleet motored newday cars, these, ready to give brilliant, long service—asking only a little reasonable care

You can see from these diagrams that there is no wasted space in the combustion chamber—no place for layers of hard, coke-carbon. This is a cross section from the Essex motor.

... how does hard carbon affect their fine motors?

HIGHER compression! It came with a rush upon us—like four wheel brakes, like balloon tires. A simple development, just a smaller space between the piston and cylinder head, but a far-reaching change. The newer cars with more economy, longer life, lower first cost, give us speed and power unheard of in passenger cars a few years back.

The new Essex "Challenger," for example, offering seventy miles an hour, or "sixty all day long"—no car could stand such a pace before high-compression motors were developed.

But the newer cars brought out a fault—not a fault in themselves—rather in the lubricating oils they use.

Many motor oils form hard carbon—coke-like deposits that build up in layers inside your motor. Their refiners have always known this, but once it could be ignored—with big, roomy old-style motors. Not so today; there

is scarcely the thickness of a dime between the piston and cylinder head—no room for carbon.

Hard carbon causes knocking, engine strain, power loss. Flakes chip off and grind like grit through tight pistons and bearings, wearing them away more rapidly.

But in one oil, at least, science has overcome the carbon menace. This new oil forms only 1/3 to 1/5 as much carbon as even the most expensive oils you can buy! The little it does form is

soft and soot-like—a kind that blows harmlessly away through the exhaust.

It is Shell Motor Oil. Refined by a new high-vacuum process, this remarkable lubricant has other advantages, too. It withstands violent temperature changes without breaking down; keeps its sturdy body long after ordinary oils would disintegrate.

Motorists everywhere are acclaiming Shell Motor Oil as the answer to the high-compression lubrication problem—keep away from hard carbon!

SHELL MOTOR OIL

A Portland School Teacher Has \$100,000
---accumulated through savings and the power of Compound Interest

With an income assured that is far greater than she ever earned in the school room, this teacher is free to enjoy the latter part of her life in ease and comfort.

She can travel around the world -- she can see and do the things she has wanted all her life. She has become independent through systematic saving and the accumulation of the money that her savings earned.

A savings fund will double itself with compound interest without more savings being added to it. In less than forty years an initial savings fund of \$10,000, for example, would quadruple itself and amount to \$80,000. Estimate the additional amount that could be saved out of regular income over that period and the additional interest -- and the accomplishment of a school teacher in accumulating a hundred thousand dollars does not seem so unusual.

A savings account in this friendly bank is a start. We will be glad to discuss your savings program with you at any time.
