Young People At Conference Held In Cove May 4-5

By Mrs. A. G. Conklin (Observer Correspondent)

COVE, Ore. (Special)—The Young Peoples conference held in Cove, May 4 and 5 was a decided success, the young people gaining inspiration from their discussion. The topic for discussion was "The King's Business." About twenty people including the adults were in attendance. The Rev. Herbert Presey, of Baker, the Rev. F. P. Sturges, of Cove and John Bradner, of La Grande, led the discussions. The conference was under the direction of Mr. Bradner. Young people from Pendleton, La Grande and Baker made up the group. The morning service at the Episcopal church was led by the young men attending the conference and the sermon was delivered by the Rev. Mr. Sturges. Tuesday evening is the occasion of the junior-senior banquet. It is rumored that the seniors will take a day off for their "Sneak day" this week and Friday the grades are all picnicking, each teacher taking her own group. Next Sunday the Methodist church has arranged a nice program to celebrate Mother's day and the other churches will join in the celebration.

I can see more trouble ahead if, when ever' buddy gets seated, the celer don't get around to Mrs. Gann before it's been passed over. Farmer Jake Bentley is plowin' ground.

Wedding of the Rose" by Jessel followed by a beautiful selection, "The World is Waiting for the Sunrise" played by a quartet, consisting of Messie McManus, Wydie, Helms and Loney. Teichakoff's "Two Dances," the "Pecko Dance" and the "Cossack Revels" were excellently rendered by the band and then the popular selection "Where the Sky Little Violets Grow" was given as an encore.

Mr. Knautz Sings

Paul Knautz sang the song "A Son of the Desert Am I" by Phillips, which was perfectly suited to his voice, and in response to continuous applause, sang "For You Alone" by Geeth.

The closing number on the program was an American fantasia "By the Swanee River" by Myddleton.

The concert was one of the finest ever presented in La Grande by local musicians and was thoroughly enjoyed throughout.

NEW PAPER MONEY TO ARRIVE HERE

(Continued from Page 9)

The \$1 bills will carry on their face a picture of Washington. The \$2 bills will portray Jefferson.

The \$5 bills will have Lincoln's likeness.

The \$10 bills will show Hamilton.

The \$20 bills will have Jackson's picture.

The \$5 bills will be embellished with a likeness of Grant.

The \$100 bills will carry Frank. lin's likeness.

The \$500 bills will contain McKinley's picture.

The \$1000 bills will be distinguished by a likeness of Madison.

And the \$10,000 bills, the aristocrats of the currency system of which there will be 50,000 or so struck off, will acquaint their owners with the likeness of Chase.

That job calls for the printing of more than 1,000 tons—upwards of 20 carloads—of the new money. A solid trainload of riches will be the output. Of course the currency will not be sent out in a single trainload from the bureau, but will be dispatched in shippable shipments to the various reserve banks from time to time as expedient.

The government estimates that it now purchases 1,000 tons of paper each year for the making of money and the new currency, which is nearly a third smaller in size, will make a saving of 500 tons annually.

This is the first change in paper money in the United States since 1861, the government announces.

Before you sympathize with folks who are miserably detesting if they enjoy being miserable. There are people who are never happy except when they're miserable.
