## Wallowa County Girl On Stage, New York City

By Mrs. William Wiggins (Observer Correspondent)

**LOSTINE, Ore.**—(Special)—A former Evans girl appeared on the New York stage, which was of much interest to local residents, when Miss Edith Hann was employed by the Paramount company of New York. She has been touring the United States with Gould Sisters of the Public Review.

The funeral of Ed Berlund was held at Enterprise Saturday and was conducted by the Rev. Hal K. Wallie of the Methodist church. The cause of his death has been traced to canned home grown beans. Mr. Berlund tasted them and remarked how fine the flavor was. He then cooked them and they were eaten by the rest of the men with no ill effect.

Deer and elk have been seen in great numbers the last few weeks by farmers near their homes. They appear quite at home and not the least bit wild.

One car of hogs shipped Saturday from Enterprise by Henry Hansen were down to a top of \$12.10 in Portland Monday.

Officers of the Blake Marble and Lime company are working steadily on a plan whereby the plant will be working on a profitable basis. Representatives of the Pacific Lime company of Canada are expected in a few days and a plan of action is being formulated. The cause of the plant, Roy Mays, of Bremerton, Wash., a coal mine operator, was here Monday looking over the property and it is hoped that the plant will be operating on a paying basis in the near future.

A group of 20 of the Wallowa business men have organized a golf club and a tract of land has been leased by these men from the city farm on Diamond Prairie. The officers of the club are Supt. O. F. Campbell, president; Dr. T. F. Jones, vice president and E. C. Vaughn, secretary. The grounds are already being worked on and an ideal course is anticipated.

Cooley Laire, of Massville, had the misfortune to wreck his car at the bridge at Horse Creek Saturday evening while returning home from La Grande. The cause of the accident was said to have been the bright lights of an approaching car. Jack Horner's car turned over Tuesday night near the Ed Hook farm north of Lostine when a spindle bolt came out of the wheel. Fortunately no one was injured more than minor bruises and scratches.

Now that John F. Curry has been named chief of Tammany Hall, many of New York's political aspirants probably will groom themselves for Curry favors.

## WHEAT DOWN TO NEW LOW LEVEL

Quotation is Within One Cent of a Dollar—Lowest Since 1915.

CHICAGO, May 18 (AP)—Wheat went down today to the lowest price May delivery in Chicago has touched since 1915 and within a cent of one dollar per bushel. Foreigners led the selling, which was based on over plentifulness of supplies and on crop prospects pointing to additional big accumulations. Starting 5 1/2 to 1 1/2 lower, wheat afterward showed some recovery. Corn, oats and provisions were relatively firm with corn opening unchanged to 1c higher, and subsequently scoring a general uptick.

Wheat close unsettled 1/4 to 1/2 net lower, corn 7/8 to 1 1/2 up, oats unchanged to 1/2 advance, and provisions varying from 10c decline to a rise of 2c.

**Everything you want or need in a modern automobile**

*There is nothing quite like the new Ford anywhere in quality and price*

**NEW FORD PHAETON**  
A roomy touring car, in a choice of beautiful colors. Windshield and windshield wings are made of Triplex shatter-proof glass.

UNTIL you ride in the new Ford—share its comfort—know the thrills of guiding it easily and safely through thickest traffic or stepping it up on the open road, you cannot begin to appreciate the value that has been built into this car.

It is difficult to believe that so much beauty, quiet, comfort, safety, speed and power can be had at such a low price. It would be impossible if this new car were made by anyone but Ford.

The low price of the new Ford and its exceptional performance are the result of manufacturing practices and economies as unusual as the car itself. The new Ford is more than a new automobile. It is the advanced expression of a wholly new idea in modern, economical transportation.

For here, at a low price, is everything you want or need in an automobile—beautiful low lines and choice of colors . . . four Houdaille hydraulic two-way shock absorbers . . . Triplex shatter-proof glass windshield . . . fully enclosed, silent six-brake system . . . vibration-absorbing engine support . . . quick acceleration . . . 55 to 65 miles an hour . . . typical Ford economy, reliability and long life.

Come in and let us demonstrate the performance of this car. You'll get a real thrill in driving it.
