

Cove High Team Drops Game To Imbler, 39 to 11

By Mrs. J. R. Price
(Observer Correspondent)
COVE, Ore. (Special)—The baseball game resulted in a score of 39 to 11 in favor of Imbler High. This was the second game of the season, the next being a game with Enterprise, April 19, at Cove.

The Rev. W. M. Platt has been holding revival meetings at Enterprise for the last two weeks. Mrs. Platt accompanied him. The Rev. Mr. Wilson has been conducting the services at the Baptist church during Mr. Platt's absence.

Mrs. W. A. Elmer left for Arrowood, Alta., to be with her daughter, Mrs. George Williams, who is to be operated on Thursday. Word was received several days ago saying she had been very ill.

Mrs. Billie Guy Billie, Elsie and Esther Anderson and Mr. Henry Muir and his son were guests at a birthday dinner in honor of Miss Monty Brothers Monday evening.

The Woman's club is planning to give the last of the parties planned during the winter. This party was to have been given several months ago but the deep snows interfered at that time and it has been hard to find a suitable date since the milder weather. Mrs. A. G. Conklin, Mrs. S. H. Weiner, Mrs. Wesley Smith, Mrs. Ray Baum and Mrs. Ruth Springer are the committee in charge. April 27 has been set as the date.

Herrick Hearing Adjourned Today

COEUR D'ALENE, Ida., Apr. 18 (AP)—The attempt to unjangle some of the twisted skeins of Fred Herrick's complicated financial plans, a failure without record, the second hearing in the bankruptcy case against the former northwest lumber baron was adjourned today until May 23, when the records will be produced.

Although attorneys for creditors questioned the aged former millionaire most of the day, little was gleaned from his answers of "I don't know," or "the records will show that," to questions regarding the purported \$2,000,000 indebtedness that threw him into insolvency.

Without records, which he said were taken by the Spokane Merchants' association, Herrick was unable to give even approximate amounts he owed to banks and other institutions in many parts of the United States. The indebtedness, creditors' records show, range from a few dollars for supplies to a note for \$750,000 held by a Chicago bank.

C. E. SESSION HELD
SALEM, Ore., Apr. 18—(AP)—The first session of the Oregon State Christian Endeavor convention will be held here tonight at the First Presbyterian church. Most of the delegates, it is said, will be high school students. Governor I. L. Patterson, for the state, Mayor T. A. Liversley for the city and Rev. Charles E. Ward for the churches, will welcome the delegates tonight.

French Liner In Trouble Again

LONDON, Apr. 18—(AP)—The French liner Paris, fresh from a day and a half on a mudbank in New York harbor, grounded in the English channel today during a heavy fog.

The big liner went ashore near Eddystone light.

The Paris had sailed for New York from Havre, France, only this morning.

Lloyd's Landseid wireless station reported the following message from the Paris at 11:32 a. m. (4:22 P. M. T.):

"Want big tug to take us off rocks and take passengers if necessary."

MUKDEN, Manchuria (AP)—The Japanese owned South Manchurian Railway company is planning to add a steel plant to its iron works at Anshan to refine a portion of its pig iron output into steel. Three experts of its staff are to inspect the steel plants of America and Europe.

A Chicago woman offered a conductor a transfer that was 26 years old. Just like a woman to stand there all that time and be sure the car would come.

Minister's Wife Seeks Air Mark

324 Los Angeles Bureau
Mrs. Florence Lowe Barnes, wife of Mr. C. Rankin Barnes, Japanese minister of Pasadena, Calif., plans an attempt at Los Angeles to shatter the world's duration flight record by staying in the air approximately 48 hours. Her ship will carry 400 gallons of gasoline and 20 gallons of oil.

Announcement Extraordinary

THE G. J. BREIER CO.

Has maintained an independent position from the time Mr. Breier first started in business twenty-five years ago with less than \$3,000 capital. During this time our assets have increased over one million dollars (\$1,000,000) by reinvesting part of our earnings each year.

No permanent outside capital has ever been employed. We have always felt that we must be financially independent. We have steered clear of outside financial interests seeking to absorb us. We have enjoyed almost unlimited credit in both the large banking and mercantile circles due to the fine record we have achieved.

We have used this available banking support too liberally . . . as after all, it is only a loan . . . not invested capital . . . and may be withdrawn any time they see fit, on short notice.

Last year our volume was greater than ever before, our earnings were very satisfactory . . . yet we find ourselves now in a position where we must "bend the knee" to "the powers that be" and enter into arrangements unsatisfactory to us—or immediately pay off all obligations.

We are taking the public into our complete confidence. It is the manly, straight forward thing to do. Larger concerns than ours have been in a similar predicament. Wall Street tried to "corner" Ford once, you will remember.

The first alternative is repugnant to our sense of independence. We therefore have decided to raise through a
