Broad Advance In Wall Street; Closing Strong

NEW YORK, May 1 (AP)—Easing credit conditions and favorable trade news provided the background for another broad advance in prices in today's stock market. Revival of pool activity, and a marked expansion in public participation was reflected in an increased volume of trading. Extreme gains in the active issues ran from 2 to nearly 15 points, with at least 30 stocks pushed to new high levels for the year.

Call money advanced at 11 percent as against 14 yesterday, and dropped to 10 around midday. Violent fluctuations were resumed in the United Aircraft issues, the common soaring 15 1/2 points to a new high above 255.

The great interest in the final hour centered in a sprinkling of public utilities, motion accessories and food issues. Electric Auto Life rose 9 points, National Tea and Bosch Magneto 6 1/2 and Columbia Gas 2 1/2. Texas and Pacific railroad jumped 9 points to 379 1/2, a record price.

The market closing was strong. Total sales approximated 4,200,000 shares.

THE GARDEN

VEGETABLES FOR HEALTH

Summer squash, one of the most delicate of vegetables for late summer use and neglected for many years because it was not properly cooked, is now known to be of value as a health builder. It is an excellent source of supply of the great life giving and restorative building Vitamin A. It contains 209 calories per pound and 3.65 per cent protein to each 100 calories.

The summer squash is at its best and of greatest value as a food when eaten as a green vegetable and picked when only partly grown. In this manner boiled in its skin and served with butter like asparagus, it becomes a most attractive vegetable and one that will be a real novelty when first tried. The vegetable marrow is particularly valuable for this purpose. The eccellente or Italian squash, which is seen now quite frequently in markets, may be readily grown in the home garden as it is one of the vegetable marrow branch of summer squashes.

The white patty-pan squashes picked when the size of a silver dollar or a little larger are great delicacies.

When the summer squash is nearing maturity it is best served by slicing and frying it breaded as scallop is fried. In this manner the substance of the squash is saved and it can be handled easily. When boiled a little too much cooking reduces it to a watery consistency that makes it almost impossible to serve it.

Of the sorts for boiling or for baking the old-fashioned yellow crook-neck still holds its own and improved types of this ancient favorite now provide one of the finest of the summer squash varieties.

The summer squash contains most of the valuable mineral salts necessary for health, iron being the only one lacking in appreciable quantity. It is a vegetable not to be despised as being nothing to eat as it ranks with all the staple vegetables in its health-promoting qualities.

Salem Dealers Are Waging Gas War To Finish

SALEM, Ore., May 1 (AP)—With their average daily gasoline business reduced as much as two-thirds by the price cutting tactics of smaller operators on the outskirts of the city, the larger downtown service stations of Salem this morning put their gas price down to 18 cents a gallon.

Along with the reduction came the announcement that the price would remain at the 18-cent level until all of the dealers were willing to agree upon and maintain a fair retail price, or until the "price cutters" had been forced to close down.

Eighteen cents represents the cost price of gasoline to most of the dealers, although some of them are paying 19 cents.

Following the recent price war between the oil companies, local dealers agreed upon a retail price of 23 cents, but smaller dealers have been displaying price quotations as low as 20 cents here for more than a week.

The retailers have petitioned the oil companies for a reduction in wholesale gasoline prices to approximate the quotations made by the companies to large commercial users and farmers, which are as low as 12 cents a gallon. Representatives of one company advised his dealers here today that it would likely have "something bearing on the gasoline situation in Oregon to announce later in the week."

Three Bombings In Chicago; No One Is Injured

CHICAGO, May 1 (AP)—The "bombing syndicate" executed three contracts today with precision and efficiency.

At 2:08 a. m., a bomb exploded at the door of a Northwest side saloon and at 2:10 another at a saloon a few blocks away. At 2:13 a third went off in the doorway of a soft drink parlor in the district. Each caused about \$1,500 damage.

Two saloonkeepers shook their heads when asked the motive.

"I have been selling near beer only," said Joseph Kucharski.

The third old police box place and others in the neighborhood had been closed the day after the St. Valentine's day gang massacre and had not been allowed to reopen. Thursday the retail beverage dealers met and word was passed around that things would open up again May 1.

Paul Brackowski, police informer, was believed to have bought his beer from Claude Maddox of the Circus Cafe gang, sought for questioning in the Moran gang massacre and affiliated with "Scarface" Al Capone North Side cafe. Police believe gang rivalry for the reopening beer trade was the motive for the bombings.

Asa Keyes Is In Jail Hospital

LOS ANGELES, May 1 (AP)—The condition of Asa Keyes, former district attorney of Los Angeles county, was reported at the jail hospital today as "alarming" by Dr. Benjamin Blank, jail physician.

Keyes, who is awaiting action on his appeal from conviction on bribery charges, is suffering an acute attack of bronchitis and general weakness due to a kidney disease. He was not sleeping well and Dr. Blank ordered a nurse kept with him constantly.

Woman Is Killed In Freak Accident

PASADENA, Cal., May 1 (AP)—Mrs. Almina Eator was dead here today as the result of injuries received when she attempted to mail a letter.

She was about to drop the letter in a mail box when a truck crashed into a car and the car knocked the mail box over on her, fracturing her skull.

ARMY Flier Killed

SAN ANTONIO, Texas, May 1 (AP)—Lieut. J. C. Banta, Brooks field flier was killed today when an army plane crashed near here. Authorities at the field said the flier was attempting to make a 180-degree turn for a landing at the field when his ship went into a spin at an altitude of 400 feet. He was flying alone.

TWO AVIATORS FOUND DEAD IN BUSH COUNTRY

SYDNEY, N. S. W., May 1 (AP)—The traffic aftermath of the search for the airplane Southern Cross was closed today with the report from a land party of searchers that the body of Robert Hitchcock had been found under a wing of the airplane Kookaburra and the body of Lieut. Keith Anderson about forty yards away.

The land party was led by Lieut. Eator from Wave Hill in an effort to solve the mystery of the fate of the two aviators, who had made a forced landing in the wild bush of the northern territory while searching for the then missing airplane Southern Cross and Captain Charles Kingsford-Smith.
