

CATERPILLAR

**IT'S NOT THE PRICE OF WHEAT BUT
WHAT IT COSTS TO PRODUCE IT**

**You Can Cut Your Operating Costs
WITH A
"CATERPILLAR"
TRACTOR**

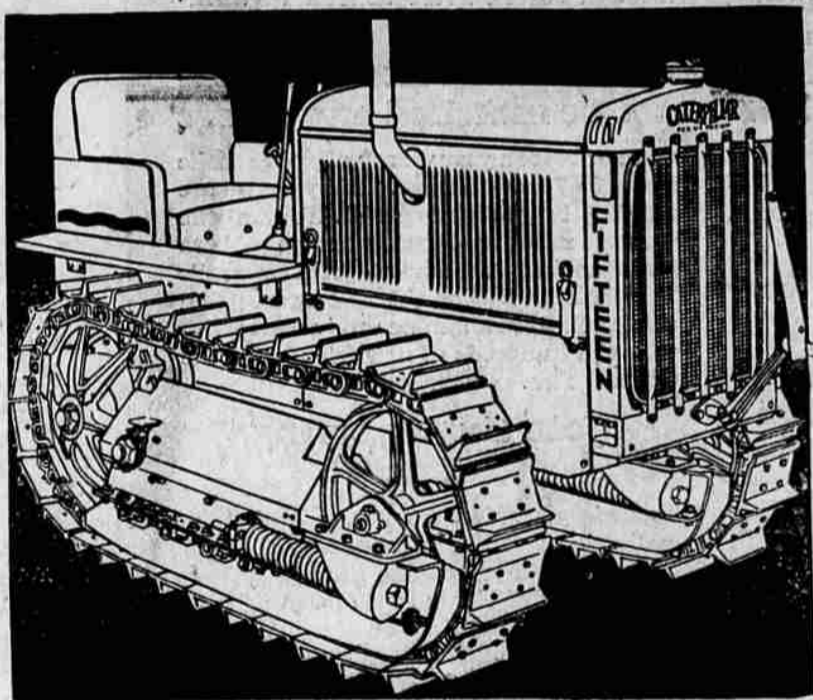

Wheat Growers who have Caterpillar tractors will tell you it "costs less" for them to farm now than it did when they used horses and mules.

Wheat Growers who have Caterpillar tractors and who keep accurate cost accounts will tell you they save as high as 50% by using this modern method of farming.

There Is A Size And Model To Meet Your Farming Need

**COMPARE
