### DR. MAYO SPEAKS

SACRAMENTO, Cal., May 14 (AP)—The formula for keeping young is to live with the young. Dr. William J. Mayo, one of the founders of the Mayo Institute in Rochester, Minn., told 200 Northern California physicians at a dinner given in his honor at Woodland, Yolo county last night. "Although I am old in years the dreams of young men with whom I am associated have kept me young mentally," Dr. Mayo told his fellow physicians. "The formula for keeping young is to live with the young. I take a close personal interest in education of young people and the stimulus of seeing our modern educational system making this world a better place in which to live is the most invigorating thing I know."

### Spring Grain Is All Seeded Now At Ladd Canyon

By Mrs. Charles Grandy (Observer Correspondent)  
**LADD CANYON** (Special)—Most of the farmers who produce spring-sown grain in this section have it all seeded now, and are anxious for a good rain, as the ground is very dry. The fall sown grain is in splendid shape in spite of the absence of moisture. The school children are looking forward to next Friday, May 17, when school closes, after a successful nine month term, taught by Miss Blanche Whiting, of Mt. Glen.
