WORK STARTS ON NEW \$1800 HALL

Building at Cove Will be 28 by 68 Feet—J. R. Rundell is Contractor.

By Mrs. A. G. Conklin (Observer Correspondent)
COVIL, Ore. (Special)—Work began on the new French hall Thursday morning. The dimensions of the hall will be 28 by 68 feet instead of 18 by 56 as formerly stated. The length of the building will run from north to south as did the old hall, with dormitories in the south end. The hall will be well lighted with full length windows on both sides. The stage will be across the south end of the building. A force of five men is employed in order to hurry its construction so that it may be completed before summer school in June and also because the carpenters, J. E. Rundell and sons, have other work awaiting them. The cost will be around \$1800.

A meeting of the school board was held Monday evening at the office of K. J. Stackland to take care of the regular business and audit the monthly bills. Sealed bids for wood were presented and the contract offered to M. Loree, the price being \$4,800 a cord. The time for the budget meeting was set for Tuesday evening, May 21, at 8 o'clock at the school house. Three men appointed to serve at this meeting are H. S. Comstock, James Houston Jr. and George Gray.

A meeting of the library board was held at the library Tuesday afternoon at 4 o'clock with the president, Mrs. W. A. McNeill presiding. Others present were Mrs. Nellie R. Grace, librarian, Mrs. A. G. Conklin, vice president, Mrs. L. E. Anderson, secretary, Mrs. J. B. Mills and Prof. C. G. Springer. After the meeting was called to order, the librarian read her report and discussion followed on the needs of the library. The greatest need at present is for juvenile books, the

books on the shelves having been read until they are quite shabby and new ones are sorely needed. Mrs. Grace reports a gift of \$5.00 quite recently for juvenile books. The gift came through the Rev. P. F. Sturges and was given by a friend of the Rev. Mr. Sturges in the east. Two boxes of books called the "Little Libraries" came with the weed from the state library at Salem.

The high school chorus will give their annual concert tonight at the Maccabee hall. This concert is one of the choice events of the school year and their repertoire is even better than ever and includes not alone chorus work but solos, duets and instrumental music.

BOMB WRECKS PLANT

CHICAGO, May 10 (AP)—The dairy plant of Josef Wagner in Cicero has been protected for nearly a month against violence by an injunction, but a bomb, nearly wrecked the place early today. Wagner recently refused to join a milk dealers association and they threatened him, he said.

MOTORISTS ATTENTION! SPECIAL 1 WEEK OFFER COMMENCING SATURDAY, MAY 11TH

TRADE-IN TIRE SALE

Are your tires getting risky? Trade them off—they will save you money on the price of New Kelly-Springfields.

When you get new Kelly's you are getting the thick, husky tread which gives new protection from uneven tread wear. You are getting tires in which you know there is mileage, and plenty of it built in.

The prices are low—we have made them lower by taking your old tires off your hands. And now our extraordinary offer which lasts for ONE WEEK ONLY.

REGARDLESS OF CONDITION

We will take each of your old tires regardless of condition at the price indicated below. Additional allowance will be made on the basis of your unused mileage.

Sizes Not Included in this List in Like Proportion.	
\$1.00 and up for each	30x3 1/2
\$1.00 and up for each	31x4
\$1.50 and up for each	32x4
\$1.00 and up for each	29x4.40
\$1.75 and up for each	31x5.25
\$2.00 and up for each	33x6.00

KELLY-SPRINGFIELD TIRES

Kelly's are designed and built to deliver maximum service—and they do deliver it. There's no guess work about a Kelly Tire—from start to finish it is the result of expert designing, careful selection of materials and experienced workmanship.

OUR DOUBLE GUARANTEE

Regardless of mileage we guarantee Kelly Springfield Tires for one full year against any injury. This means you are protected against blow-outs, stone bruises, rim cuts, or any form of road hazard for one year. We further guarantee the tire for its lifetime against all defects in material and workmanship.

Unusual Form of Insanity Saves Chicago Women

CHICAGO, May 10 (AP)—An unusual form of insanity, refused admission as a defense in the Snyder-Gray murder trial in New York, save a woman and her daughter from possible capital punishment yesterday in what of Helms believe to be the first case where it has been accepted by a law court in the United States. "Folie a deux" (literally "folly of two") was the defense offered in behalf of Mrs. Clara Fischer, 57, and her daughter, Ethel, 31, who strangled their husband and father, Jacob, with his necktie while he was dressing April 13.

Dr. Francis J. Gerty, superintendent of the psychopathic hospital, explained that the madness was, roughly, a "joint insanity." The mother had been afflicted all her life, he stated, and the daughter had developed it within recent years, until both had an identical complex. In their case, according to their testimony and that of Dr. Gerty, it caused them to believe the father was the head of a cult called the "Devil's Forceps," and had cursed them.

The jury returned a verdict of "murder while insane." Judge John J. Sullivan committed the mother to the state insane hospital at Elgin and the daughter to the asylum at Kankakee.

DUPONT TRUST CREATOR

CHARLOTTESVILLE, Va., May 10 (AP)—The late Philip Francis Dupont of Fairville, Pa., was revealed today as the creator of the trust of \$6,000,000 for the benefit of the University of Virginia. Announcement of the trust was made nearly a year ago but the name of the donor was not given.

Birds on the Wing

Here in America men appears to have reverted to the ancient nomadic strain. We fit from one movement to another on moving days. We move from city to city as our 1-stress beckons. We peripatete between town, sea-shore and lakeside. Our savage forebears chased the herds; we chase the sunshine. In us as in them, is a restless longing for change of scene.—Women's Home-Companion

A Boston man gave up golf in order to win a girl. Reform is difficult but they say a good woman often can make a man out of the poorest kind of material.

Champion

I use California's Famous Gasoline of Power

SPEED... power... mileage! Perfect scurbaration under every condition! Each of these qualities, desirable in a gasoline for every day motoring is absolutely essential in the grinding blur of the speedway.

Nowhere else is the performance of your motor so entirely dependent upon perfect fuel and lubrication. A few seconds less; failure to respond with instant acceleration; inability to maintain heart-breaking bursts of speed means loss of fame and fortune to the man behind the wheel?—sometimes life itself.

"No driver would jeopardize his chance of victory with any but the finest gasoline that can be had... gasoline that has actually been tested and proven under every conceivable condition. It is significant that for more than six years the greatest drivers in the world—men with the choice of every gasoline made—have used Richfield exclusively.

"I have used Richfield Gasoline and Richfield Motor Oil in my greatest victories and world's records ever since I commenced racing. For every day use in the present day motor Richfield is unquestionably the finest motor fuel that is made. I would never think of using any other because I know by actual test it means maximum motor efficiency and minimum depreciation." (Signed) Harry Hartz.
