# Wheat Irregular In Chicago Mart; Trend Downward

CHICAGO, May 10 (AP)—Wheat prices turned downward afresh today after an irregular start. Something of an upward trend shown at the outset was ascribed largely to the fact that the United States government crop report indicated less of a big yield than was generally expected, but the curtailment was asserted here to be due to a change in the official basis of computing, rather than to an altered crop outlook. Opening ¼c off to 1¼c up, wheat later declined all around. Corn, oats and provisions were easy, with corn starting unchanged to ¾c higher, but subsequently showing set backs.

Wheat closed nervous at ¼c net decline to ½c advance, corn ½c to ¾c up, oats ¼ to ⅝c off, and provisions unchanged to a setback of 2c.

### Memorial to Peace

The Portal of Peace is a massive concrete structure in the form of a gateway. It is located at Blaine, Wash., and was dedicated September 5, 1921, in honor of the peace between the United States and Canada, which had lasted for more than 100 years without a break. The memorial, which cost $40,000, stands 100 yards from the international boundary where the forty-ninth parallel meets Boundary bay.

PORTLAND, Ore., May 10 (AP)—The first carload of American grown tomatoes reached the local market today from Texas and another is expected Sunday. The stock that came in today was reported to be too green for immediate marketing but may be ripe enough for the retail trade by Monday. ### WOOL REPORT

BOSTON, May 10 (AP)—The Commercial Bulletin tomorrow will say: The week has passed quietly on Summer street. Wool prices have shown little change on fine descriptions, although medium qualities are slightly easier.

In the west there has been more or less nibbling at the new clip but no pronounced buying movement seems to have been in evidence anywhere. Prices paid have been about on the levels established last week with fine wools bringing the equivalent of about 90 cents.

Clean basis at Boston The Jericho pool has withdrawn from sale on a high bid of 284 cents.

The foreign markets are a bit easier except on the lower qualities of cross breds.

The manufacturing position is regarded as healthy, though less active at the moment

Mohair is steady on the basis of last week's prices.

## BULLS ACTIVE; WALL STREET CLOSE STRONG

NEW YORK, May 10 (AP) —A sharp revival of bullish active was Wall streets response today to a series of favorable overnight credit developments and a drop in the call money rate to 6 per cent for the first time in more than a month. Buying orders poured into the market in tremendous volume, lifting scores of issues up 2 to 10 points, with nearly two score elevated to new high levels for the year. Pool activities were resumed on a broad scale and the rapid advance in some of the specialities indicated the urgent retreat of an overcrowded short interest.

U. S. steel and General Motors, neglected earlier, were taken up in the later buying which lifted commercial solvents 13 points to a new high at 365. Chesapeake corporation got to 94 for a seven point gain and Erie was up four. Public utilities were inactive demand. United Corporation selling well over 70. Low priced oils, especially Sinclair, also reflected new speculative buying. The close was strong.

Sales approximated 3,900,000 shares.

# HEADACHES

Nine times out of ten the real seat of headaches is in the kidneys, bowels or stomach; it is a reflex symptom of digestive or eliminative trouble. The tenth time the eyes, or in comparatively rare cases, the brain, is the organ involved.

To correct a headache, correct the cause. If there is a poor digestion or imperfect elimination, spinal adjustments directed to relief of pressure on nerves leading to the organ at fault are the most effective means of securing real and permanent relief.

By my chiropractic health methods I correct diseases of all organs of the body.
